NEW LEGISLATION NOT NEEDED

Nearer And Nearer Comes Santa As Party Speeds To New Castle

Latest Message From Santa Claus Says He Will Reach Lawrence County Late Thursday Night, Ready For Big Reception Here On Friday Morning

By THOMAS DARE
By Radiogram to New Castle News

ON BOARD THE DIRIGIBLE CHEERIO (Via Winnipeg, Man., Can.)—As this is being broadcast from the dirigible Cheerio, the town of Winnipeg, Manitoba, Canada, is looming up in the distance. I could have waited until we got to Winnipeg, of course, but Santa Claus wanted this message to get into Tuesday's issue of the New Castle News and it will be half an hour yet before we land in Winnipeg.

Yesterday I told you that we expected to leave Seattle, Wash., by airplane on Monday night, bound for New Castle. We had some hard luck when the S. S. Joyland broke a propeller shaft in hitting a school of polar bears and we were forced to put into Princess Royal Island. What a trip that was from Princess Royal to Seattle, Wash.

Reindeers Nearly Flew

The rest the reindeers got on board ship did them good, apparently, and then Santa gave them a little sugar to urge them on. I wish all you boys and girls could have seen the way we traveled between Princess Royal and Seattle. Dasher and Dancer and Prancer and Vixen and Donner and Blitzen seemed to fairly fly over the ground. Over the Cascade Mountains we went, mile after mile, around Mt. Rainier and on Monday afternoon we pulled into Seattle.

I thought we would have an airline waiting for us, but instead of that there was a huge dirigible, a long cigar-shaped airship with three passenger compartments slung underneath. Up in the front compartment or basket is the captain of the dirigible with his crew.

In the second compartment right in the middle of the dirigible is Santa Claus, Mr. and Mrs. Tautuk and Nuctooh, the Good Fairies, The Old Woman Who Lived in a Shoe, Mother Hubbard, The North Wind, Jack Frost and the Brownies and myself.

Reindeers and Gifts

Back in the third compartment, with plenty of straw on the bottom, are the reindeers, the sleigh and the huge pack of gifts Santa Claus has for the good little boys and girls of New Castle, Pa.

My, what a wonderful trip it was from Seattle to Winnipeg. The dirigible was waiting for us right on the shore of Puget Sound, and at three o'clock Monday afternoon we boarded it. To get into it we had to go up in a basket to the top of the mooring mast and by three o'clock we were ready to cast off.

As we cast off the lines there was a little swaying and as I looked over the side of our basket it seemed as if the ground were leaving us. Higher and higher we went, and then the captain pointed the nose of the huge dirigible directly towards Winnipeg.

You have heard of Medicine Hat, where the weather is always so cold, and of Moosejaw. We passed over both of these pretty little towns, flying high. We dropped messages of good wishes to them, but we couldn't stop, for our schedule calls for us to be in Ottawa Wednesday night, and Thursday night we expect to land near New Castle, on a big farm.

This dirigible is the most complete thing you could imagine. In our compartment we have a radio broadcasting apparatus, nice, big, easy chairs, and plenty of room.

Santa Tells Story

Of course, Santa Claus had to tell a story to while away the time, and as we were flying over Canada he gathered us all round him and told us the story of Christmas. Perhaps you, too, would like to hear it, so I am sending it to you.

This is the story Santa Claus told.

Christmas comes but once a year. This should not mean to us that we should forget all about Christmas until Christmas Day, for the more we think of it and the oftener we think of it, the more we will enjoy it.

Christmas is celebrated each 25th day of December. The reason this is done in joyous memory of the anniversary of the Christ Child who was born nearly two thousand years ago in a manger in Bethlehem in far-off Palestine.

Exchange the real estate you own for other parcels which better suit your needs. The Classified ads will aid you to swap or sell.

Pageant Plans Nearly Complete

Meeting This Afternoon To Determine Parade Formation For Friday

SPECIAL COSTUMES FOR 500 CHILDREN

Plans are shaping up well for the Santa Claus pageant to take place here on Friday morning, at 11 o'clock, according to announcement of Rex Patch, general chairman, this morning. With weather conditions such as experienced during the past few days, there will be just the right kind of conditions for the affair. Reindeer thrive on this kind of weather.

The pageant will start on North Jefferson street and will move along Washington street from the Diamond to County Line street and return.

A meeting is being held this afternoon at the office of Attorney George Muse, chief marshal for the day, when arrangements will be completed for the formation of the parade that will act as the welcoming escort to Santa Claus.

Special Costumes

Some 500 tickets are being distributed to school children, Mr. Patch announces. These tickets will be given out after the teachers select those to whom they are to be given. The pupil will present the ticket at the Y. W. C. A. gymnasium on Friday morning, and this will

REPORT 22 ILL AFTER DINNER

Health Officials Investigate As To Probable Cause—Suspect Food Source

Members of two families and one guest, or 22 persons, residing in Maitland street, are recovering today after having been made ill, it is believed by city health officials, from food served at a dinner a few nights ago. Four persons are still confined to their beds.

The families affected are those of T. DeCarbo and P. DeCarbo. Eleven members of the T. DeCarbo family and a visitor became ill as did eight members of the P. DeCarbo family.

According to city health authorities the two families reside in adjoining houses. The evening dinners in each home was partaken of by only the members of each family, excepting the guest.

Health bureau attaches claim that when each family sat down to dine the food included meat, noodles, tomatoes and it is reported the noodles eaten in each home came from the same flour.

After the dinner members of each family felt ill and when several others complained, a local physician was summoned.

City health attaches were ordered by Dr. William L. Steen to conduct an investigation.

Today it was reported that all of the persons who became ill had recovered excepting four who are in bed. However, their early recovery is expected.

DEATH RECORD

W. J. Calvin, 65, 319 Winter avenue.

Mrs. Susanna Wimer, 84, Worth township, Pa.

Golde Garner, 38, New Wilmington, Pa.

Big Barn Burns Monday Afternoon

East Brook Road Farm Is Scene Of Blaze—Loss About $4,000

CATTLE RESCUED; SOME INSURANCE

Fire, the cause of which is unknown, on Monday afternoon destroyed the large bank barn on the Attorney William J. Moffatt farm on the East Brook road in Hickory township and its contents, which belonged to Mike Barbish, the tenant on the farm.

The loss sustanied is placed at $6,000 on the barn, one of the largest bank barns in the county, and $4,000 on the contents, which included large quantities of various crops and farming equipment. Two thousand dollars insurance was carried on the barn by the owner.

The fire was discovered shortly before 2 o'clock, three persons making the discovery about the same time. Mrs. Barbish, wife of the tenant, saw the flames bursting forth just as they were also discovered by John Crowl of this city, who was driving along the road, and a third man who was enroute to his home at the time.

Crowl, a young man, rushed to the barn and succeeded in getting some 20 head of cattle from the basement of the barn into the open and safety.

The city fire department was called and Chief Charles H. Lynn and Fireman Byron Zeitler answered but a short time after the discovery of the fire. The barn and contents were a mass of ruins by the time they reached there. Owing to the fact that there were no means of fighting the fire in the vicinity, there was nothing that could be done, except take precautions against spread of the blaze.

As far as could be determined when the blaze was first discovered, the fire had its inception at the head of the stairway leading from the main floor to the basement or under part of the barn, where the cattle were housed.

The Moffatt farm is one of the best known rural properties in the county and the barn probably the largest and best built of its type in the district.

Hope To Break Ice-Pack And Free Vessels

Greatest Ice Jam In Lake Marine History Expected To Be Broken Today

(International News Service)

DETROIT, Dev. 7. — The greatest ice-jam in the Great Lakes marine history, which held 121 ships imprisoned in the Channels of St. Mary's River, near here, was expected to be completely broken today. Thirty boats already have been freed from the ice.

Marine men predicted the 91 boats locked in the down-bound channel, and about 20 more waiting above the river for passage, would be diverted to the up-bound channel, which was cleared yesterday.

The movement of the entire up-bound fleet occurred just as captains were despairing of getting out of the ice prison before spring. As hope was dying, two tugs, the Iowa and Sabin, succeeded in liberating three steamers. They were the George F. Rand, Agawa and Hobart W. Smith, shortly afterward three others were freed. Then the remainder of the up-bound fleet was able to move.

Order Plans For New Junior High School Be Made

School Board Members Discuss Building Project At Length Monday

COST OF BUILDING OCCASIONS DEBATE

Tentative Plans Call For Structure To Take Care Of 1,200 Students

After a discussion lasting until nearly midnight, the New Castle School Board on Monday night authorized Architect A. L. Thayer to proceed with the preparation of plans and specifications for a junior high school to be erected on the Euclid avenue site recently purchased.

The new school will contain 32 class rooms, a double gymnasium, a cafeteria, an auditorium seating 2,000, a swimming pool, a teachers' rest room, music room, art room, science laboratory, manual training room, domestic science room, a locker room for 2,000 and the usual toilet facilities.

The plans as now drawn show accommodation for 1280 pupils. However the auditorium and locker rooms will be large enough to accommodate 2,000 as in case of additions to the school, these would not have to be enlarged.

Probable Cost Debated.

Mr. Thayer had an artist's drawing of the proposed building, and every member of the board was pleased with it. Of brick construc-

May Need New Jury Panel In Canton Trial

Ten Jurors Are Tentatively Selected As McDermott Trial Resumes

BY PAUL E. BROKAW
International News Service Staff Correspondent

COURT HOUSE, CANTON, Ohio, Dec. 7.—Possibility of drawing a new panel of prospective jurors that will eventually be called upon to pass upon the fate of Patrick E. McDermott, on trial here in connection with the murder of Don R. Mellett, murdered Canton publisher, loomed today.

Although ten jurors had been tentatively seated and another was expected to be chosen this morning from the remaining twenty-eight members of the original panel of 62, it was predicted that when the state and defense begin to exercise their peremptory challenges the entire remaining list would be exhausted.

The accused man, who was sought by police and private detectives throughout the land for three months before being "turned up" by his family near Nanty Glo, Pa., sat throughout the tedious jury selecting task thoroughly composed and with the air of a debonair young attorney.

HENNESSY HOME DAMAGED BY FIRE

City firemen were called to the home of P. J. Hennessy of 107 Smithfield street this morning at 7:35 o'clock when a picture hanging over a stovepipe opening in a chimney, which was not properly protected, caught on fire. It was set on fire by burning soot. The loss was about $10.

Dry Officials Victims Of Kidnapping, Safe

(International News Service)

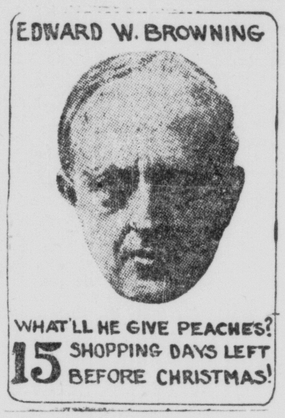
NEW ORLEANS, Dec. 7.—V. D. Jackson, dry chief for the Gulf Zone, today notified the state department of the safe arrival in Puerto, Mexico, of the run runner Arsene J., which broke arrest a week ago and "kidnapped" two prohibition officials aboard.

Assistant Administrator J. B. Matthews and Coast Guardsman Handley are safe and apparently have been in control of the rummer since she eluded her captors off southwest pass. Matthews wired that the schooner was turned over to customs officials in Puerto.

Matthew's cablegram read:

"Arrived here Monday at 10 a. m., with Arsene J. and crew. Handley with me. Customs officer has schooner in charge. Crew of schooner under arrest. Cable instructions care Acting American Consul J. Starks."

Jackson said he would ask the advice of the state department regarding whether the Arsene J. would be brought back to this port.



Continue Hunt For Fugitive In Wisconsin

Coroner's Jury Lays Blame On Erdman Olson, College Youth

LETTER PROVES IMPORTANT CLUE

(International News Service)

PRARIE DU CHIEN, Wis., Dec. 7.—The search for Erdman Olson, 18-year old Gale college student was intense today following the coroner's inquest which named the youth as the slayer of pretty Clara Olson, 22 year old farm girl, whose body was found in a shallow grave near Rising Run, Wis.

Accuse Youth

Less than 15 minutes after the last of fifteen witnesses had testified at the inquest over the girl's body, the jury reported the girl had come to her death "by a violent blow administered by Erdman Olson on the left side of her head, causing fracture of the skull, probably in the early morning of September 10, 1926."

A letter found on the girl's body, alleged to have been written by Young Olson, had much weight with the coroner's jury. This letter outlined a plan for an elopement on the night of September 9. The letter implied that the girl's expected child would have a name and advised her "if you wish to avoid disgrace, do as I say and keep mum."

A sister of the murdered girl testified the handwriting was that of Olson's. The letter was unsigned.

Abandoned Auto Found By Police

An abandoned Overland touring car was found Monday by the police on the circus grounds at North Cedar street and Mahoning avenue. It bore Pennsylvania license B 35 243. The police on looking up the license number found that it was listed in the name of Joseph F. Crouch, Wampum R. D. No. 2. The owner of the license has been notified. It is thought possible that the machine was stolen.

Postal Receipts Show Increase

(International News Service)

WASHINGTON, Dec. 7.—Postal receipts for the leading 50 industrial cities jumped 8.75 per cent last month as compared with November 1925, the post office department announced today. Receipts for November 1926 were $3,223,464.97, as compared with $2,963,976.26 last year.

Springfield, Ill., led in percentage increase showing 33.17.

Firemen And Police Ask Salary Increase

Firemen and police employed by the city of New Castle have presented petitions to city council requesting salary increases.

Firemen have asked an increase of 50 cents a day, while police have requested a 10 per cent raise.

Both branches of the service receive $137.50 a month.

The petitions were filed by council.

Complete text of President Coolidge's message to congress as read to the members of that body today, is printed on pages 16 and 17 of this issue.

Arrest Negro For Jewelry Robbery At Farrell Store

Local Negro Is Accused Of Theft Of Diamond Rings At Farrell

MAKES LIBERTY DASH, BUT FAILS

Police Announce That Suspect Makes Confession Of Crime

James Mitchell, aged 29, negro, and resident of Neal street, this city, following his arrest last night about six o'clock by Officer Ray Thompson, on suspicion of being the man wanted in connection with a recent jewelry store robbery in Farrell, Pa., made a break for liberty, which ended at the brink of the Neshannock Creek.

Cornered in the rear of the Gunton Motors company garage, it was either take to the water and run a chance of being shot or turn back and be arrested. He chose the latter.

Taken to the police station, Mitchell made a confession to a representative of Pinkerton National Detective Bureau, and officers of the New Castle police force, according to local officers.

The fact that he was the man wanted in connection with the robbery at the Norton Jewelry company in Farrell about two weeks ago, was established by the work of Officer Robert Letera. Information secured by this officer led to the discovery of the identity of Mitchell as the man suspected and recovery of one of three diamond rings valued at more than $1,000 by Officer Thomas Lynch and the representative of the Pinkerton Detective Bureau.

Breaks Jewelry Store Window

According to the statement of Mitchell, former employe of the

Babcock Testifies In Actress' Suit

Former Mayor Of Pittsburgh Is Witness For Millionaire Defendant

OTHER WITNESSES TELL OF ACTIONS

(International News Service)

PITTSBURGH, Pa., Dec. 7.—E. V. Babcock, Allegheny county commissioner and former mayor of Pittsburgh, was called today as a defense witness at the hearing on Anne Caldwell's $500,000 breach of promise suit against John W. Hubbard, Pittsburgh millionaire.

The county commissioner denied on that witness stand that Hubbard had introduced the New York actress to him as his future wife.

Absolutely Sure?

"You are sure of that?" inquired Attorney Rody Marshall, chief defense counsel.

"Absolutely", Babcock replied.

"If any person was introduced to you as the woman who was to take the place of his former wife, you would have remembered it?"

"Yes, I surely would".

Marshall sought to discredit the statement of Miss Caldwell that Hubbard introduced her to many of his influential friends as his prospective wife, only to repudiate their "engagement" after she returned from California, where she entered the movies.

The witness explained that he and Hubbard were close friends; that his daughter and Hubbard's daughter were inseparable pals.

Under cross-examination by Attorney Earl Reed, Miss Caldwell's counsel, Babcock said he might have met the plaintiff, but he did not recall it. "Hubbard introduced me to many girls", he said.

When Babcock was excused Attorney Marshall summoned Frank Conley, Pittsburgh, and Norman Bel Geddes, movie director, but neither was in court. H. A. Davis, coal operator, was the next defense witness.

Tells of Boat Trip

Davis told of meeting Miss Caldwell in company with Hubbard on a boat trip in 1922. The witness also said he saw the plaintiff with a friend of his, named Coulon, sitting in the bow of the boat, "apparently enjoying each other's company."

He cautioned his friend about "cutting in" on friends of Hubbard, Davis testified, to which Miss Cald-

President Coolidge Urges Congress Not To Try Experiments

Steady Continuation Of Successful Measures Now In Effect Urged By President In Message To Congress This Afternoon—Message Longest Coolidge Has Ever Presented—Says Country Is Peaceful And Prosperous

By GEORGE R. HOLMES
I. N. S. Staff Correspondent

WASHINGTON, Dec. 7.—The nation is peaceful and prosperous and what it needs most is not new legislation, nor experimentation with with untried theories, but rather "a steady continuation of those which are already being crowned with such abundant success".

This was President Coolidge's reassuring message today to the dying session of the 69th Congress.

It was a plea to Congress not to rock the boat in the 12 weeks it has to live, but to proceed methodically about the business of making minor adjustments to the governmental machinery here and there.

The message was the longest Mr. Coolidge has ever delivered to Congress, despite its lack of outstanding feature.

He discussed every phase of governmental activity, and pronounced conditions in the main to be excellent. It was so long he did not attempt to deliver it in person, but left it to reading clerks in both houses.

His chief observations and recommendations were:

Taxation: This is no time to attempt general tax reduction. Through strict economy, the treasury has a surplus of $383,000,000. This should either be returned to taxpayers in the form of a credit on next year's income tax payments, or devoted to reduction of the publicic debt. "It is for Congress to decide."

Prohibition: Local authorities should lend more assistance to the government in enforcement. People have a right to disagree with the law, but as long as it is here it should be enforced. Congress should enact whatever additional legislation is necessary to correct existing faults in the enforcement machinery.

Foreign Relations: America is at peace with the world and plans to continue so. "We are strong enough not to be sensitive over trifles; we fear nobody and nobody fears us." America is willing to continue disarmament whenever other nations are willing.

Mr. Coolidge did not mention the Mexican controversy at all.

Agriculture: Agriculture is slowly recovering from its post-war slump. There are bad spots, but in the main the picture is pleasing. Cotton producers should reduce their acreage one-third. The government stands ready to give aid in promoting credit and co-operative effort, "but there are certain pitfalls to be avoided," and "it is necessary to avoid putting the government in the business of production, marketing or price-fixing."

"We are spending many millions each year to increase farm production. We ought now to put more emphasis on farm marketing."

National Defense: The army and

(Continued On Page Five)

Temperature Here Drops To 10 Above

Below Zero Mark Is Hit In Some Parts Of State Say Reports

New Castle and vicinity shivered early today from a temperature that was unofficially reported at 10 above. Other cities throughout this section reported temperatures slightly under the zero mark.

The thermometer took a short upward about 8 o'clock this morning and it was reported that the mercury stood at 20 degrees. Warmer weather is predicted by the weather bureau for tonight and Wednesday.

The weatherman is inclined to believe that rain will hit this section either tonight or Wednesday, which if true will cause a rather precarious footing. The ground today is covered with a heavy snow and sleet.

(International News Service)

Report Below Zero

PITTSBURGH, Dec. 7.—The extreme cold weather held Western Pennsylvania in its grip overnight, sending the mercury as low as 15 degrees below zero in certain isolated sections, has passed, the U. S. weather bureau announced today.

The cold wave swept across the state and down the Atlantic seaboard, the weather charts showed. It will be followed in Western Pennsylvania by rain tonight, the forecaster said, which will freeze before morning, covering the section with a thin coat of ice.

The coldest temperature reported here over night was 13 above, but sections of Warren and Potter counties reported an unofficial low mark of 15 below. Several counties reported 12 degrees below, including Venango, Center and Crawford.

Telephone and tlelegraph service was seriously hampered by the cold wave.

BELOW ZERO IS REPORTED

(International News Service)

FRANKLIN, Pa., Dec. 7.—With the mercury at 12 below zero, Titusville today set a new record for early December in this district.

Rockland reported 10 below early today, while Grand Valley, in Warren county, registered 12 below, Franklin recorded 2 below and Oil City reported 1 below.

Life Sentence Given Bandit

(International News Service)

NEW YORK, Dec. 7.—John "Bum" Rodgers, notorious bandit and jail breaker, today was sentenced to life imprisonment by Judge Barrett in Bronx county court on the charge of carrying a concealed weapon. The heavy sentence was mandatory under the new Baumes law because of Rodgers' long criminal record.

Before being led away hand-cuffed to two deputy sheriffs and guarded by three others, the famous "Bum" was denounced by the judge as an ordinary criminal, without any of the spectacular traits attributed to him by the public. Rodgers had nothing to say.

King Ferdinand Reported Improved

(International News Service)

BUCHAREST, Dec. 7.—The condition of King Ferdinand, who underwent a minor operation yesterday, was described as satisfactory in the last bulletin issued.

The operation is expected to prolong the life of the king and ameliorate the effects of the more serious malady which he suffers.

Arthur Mometer

The painter has finally got around, and he's fixing the jigger today, and just what the score is, how low or high, is some thing I cannot say. For he's taken the cover from off the thing, and left just the little glass tube, and this morning I looked and I looked and I looked, and acted quite like a poor boob. So until he returns it I'll have to just guess whatever the weather will be, today I would say that its still pretty chill, and it should be about twenty three.

John McCormack, Well-Known Tenor Doheny Witness

Internationally Known Singer To Testify As To Character Of Doheny

OIL EXPERTS TO OFFER TESTIMONY

By GEORGE E. DURNO
International News Service Staff Correspondent

WASHINGTON, Dec. 7.—John McCormack, the internationally-known tenor, was scheduled to take the witness stand voluntarily today at the Fall-Doheny conspiracy trial and testify to the good character of E. L. Doheny, the millionaire oil operator.

Behind him will come a number of oil experts, called by the defense in an effort to convince the jury that the oil leases former Secretary of the Interior Albert B. Fall gave Doheny were good leases from every viewpoint. Defense counsel may be blocked in this as Justice A. A. Hoehling already has sustained a prosecution objection to questioning on this line.

Considerable speculation is being caused by the persistent report that Frank J. Hogan, chief defense counsel, plans to put all three of the Dohenys on the stand to testify in their own defense. Mrs. Doheny kept the torn-off signature of the note for $100,000 Doheny loaned Fall, and the son carried the money to Washington in a leather satchel.

It is not understood, however, that Fall will subject himself to cross-examination.

Another "surprise witness" is thought to be Edwin Denby, former secretary of the navy. He was reported to have been seen around the office building suite of the defense yesterday.

Hogan anticipates the finish of testimony by Thursday or Friday with the case going to the jury two or three days later.

Steamer Afire Sends Out Call Heard In Alaska

(International News Service)

CORDOVA, Alaska, Dec. 7.—Fragmentary messages intercepted by the United States naval radio stations at Hinchinbrook and Soapstone Point, Alaska indicated today the steamer West Kasson was afire at sea off the West coast of Mexico.

Another message from the West Kasson was apparently relayed to the steamer West Nivara and said: "No danger; have it under control" The West Kasson is carrying a cargo which is mostly nitrates.

WHERE TO GO TONIGHT

CAPITOL — On the stage 14 feet of dancing, sensational dance revue; Cantor and Duvall, "Just Breezing Along"; Bob Mills in a pianologue; on the screen, Adolphe Menjou in "The Ace of Cads"; Comedy, "Wandering Willies"; news, orchestra and organ.

NIXON—Rod LaRocque in "Gigolo", from the story by Edna Ferber; Jobyna Ralston in the cast, Bobby Ray in "Hit and Miss". Also Fox News, Around the World in Pictures. Nixon symphony orchestra.

REGENT—Rudolph Valentino in his last picture, "A Son of the Sheik", with Vilma Banky. Harold Lloyd comedy and "Bill Grim's Progress". News and organ. Screen song.

ARREST NEGRO FOR JEWELRY ROBBERY AT FARRELL STORE

(Continued From Page One)

Shenango tin plant and resident of this city for many years, he was out of work and down and out. Breaking the window of the jewelry store window about six o'clock one evening, he grabbed the three diamond rings and made his escape.

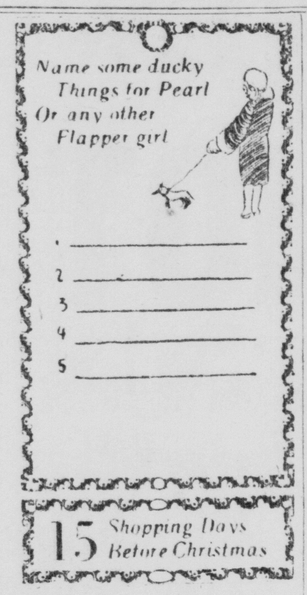
The rings were pawned for a total of $75, one in this city and two in Youngstown. The recovery of all the rings is expected. He will be turned over the Mercer county authorities today.

The police knew who they wanted for a week, but he apparently stayed away until last night, arriving here about five o'clock from Youngstown. Officer Thompson was detailed on a tip that Mitchell was on South Jefferson street.

Taking one of the police cars, he went after his man alone. He arrested him at the Jefferson street bridge, loaded him in the car and started for the police station. Everything went all right until the car reached East and Washington street. Here Mitchell jumped from the car, shed his overcoat and hat and started to run up Neshannock avenue.

Sounding the alarm, Thompson started in pursuit. Many officers just going on duty, rushed into action. Thompson and Criswell cornered Mitchell just as he was about to cross through the freezing waters of the Neshannock. Seeing the officers were ready to shoot he gave himself up.

A reward of $100 will be paid for his capture by the Jewelers Security Alliance.



ORDER PLANS FOR NEW JUNIOR HIGH SCHOOL BE MADE

(Continued From Page One)

tion with stone trim, a modified Gothic structure, it stood out on the drawing as a splendid piece of work.

The price to be paid for the building was the thing which delayed the authorization of plans and specifications, and even though these are to be drawn and bids asked, there is still the possibility that some alternative plan may be accepted.

President James K. Love asked Mr. Thayer what the estimated cost of construction for such a building would be and Mr. Thayer replied that he thought it would be in the neighborhood of $600,000.

"I would never vote to put $600,000 into a junior high school," said Love. "When we put the bond issue through we were told that half a million would build the new school, and I want to be convinced now why it won't."

"Moreover, an estimated cost of $600,000 would probably mean $50,000 or $60,000 more when the job was through. I am not arguing that such would be the case, but my experience with estimates is that they are usually low."

Mr. Love then showed that the borrowing power of the school district at the present time is about $1,116,174 inclusive of the bond issue which was passed last May. He quoted figures on the proposed improvements and repairs which would be made, these including about $250,000 for construction and $25,000 for furnishing the addition to the senior high school, at least $25,000 for repairs to Croton and with the necessary grading and excavation, furnishing and instruction material needed for the new junior high school, the borrowing power of the district would be reduced to about $154,000, plus $35,000 of bonds which will be retired next spring.

Half Million Enough.

Mrs. John G. Nothdurft, vice president of the board, expressed similar beliefs and said that it had been estimated that the proposed building could be built for $400,000. "We need the units that are showed in this plan," said Mrs. Nothdurft, "the plans are splendid ones, and the pupils of the north and west sides of the city are entitled to as good a building as the students on the east side, but I believe it is entirely possible to build for half a million dollars and I certainly am not in favor of going $100,000 beyond this price."

Attorney Charles H. Young was of the opinion that the two mentioned were making the price the dominant issue in the new high school, and said that nobody knew what the price would be until the specifications were drawn and the bids let.

"That is true," said Mr. Love, "but when we start out with an estimate of $600,000 I believe that we are not going to get under it very much, and I know of no better place to register my disapproval of such an expenditure than right here before we get into the plans."

J. Herbert McIlvenny was of a similar opinion.

Andrew Dietterle, a building contractor and a member of the building committee, said that with the equitable lie of the ground on Euclid avenue, excavation and grading would be reduced, and that he thought the building as outlined by Mr. Thayer could be built inside the half million mark.

The other members of the board expressed their desire to see what it would cost before they voted against it. The cost of the Shenango township school was cited to show that a 21-room school could be built for $135,000, but the architect said that this building did not have the materials nor the conveniences that the new one would have.

A vote upon the resolution ordering the plans and specifications drawn was taken and resulted as follows: Yes, John A. Butler, Dr. W. L. Campbell, Andrew Dietterle, Mrs. J. C. B. Douthett, Joseph E. Ligo, Attorney Charles H. Young, No, James K. Love, J. Herbert McIlvenny, Mrs. John G. Nothdurft.

PAGEANT PLANS NEARLY COMPLETE

(Continued from Page One)

entitle the pupil to a costume to be worn in the parade.

Police will rope off Washington street and all spectators will be required to remain behind the ropes on the sidewalk.

Following the pageant, Santa Claus and his reindeer will make a visit to some of the downtown places of business aiding in the affair.

More Merchants Aid

The list of merchants announced as co-operating in the event, is given out today by the committee in charge as follows:

French President Reduces Sentence On Bennett Doty

(International News Service)

PARIS, Dec. 7. — President Doumergue has reduced the sentence of Bennett Doty of Memphis, Tenn., from eight to five years on charges of desertion from the foreign legion it was learned today.

Doty who enlisted in the foreign legion under the name of Gilbert Clare was convicted of having deserted while serving with the foreign legion in Syria in operations against the rebel Druse tribesmen.

Intercession on behalf of Doty was made by prominent Americans and the United States government is also understood to have made representations on his behalf.

Supervisors To Discuss Sewer

Claim Water Nuisance Can Be Alleviated For Less Than $1,574

CONTRACT FOR STORM SEWER IS DELAYED

City Councilman William T. Burns advised colleagues during today's session that he is opposed to awarding a contract to Woods & Golder for the construction of the Moravia street and Balph avenue storm sewer at a bid of $1,574, or 54 percent higher than the estimated cost of $1,023.80.

Yesterday it was reported that the contract had been awarded but developments today showed that while the city engineer had recommended that it should be awarded to Woods & Golder, council permitted it to remain in his department until it could be discussed today.

It also developed today that supervisors of Shenango township have agreed to convene with the city council Friday when, it is said, they will submit a plan whereby the water nuisance which is alleged is caused by Shenango township, can be abated for considerably less money.

As the result of Councilman Burns opposition colleagues decided to leave the problem rest until Friday.

Brandon Freed Of Violation Of Prohibition Laws

(International News Service)

BAY MINETTE, Ala., Dec. 7.—Governor W. W. Brandon of "24 votes for Underwood fame" stood freed today of charges that he violated the prohibition law.

Charges against the governor and seven friends and a negro servant were dismissed when Jack Daniels of Birmingham, admitted he owned the 12 quarts of whiskey that was seized during a raid on the governor's fishing camp on the Magnolia river. Daniels was fined $250 and costs.

Brandon failed to appear, declaring he had not been notified, although he was arrested in the raid and held in $300 bond.

Henry Nocera Will Make Visit To Italy

Henry Nocera, south side business man after a residence in this city of twenty seven years, will take a few weeks of rest and pay a visit to his native Italy where he has many relatives.

He is a member of the Italian Methodist Episcopal church and last night was remembered by a large gathering of friends who wished him well.

Mr. Nocera has raised a large family, has been for years sought by his countrymen as a friend and a wise counsellor and has prospered in business.

Always moved by civic pride and citizenship he has gained the respect and good will of all who know him.

His numerous Italian and American friends follow him with their best wishes.

BABCOCK TESTIFIES IN ACTOR'S SUIT

(Continued From Page One)

well replied, "Mr. Hubbard doesn't mean any more to me than any other man."

O. C. Serdel, local jeweler, was then called.

He identified the "engagement ring" as one purchased from him by Hubbard.

Attorney Phillip Shaner of defense counsel, read to the jury the deposition of Mrs. Maude Von Haven of Atlantic City, and formerly of Pittsburgh. In it she told of working with Miss Caldwell in 1921 and of her conversation about Hubbard.

In discussing Hubbard Mrs. Von Haven remarked to Miss Caldwell that she liked Hubbard but did not like his "methods", the deposition stated. To this the plaintiff, replied, according to the deposition, that there were "other ways of getting a man's money than by marrying."

SLIGHT ACCIDENT

Ray Hammond of 21 Kurtz street, reported to the police Monday that while his car was parked in Shenango street at the P. & L. E. station and he was busy fixing the chains on the car, that a car bearing Pennsylvania license, which was immediately in the rear of his car, in backing out from the parking place, pulled into and damaged his machine.

Deaths Of The Day

Golde Garner.

Golde Garner, aged 38 years, of New Wilmington, Pa., died Monday morning after a lingering illness.

The deceased was a son of George and Mollie Winger Garner. He was born near New Wilmington and lived all his life in that vicinity. He was a member of the Presbyterian church.

He is survived by the following brothers and sisters: W. A. Garner of Enon Valley, Mrs. C. R. Maxwell of Sharon, Pa., Mrs. W. Perry Robison of New Wilmington, John Garner of Eastbrook.

Funeral services will be conducted Wednesday, December 8 at 2 p. m. from the First Presbyterian church of New Wilmington in charge of Rev. S. A. Kirkbride.

Mrs. Susanna Wimer.

Mrs. Susanna Wimer, aged 84 years, wife of Jefferson Wimer, died at the family home in Worth township, Butler county, Pa., Tuesday morning after an extended illness.

Mrs. Wimer was a member of the Harlansburg Baptist church. Besides her husband she leaves the following children; W. F. Wimer of Slippery Rock, Pa., George G. Wimer of Harlansburg, Jonathan Wimer of Prospect, Ira Wimer of New Castle, Mrs. J. L. Double of Harrisville and Miss Hannah Wimer at home.

Funeral services will take place Thursday, December 9 at 2 p. m. from her late residence. Burial will be made in Zion cemetery.

Francis Davis Buried

Funeral services for Francis R. Davis took place Monday at 3 p. m. from the home of his grand parents, Mr. and Mrs. H. W. Davis of Harbor street with Rev. George M. Landis, pastor of the First Baptist church officiating. Interment was made in Greenwood cemetery.

William J. Calvin.

William J. Calvin, aged 65 years, died at his residence, 319 Winter avenue, Tuesday morning after an extended illness of two years, due to complications.

Mr. Calvin was born at Conneaut Lake, Pa., August 4, 1861. He had been a resident of New Castle for twenty years and had been engaged in the grocery business here for a number of years. He was a member of the Second United Presbyterian church.

Besides his widow he leaves one daughter, Mrs. Inez F. VonEschen of New Castle, and two sons, J. V. Calvin of Lakewood, O., and L. B. Calvin of this city. He also leaves three grand children.

Funeral services will take place Thursday, December 9 at 11 a. m. from the family home in charge of Rev. A. J. Randles of the Second United Presbyterian church. Interment at Hartstown, Pa.

Mr. Stoner Buried.

Funeral services for the late Conner Stoner of Slippery Rock township took place Monday afternoon at 2 o'clock from the Oak Grove United Presbyterian church with the pastor, Rev. C. F. Kennewig officiating assited by Rev. T. A. McElwain. The pallbearers were Clare Taylor, William Wilkison, James Patterson, William Hunt, Wiliam Weigle and John Hunt. Interment was made in Rose Point cemetery.

Mrs. Thomas W. Burke.

Mrs. Thomas Ward Burke, Sr., aged 80 years died at her home in Dennison, O., on Thursday, December 2, word to friends here states.

Mrs. Burke was well known in this city. She is survived by two sons and three daughters, 13 grandchildren and six great grandchildren.

Walter Rhodes Buried.

Funeral services for Walter John Rhodes, son of Mr. and Mrs. Walter Rhodes took place Monday afternoon at 2:30 from the family home on Gilmore street. Rev. Milton J. Scripture, pastor of the Hoover Heights Tabernacle was in charge of the services. Interment was made in Oak Park cemetery.

Time Of Funeral.

Funeral services for the late Henry L. Kallenbaugh will take place Wednesday, December 8, at 2 p. m. from the Ritchie Undertaking rooms on South Mill street. Burial will be made in Oak Park cemetery.

Ordinance Locates Logan Street Sewer

Will Be Laid Beneath Sidewalk On West Side Of Logan Street

Council today concurred in the recommendation of City Engineer Frank Miller and as a result the sanitary sewer to be laid in Logan street, between Moody avenue and a distance of 450 feet north, will be built beneath the sidewalk on the west side of Logan street.

An ordinance calling for the proposed sewer was introduced today by Councilman Burns, after which its course was definitely located after Miller had presented his recommendation met council's satisfaction.

We shudder to think what Ananias would have said the thermometer on his porch registered.

Patronage Of Car Company Increases

Owing to the heavy sleet which fell Saturday and Sunday and is still lying in local streets, street car patronage increased during the past few days. Persons who have been accustomed to driving their automobiles en route to and from their business and employment places have abandoned the automobile for the street cars, which are having no difficulty operating on a normal schedule.

Peeper Busy In Harrison Street

According to complaints reaching the city police this morning, a man who has a habit of peeping in windows and frightening the women and children was busy last night in the Harrison street district. In one instance the peeper was seen and it is believed that it will be possible to apprehend the man in the near future.

WANTED!

Thousands of people afflicted by rheumatism, lumbago and stiff joints want a remedy that will not disturb the heart, stomach or nervous system. Harry Bell of Bell Telephone Co., Sharon, and hundreds of other people swear by Dr. Hoyts' No. 16 because it has these qualities. Ask your druggist about Dr. Hoyts' Remedies or send $1.00 direct to Dr. Hoyts' Remedies Co., Sharon, Pa.

A REASONABLE COST

A reasonable cost means a price that is fair to both seller and purchaser, yielding a just and fair profit to the seller, and giving full value to the purchaser. None of us want something for less than its value, neither do we want to pay more than it is worth.

Fair treatment is all that is demanded—the simple application of the Golden Rule. The promise of a cut-rate price or less cost than the real value, is looked upon by the public with doubt, and their skepticism is well founded. The reliability of the organization and their reputation for fair and honorable treatment—these are the guarantees that the public demands.

A reasonable cost to our patrons was a policy that was adopted in the organization of our business in 1895. Its application has stood the test and it is Its application will continue, and is your assurance of a just and fair treatIts applicattion will continue, and is your assurance of a just and fair treatment in every service rendered.

INTERESTING MEETING AT THE MUSIC CLUB

An interesting study program for the Music Club was presented Monday evening at the Scottish Rite Cathedral, with Mrs. Paul Welsh in charge. Edward MacDowell was the composer elected for the evening.

Miss Mary Clarke sang two groups of songs which were well received. Miss Dorothy Reinhart, a promising young student, played two of MacDowell's widely known compositions, "To A Wild Rose" and "To A Water Lily."

Mrs. Emanuel Roman, a graduate of Beaver College, is in a very brilliant style played "Hungarian" and "Shadow Dance."

An added number to the program was the first movement from the Sonata Tragica by Mrs. D. C. Lindley. This number was so greatly enjoyed that Mrs. Lindley responded with a Scottish Tone Poem by MacDowell.

As a substitute for Miss Setter, Edwin Lewis played "Romance of La Forge" and "Rakoczy March" by Liszt. Mr. Lewis was heard at his best.

Missionary Society

Mrs. J. O. Woods, Moody avenue, entertained the members of the Katherine Von Bora Missionary Society of the St. John's Lutheran church, Monday evening. Twenty were in attendance, with Mrs. Charles Beal as leader. Miss Alice Thompson was a special guest.

The following officers were elected during the business session: President, Miss Lottie Burry; vice president, Miss Dora Carlson; secretary, Mrs. Oscar Benson; treasurer, Miss Elizabeth Bruden, and statistical secretary, Mrs. Oscar Dale.

During the social hour the hostess served refreshments, assisted by Mrs. William Mitchell.

Plans were made for a tureen dinner, December 28.

F. and L. Club.

Mrs. J. E. Crisswell of Randolph street, will entertain the F. and L. club members Wednesday afternoon.

RICHARDS-ALLEN WEDDING NEWS

Mr. and Mrs. R. S. Richards, Erie avenue, announce the marriage of their daughter Helen Louise, to Emerson Clair Allen, son of Mr. and Mrs. A. C. Allen, Dewey avenue. The ceremony took place on Monday evening, December 6, at the parsonage of the Croton M. E. church. Rev. T. W. English officiated with the ring ceremony.

The bride was attractive in a gown of wine colored georgette combined with velvet, and silver, with matching accessories.

They were attended by Miss Dora Livesay, and Albert Ramsey.

Mr. and Mrs. Allen will reside for the present with the bride's parents on Erie avenue.

Birthday Surprise

Mrs. Theodore Hutchison was pleasantly surprised in her home on Park Way, Saturday evening, when a number of friends gathered in celebration of her birthday anniversary.

Music and games were pastimes, and later delicious refreshments were served. Many lovely gifts were received by the guest of honor.

The guests included, Mr. and Mrs. Harold Hutchison, and daughters Eileen and Lois, Mr. and Mrs. Wesley Cook, Mr. and Mrs. Charles Phillips, Mr. and Mrs. Chester Cover, Miss Myrtle Reynolds, Miss Betty Green, Bill Fletcher, Joe Smith, Mr. and Mrs. Theodore Hutchison and son Merle.

Queen Esther Auxiliary.

Mrs. Leon Drumm of Spruce street entertained members of the Queen Esther auxiliary of Epworth M. E. church at the monthly meeting at her home Monday evening. There were 16 members present and Miss Scott was a special guest. At the conclusion of the devotional period led by Mrs. Harry McCurdy and a brief business meeting, Christmas gifts were exchanged. Plans were considered for having a birthday dinner in the church dining room on January 10.

During the social hour refreshments were served by the hostess, assisted by Mrs. J. M. Butler.

PARTY CELEBRATES FIRTH BIRTHDAY

Mr. and Mrs. Harry Covert of the Youngstown road entertained a number of little guests in honor of the fifth birthday of their daughter Lorraine. Various games and music were the chief diversions. The guest of honor received many lovely gifts.

Delicious refreshments were served later by the hostess assisted by Mrs. Willis Campbell. Color tones of pink and white were carried out in the appointments. A large birthday cake with five candles formed the centerpiece.

The guests included Mildred Timmer, Margaret Duncan, Anna Mae Todd, Margaret Duncan, Dorothy Hockenberry, Bunny Ritz, Gloria Pauline, Iva Bevan, Georgia May Bevan, Ella Jean Welsh, Dorothy Frye, Billy Campbell, Jack Covert, Jimmy Bevan, Bobby Campbell, Jack Donley, Bobby Covert, Tom Covert, Earl Covert, Paul Covert, Bobby Hockenberry, Earl Morris, James Morris and the honor guest.

ENJOYABLE MEETING FOR CLUB MEMBERS

Mrs. W. E. McKee, North Crawford avenue was hostess to members of the Current Events of '06 in her home, Monday afternoon. "Spirit of Christmas" was given in answer to roll call, after which a paper prepared by Mrs. Charles Bryan on "Christmas of Other Lands" was read by Mrs. T. C. Armstrong.

The remainder of the afternoon was delightfully spent with kensington, and piano selections were rendered by Mrs. Benjamin Jenkins. A miniature Christmas tree held a clever gift for each guest.

Delicious refreshments carried out in the Christmas tones were served later by the committee, composed of Mrs. McKee, Mrs. Jennie Ray, Mrs. E. H. McNees and Mrs. H. M. Jamison.

The next regular meeting, January 10, will be at the home of Mrs. George McClelland, Pine street.

Jolly Good Timers

Music and games were enjoyed by the Jolly Good Timers, when they met with Mrs. John Haritas, North street, Monday evening. Prizes were won by Mrs. Charles Micco, and Mrs. Howard Hunter. Refreshments were served and the hostess was assisted by Mrs. James Edgington.

In one week, Mrs. S. F. Harris, Harrison street, will entertain.

Piano Recital

Mrs. Luella Wilson and piano pupils presented the fall recital in the Y. W. C. A. Monday evening.

Those taking part included Louis Gentsy, Mildred Johnson, Hulda Bodendoffer, Agnes Owen, Inez Houk, Dorothy Lockhart, Mrs. Margaret Weller and Isabel Wilson.

QUEEN ESTHER CLASS HONORS RECENT BRIDE

Mrs. William Magill, whose marriage was a recent event was honored at a miscellaneous shower by the members of the Queen Esther class of the Third United Presbyterian church at the monthly meeting Monday evening at the home of Muriel, Elizabeth and Irene Lutz of Beckford street.

Many attractive and useful gifts were received by Mrs. Magill. During the evening officers were elected for the year. Angie Colnot was made president, Susan Wallace, vice president, Josephene Rose, secretary and Pearl Colnot, treasurer.

Games and radio music formed the entertainment of the evening during the social hour. Lunch was served by the hostesses assisted by Miss Lena Gear.

Plans were made for a Christmas party to be held at the church on December 30.

Kate A. Hill Meeting.

Members of the Kate A. Hill Missionary society of the Second U. P. church met Monday evening at the home of Miss Martha Zahnizer North Crawford avenue, with Miss Hazel Hanna associate hostess. Eighteen answered to roll call with the name of a mission station in India.

Miss Margaret Brenner was leader and topics were discussed by the Misses Martha Zahnizer, Margaret Reeher, Helen Alison and Marguerite Vaughn.

During the business session the following officers were elected for the coming year: President, Mrs. Chester Minick; vice president, Miss Marian Reeher; recording secretary Miss Marguerite Vaughn; corresponding secretary, Miss Kathryn English; thank offering secretary, Miss Elizabeth Randles and treasurer, Miss Kathryn Newbury.

A social hour followed, with games, and later the hostesses served dainty refreshments.

January 3 Miss Margaret Brenner of Rose Stop will be hostess.

Hershey Auxiliary.

Members of the Hershey Auxiliary of the First Presbyterian church met at the home of Mrs. F. L. Orth of Winter avenue Monday evening, with Mrs. James Meade, Mrs. George Ball, Mrs. M. D. Wells, Mrs. F. G. Simonton and Miss Nina Lloyd associate hostesses.

Devotionals were in charge of Mrs. Ira Ramsey. Mrs. William Wheeler read a paper on "Mormanism" and Mrs. James Meade read a chapter from the study book, "Moslem Women." During the business session reports were heard from the bazaar.

A social hour was enjoyed later and dainty refreshments were served by the hostesses.

Miss Grace Woodworth will be hostess in January at the home of her sister Mrs. J. H. Frew of Moody avenue.

Current Events Class.

Mrs. Louis Gordon received members of the Current Events class in her home on Neshannock avenue Monday afternoon. Current topics were discussed and critics for the day were Mrs. H. E. Bleakley and Mrs. Lake MacNab.

The next meeting January 10 will be at the home of Mrs. Johnson Fisher, Delaware avenue.

St. Mary's Guild.

St. Mary's Guild will have the weekly card party this evening at the K. of C. Home. The regular meeting will be Thursday evening.

SURPRISE SHOWER FOR RECENT BRIDE

Mrs. Mahlon Clark, received members of the No-Kixgo club at her home on Blaine street, Monday evening. Special guests were Mrs. Chester Snyder, and Mrs. Pearl Aiken. Honoring the hostess, who is a recent bride, she was presented with a surprise miscellaneous shower.

Dainty refreshments were served and the hostess was assisted by Mrs. Chester Snyder.

Miss Iona Jones, Court street, will entertain at the Christmas party in two weeks.

Mothers Craft Meeting

Members of the Mothers Craft Club met at the home of Mrs. Marcus Feuchtwanger, Laurel boulevard. Mrs. Norman Ehrlich, chairman of the club, introduced Mrs. Julian Pack, of Johnstown, Pa., who gave a splendid talk on "Mother". Mrs. Pack is president of the Johnstown section, National Council of Jewish Women, and state treasurer of the council. She has just returned from attending the triennial at Washington, D. C., and the state conference at Sharon, Pa.

Preceding the meeting Mrs. William Cosel, Wallace avenue, entertained the officers of the New Castle section, National Council of Jewish Women, at luncheon in honor of Mrs. Pack.

Wednesday's Clubs.

Council of Jewish Women, Legion Home.

F. and L. club, Mrs. J. E. Crisswell, Randolph street.

Lucky 13 club, Miss Catherine Ainsley, Meyer avenue.

N. E. T. club, Miss Bess Streit, S. Walnut street.

SPECIAL NOTICE

All checks, money orders, drafts, communications, etc., should be addressed to The News Co., New Castle, Pa., and not to any individual.

THE PRESIDENT'S MESSAGE

BUSINESS acumen, an intimate acquaintance with all domestic and foreign affairs and problems, diplomatic tact, an insight into economics expected only in the economist, complete understanding of the responsibilities and duties of a government executive and a desire to fulfill or perform them to the best of his ability, and sincerity in the hope to see the government serve the people more and the people serve the government less, are sterling qualities one sees in President Coolidge upon reading his message to the second session of the sixty-ninth congress.

It is an optimistic note, but not unduly so. It disarms those who have been prompted by their partisanship or selfish hopes to criticize the administration. It is a definite exposition of vital national questions and problems of the day. And, most important of all, it ably presents to congress the case of the citizen and taxpayer at a time when those intrusted with the public's money and with making the people's laws are on the threshold of choosing between public interest and special interest, between the best for the many and the best for the few.

The keynote of the president's message is in those opening words: "What the country requires is not so much new policies as a steady continuation of those which are already being crowned with such abundant success."

It is on good grounds that Mr. Coolidge finds the state of the Union "one of general peace and prosperity," and it is reassuring to learn that the chief executive is fully aware that unwise legislation and governmental extravagance can undo all that has been accomplished in "liquidating the war" and bring about the return of the chaos and distress of former and less serene years.

Mr. Coolidge has left it to congress to decide whether the surplus of $383,000,000, which it is estimated will be in the national treasury at the end of this fiscal year, shall be applied to the retirement of the war debt, distributed among the taxpayers as a refund or used to reduce taxes. Since further tax reduction will probably be possible without the assistance of the surplus, and debt retirement is really tax reduction because it means less interest to pay, many will take the position the president seemingly takes that perhaps the wisest move will be to reduce the national debt by the amount of the surplus.

Critics of the present protective tariff law and schedule are completely disarmed by the president's recital of statistics showing that the United States admitted a greater volume of duty-free imports than any other country except England last year, that imports have increased 71 per cent since the tariff law went into effect, that half of the import duties were collected for the protection of American agriculture and that the imports on which a lower tariff is asked by certain special interests represent but 12 per cent of the nation's import trade.

In this message the president reiterates the pleas of his previous messages to congress for continued world peace and amicable relations between this and all other nations, law enforcement, proper relief for disabled war veterans, a military force no larger than necessary for national defense, less centralization of government at the surrender of states' rights, government control of radio, aid for agriculture, further improvement of labor conditions, railroad consolidation, development of national resources and immediate solution of other problems of national character, including the race, immigration, irrigation transportation, alien property and Philippines questions.

First thing you know this will be last winter.

No winter is very hard when the coal cellar is full.

Many a faint heart gets stronger in the faint fire light.

Love is awful stuff. It can make you think you are not being silly.

A girl with a Christmas ring hates to wear her Christmas gloves.

It is found that most college classes are led by girls. So are most of the students.

The nice thing about the future is you can always hope it is going to be better than it is.

Safety Sam Says:

Tuesday

Well, well! Only seventeen days more until Santa's whiskers catch a-fire.

One Year Ago

Nicholas Longworth of Ohio was elected speaker of the house of representatives.

Whatever the underworld may be under, it isn't indictment.

Today's Anniversaries

1787—Delaware was the first state to ratify the federal constitution.

1819—A memorial from the people of Maine, praying for admission to the union, was presented to congress.

1826—Edmund Gibson Ross, U. S. senator from Kansas and subsequently territorial governor of New Mexico, born at Ashland, O.

1844—Thomas Morris, Liberty party candidate for vice president in 1844, died in Clermont county, O. Born in Virginia Jan. 3, 1766.

1877—Benjamin Huger, the Confederate general who was blamed for not having cut off the Federal retreat after the battle of Malvern Hill, died at Charleston, S. C. Born there in 1800.

1911—California assembly passed a bill making women eligible to all elective offices in the state.

Incident Of The Christmas Shopping. BY FONTAINE FOX

Hints and Dints

Sun sets tonight 4:33. Sun rises tomorrow 7:12.

If you want to give someone a real Christmas gift, send them The News for a year. It will be a pleasant visit and reminder every day in the year.

We have noticed some wonderful neckties in the stores for the Christmas trade. Some go as high as five dollars a copy, but they are all right, at that.

There are people who should be given a brick house for a Christmas gift—one brick at a time.

In the old days it used to be fashionable for some loving children to give mother a pump or an axe for a Christmas gift. Now those same kind of people get mother a washing machine or some other useful thing that will do all the work around the house:

Get Ready For It.

Normalcy will have returned only when the young lady and her beau start eating gum-drops again.

In Russia 15 men were condemned to death and 10 of them were shot at once for being too active against the government. Russia does that one thing well. In this country it would be a good thing to do the same, and the first ones would be found in the Senate and Congress in Washington. If things would happen like will happen in the present short session of Congress in this country, in Russia, there would be a lot of newly made graves. And some birds want Russian conditions here.

Last week the supreme court of the United States upheld the provision in the Volstead act which limits physicians to writing prescriptions for only one pint of whisky to a patient in ten days. There are birds who suffer a terrible thirst when they have a pint a day.

The only thing that travels faster than light is the gossip in a boarding house.

There are only two hundred and fifty members in the New Castle Chamber of Commerce. This handful of faithful citizens do the work that should be done by no less than two thousand men. The dues are only $25 a year and the Chamber does more good to every citizen every year than that amounts to. Do your share and at least help enough by being a member.

"Who's Who" tells a lot about some men whom otherwise you'd never know about.

Thirteen hogs died on a hog farm in Illinois after they had been turned into a corn field that had been flooded with water for several days and the corn had sprouted and turned into sort of a mash and they had eaten the mess. Hogs don't seem to stand the hootch as good as humans do.

About the best way to save your gas bills is to paste them into your scrap book.

A Pittsburgh gentleman was granted a divorce from his wife because she made him wash the baby and put it to bed, and one time she also threw vases at him after he had come home from the office after a hard day's work. That must have been one of those times he was trying to get out of taking care of the baby. Poor jay!

An advertisement says you can almost feel rheumatism when it goes. Which is about the same thing that happens when it comes.

A man has to work to become President. A king can't help it.

It's usually the married men who say that marriage is a failure. How do they get that way?

This will be an exciting week. Friday will be the day when it will be about as exciting as it ever was in New Castle. Seeing the reindeer and Santy Claws is going to be a great thing.

During the past four years five hundred pardons were granted at Harrisburg to crooks that it would have been better for society had they remained in jail. We hope for better things when the new governor takes charge.

In previous Christmasses there have been people who have been greatly surprised at the gifts they received. Those same birds would get a more fierce shock if they did not get any gifts this year.

A man in the East says he has 50 trades and can make a good living at any one of them. A trade is a mighty handy thing to have about especially in hard times.

Well-known people are usually either in society or in jail.

Nine times out of ten when a man tells you he wants a frank criticism of himself he expects to hear something nice.

The spirits of Houdini and Valentino are troubling people on earth now, but after the number of times Houdini showed the mediums up as fakers, it is pretty hard to believe his spirit is as active as they are trying to make out.

After what some of the jurors do to murderers at the trials, you can't blame the officers for shooting to kill.

According to the opinion of flying experts, in five years' time the average man will be an aviator, as he is an autoist today. If that's so, here's hoping that they fly high enough to avoid pedestrians.

The locomotive continues to win all grade-crossing events with crushing regularity.

A 70-year prison sentence for a bandit 21 years old seems a little excessive. Why if he is kept in prison only 40 or 50 years he will be hopelessly out of touch with the new type of machine guns or whatever they are using at that time.

The question arises nowadays whether the underworld hasn't gotten on top.

The accordion is 100 years old which probably accounts for it being so wrinkled.

"Cheap politics" as a by-word doesn't have any reference whatever to what is costs the people who dabble in it.

Looking around at the rather lean congregation on Sunday morning after the sleet that made the wicked stand in slippry places the preacher passed the remark that if the ordinary church goer was as zealous after his health on weekdays as Sundays Methusaleh's record would have been broken before this. It was rather a hard day on churches.

Fame is good deal like the radio. The more the volume the greater the static.

Silk trains are run from Seattle to New York at a speed faster than passenger trains. The girls just must have their silk stockings on time.

It looks as though Canada will become still more attractive for a place of summer travel to a great many.

Nine out of every 10 members of the U. S. Infantry are rated as marksmen by their records, and that is the principal reason you always hear from the American soldier when he is out on duty. When they shoot they waste little ammunition.

One more scandal in which Charlie Chaplin figures and he will be put in the class with the once famous Fatty Arbuckle.

An Oklahoma cowboy lawyer appearing before the U. S. Supreme Court without a necktie was ordered to leave court and get a tie. Now we wonder why that cowboy lawyer didn't stand on his rights of personal liberty?

The motherly instinct is still in girls even if they don't practice what they preach always. A boy in one of the offices caught a terribly heavy cold, had to be off work and one of the girls explained it by saying that he didn't wear clothes enough to keep himself warm. And you ought to see the way she defies winter.

This is the time of year when college coaches are being fired and hired with little sentiment or feeling. Unhappy lies the head of the coach whose team lost a game or two this year.

A girl doesn't have to be an expert cook if she is "canny" enough to deceive her husband.

Most of the people who complain about the laundry's work are too proud to run a washing machine.

The first snow of the winter was a good one and is here in plenty of time to give Santa Claus and his reindeers what they need for their visit to New Castle on Friday. Yes, this is a big week and the children will get to see old St. Nick himself. Just four more sleeps.

Auto and rubber manufacturers have made a gigantic pool for the purpose of buying rubber in competition with the British rubber barons, in an effort to hold down the prices of rubber and automobile tires. We're with this combine if it will keep down the price of tires. There is nothing so discouraging while autoing than to have a tire blow up, knowing that it will take a month's wages to buy a new one.

Since Queen Marie has been over here and has had such a good time, perhaps some more royalty will pay us a visit soon. We are a nation that just dotes on kings and queens; also ,aces and deuces.

Today

In Young Detroit.
Please Shoot Carefully.
Drink, Across the River.
Where Your Dollar Goes.

By ARTHUR BRISBANE
(Copyright, 1926, by N. Y. American, Inc.

In Detroit where this is written on a cold Sunday with deep snow on the ground the traveler sees everything he expects in a booming American city.

Building is progressing in all parts of Detroit more energetically than ever—hotels, office buildings, theaters going up everywhere.

The Book tower highest building in the city has just been finished and now the energetic Book people are at work on their 80 story building which will set a new record for the world. This city in itself is a marvelous world's record a city of young people.

Henry Ford is busy with new plans about which the public guesses, while he says nothing. It is not true however that he is about to introduce a new car of six or eight cylinders.

But at his exhibition on Broadway in New York presently he will show new things in a Ford car interesting to the millions that already have one.

His flying machine plant has been doubled in size. Whoever wants to will be able to fly safely in a Ford airplane with three separate powerful engines everything made of metal.

The Detroit Times tells you that Dodge Brothers in the week ended November 27 broke all records in car and truck production.

E. T. Strong, president of the Buick Motor company wandered down to the "line' to see Buick No. 1,750,000 roll off that line.

Henry Ford is an even more thoroughly seasoned automobile father, having long since been photographed in his Ford car No. 10,000,000.

The automobile business is certainly a business.

Mr. Lindner publisher of the Detroit Times has information interesting to other publishers whose minds like this attach importance to filthy lucre. Three makes of automobiles are expected to do twenty million dollars worth of advertising in 1927.

William A. Niedermeier a rural mail carrier of South Rockwood, Mich., is dying. Two prohibition agents who shot him, express regret. They mistook him for a rum runner as he was returning in his little boat from shooting ducks.

It is regrettable for rum runners and hijackers can be relied upon to kill enough citizens. Those hired to enforce the law and order should be quite certain that they are shooting the right parties in our litle alcohol civil war.

Special care should be taken when enforcement officers stop citizens in automobiles on country roads. How is the driver to know that it isn' ta highwayman ordering him to stop and what are his rights as regards shooting?

Ontario just across the river from Detroit has gone wet and promises "to sell rum at fair prices."

Last Wednesday Ontario citizens voted to throw bootleggers and blind pigs into the ashcan and keep the profit for their government.

Whisky, etc., neatly wrapped in paper that has silk treads and imitates bank note paper will be sold to Canadians by the government at a profit of 100 per cent.

When such bottles are sold on the American side of the water the salesman adds three dollars to the government price, stamped on each bottle. It is the easiest known way to earn $100 a day.

The Canadian government will make its annual profit of millions. Canadians delivering the whisky to Americans will make their annual profit of millions. These facts influenced the voters.

An army of men will be employed by the United States to keep the whisky out and will not keep it out. But some of them will get some of the money and some of the whisky.

Prohibition an effort to keep men from doing what they want to do with a law that they refuse to respect represents a problem.

Where does your income tax dollar go? Senator Capper of Kansas gives part of the answer:

"On public payrolls in 1913 there were 1,785,000 names. Now there are 2,800,000 names."

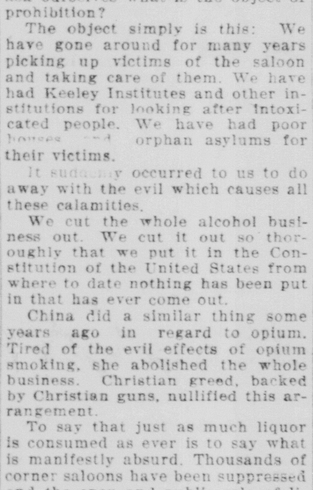
One in ten of all that earn their living in the United States are on some public payroll. It costs the average family in taxes $125 a year to pay salaries.

Consider special commissions created in Washington. There are scores. Congress is asked to create 15 more one to investigate the Mountain Meadow massacre that happened about 75 years ago.

Twenty years ago there were 14 special government agencies in Washington. Now there are about 100. The cost has gone up from $1,000,000 a year to $75,000,000 There is still room for economy.

In Day's News

Rear Admiral Roger Welles, who goes on the retired list today on account of having reached the age limit for active service, leaves behind him an excellent record of service during the more than 40 years he has spent in the United States navy. Admiral Welles is a native of Connecticut and was graduated from Annapolis in 1884. In the war with Spain he saw active service as a junior officer on the Wasp and Enterprise. Between the close of the Spanish war and his attainment of the rank of captain in 1911 he saw much service in the Philippines and the Far East. During the World war he served as director general of naval intelligence in Washington. For his service in the war with Spain he received various campaign and battle medals and after the World war he was decorated by the French, Belgian and Japanese governments.



We might as well increase our police force, build a new wing t' th' poor house, coax our boys an' girls t' be careful, an' add another story t' th' jail, fer it looks like prohibition wuz here t' stay. When Loie Fuller, th' famous dancer, left th' Queen Marie special, she showed ire, which must be somethin' new our dancers are puttin' out.

Dr. Crane's Editorial

ON THE SIDE OF THE ANGELS

Lady Astor the other day, without pointing at anybody, gave Nicholas Murray Butler and Senator Wadsworth something to think about.

She pointed out the fact that all this movement toward prohibition was really and at bottom a movement to remove the satisfactions of man from a physical basis and put them upon a moral or spiritual basis.

Brushing aside for the moment all questions of how it is done and whether prohibition is effective or not and all that sort of thing, we ask ourselves what is the object of prohibition?

The object simply is this: We have gone around for many years picking up victims of the saloon and taking care of them. We have had Keeley Institutes and other institutions for looking after intoxicated people. We have had poor houses and orphan asylums for their victims.

It suddenly occurred to us to do away with the evil which causes all these calamities.

We cut the whole alcohol business out. We cut it out so thoroughly that we put it in the Constitution of the United States from where to date nothing has been put in that has ever come out.

China did a similar thing some years ago in regard to opium. Tired of the evil effects of opium smoking, she abolished the whole business. Christian greed, backed by Christian guns, nullified this arrangement.

To say that just as much liquor is consumed as ever is to say what is manifestly absurd. Thousands of corner saloons have been suppressed and the open and public sale of liquor has been stopped. The liquor interests, the distillers and brewers are all against prohibition, and naturally they would not be against it if there was more liquor used than ever.

The prohibition laws we have may not be the wisest nor the best, but at least they are an effort in the right direction. The prohibition law is on the side of the angels and those who are seeking to break it down or nullify it might do well to keep this in mind.

A great moral conviction is back of prohibition, and a moral conviction never yet went backward.

Bible Thought For Today

BE TRUE—"Thou shalt not raise a false report: put not thine hand with the wicked to be an unrighteous witness." Ex. 23:1.

PRAYER—O Lord Thou dost hate lying lips, help us to be true to Thee, then we cannot be false to anyone.

Many things happen in secret, and it may be that at times the President chides the White House Spokesman for what he has said.

The World AND THE Mud Puddles

CONSCIENTIOUS VOTERS.

The Senatorial Primaries held last Spring in Pennsylvania are shocking the sensibilities of Senator Reed and his Investigating Committee. Now Senator Norris seems to be equally shocked by the returns from the November elections, of certain precincts in the city of Philadelphia. The Philadelphia supporters of Senator elect Vare did seem to be over zealous for it turns out that there were voting precincts in Philadelphia that did not return a single vote for Wilson, the Democratic candidate, notwithstanding there were supposed to be on each precinct Election Board at least two members of the Democratic party. Perhaps the aforesaid Democratic members of the Election Boards were not zealous Wilson adherants,—who knows?

The election situation in the United States, both Primary and general, does present some queer angles. In the first place, only about sixty per cent of the voters in the state of Pennsylvania were registered, showing that there were forty percent of the citizens who were not even interested enough to qualify. Of the sixty percent who could vote, there were not more than forty per cent who actually voted, showing that last November's election in Pennsylvania was made by a minority of the electorate. It was so in pretty nearly every state in the Union. Great questions and far reaching decisions are foisted upon the citizens of the United States by minorities. It seems as though it was becoming a Government of Minorities. It should not be.

Concerning the bribery and the fixing of elections in this country, there isn't another people on the face of the earth that can throw stones at us, not even the English people, who seem to have a very good Government, as the following story will illustrate.

One of the witnesses at a Royal Commission appointed to inquire into a case of alleged bribery in an election stated that he had received $25 to vote Conservative, and in cross examination it was elicited that he had also received $25 to vote Liberal. Mr. Justice Matthew, in amazement, repeated: "You say you received $25 to vote Conservative?

"Yes, my Lord."

"And you also received $25 to vote Liberal?"

"Yes, my Lord."

"And for whom did you vote at the finish?" asked the astonished judge, throwing himself back in the chair.

And the witness, with injured dignity in every line of his face, answered with great earnestness: "I voted, my Lord, according to my conscience!"

Perhaps some of the watchers at the Pennsylvania state Primary last Spring had equally good consciences.

Just Folks

By EDGAR A. GUEST

MURDERING JACK FROST

Jack Frost was here last night
And stole the rose's gown,
Took every bloom in sight
And broke the dahlias down.

No cry for help we heard,
No clamor of affright.
No bitter, angry word
Disturbed us through the night.

So sly and swift was he,
So ruthlessly he clipped,
That every plant and tree
Of all its garb was stripped.

Oh, pitiful the sight
The dying and the dead!
Jack Frost was here last night
While we were all in bed.

(Copyright, 1926, Edgar A. Guest)

Sentence Sermons

By Rev. Roy D. Smith, D. D.

A CAUSE WHICH CANNOT—

Stand investigation is never a safe investment.
Endure ridicule can scarcely endure victory.
Stand an occasional defeat is hardly worth defeating.
Afford to wait, if necessary, has in it the seeds of failure.
Inspire men to martyrdom can never save a generation.
Number a few false friends must be very young.
Claim the sanction of God is doomed in spite of everything.

So New York is tired of naughty shows! Now the cloak and suit trade may expect most of its orders by mail.

POEMS-HOVE

BY CHARLES HANSON TOWNE

"The Celestian Surgeon" by R. L. Stevenson.

I find that even the most ardent Stevensonians are sometimes neglectful of the great Scotsman's serious poetry. They can quote glibly from "A Child's Garden of Verse" and they know almost by heart the more celebrated prose passages from the letters and essays but they are strangely unfamiliar with that considerable group of songs which he wrote with such exquisite care. This to me, is one of the very best he ever penned.

If I have faltered more or less
In my great task of happiness;
If I have moved among my race
And shown no glorious morning face;
If beams from happy human eyes
Have moved me not; if morning skies,
Books, and my food, and summer rain
Knocked on my sullen heart in vain—
Lord, Thy most pointed pleasure take
And stab my spirit broad awake;
Or, Lord, if too obdurate I,
Choose thou before that spirit die,
A piercing pain a killing sin,
And to my dead heart run them in.

Three Shot To Death In Riot Near Chicago

One Police Officer And Two Mexican Laborers Killed In Pitched Battle

(International News Service)

CHICAGO, Dec. 7.—A police officer and two Mexican laborers were shot to death in a pitched battle in a railroad labor camp of the Chicago Northwestern near Melrose Park early today. Another police officer and several Mexicans were wounded.

The trouble started when Melrose Park police received word that a woman was being attacked in the labor camp. Officers J. L. Stahl and Charles Kolwitz answered the call. As they approached the camp they were fired upon by the Mexicans.

Stahl fell mortally wounded. Kolwitz killed two of the laborers before he went down, wounded in the side. A riot call brought squads, armed with rifles and sawed-off shotguns from Chicago and nearby stations.

A fierce battle raged, the Mexicans barricaded in the box cars in which they were quartered. A tear bomb attack finally brought about their surrender. Half a dozen of the Mexicans suffered wounds and were rushed to the hospital.

Nineteen others and one woman were arrested. The men had been drinking freely of "moonshine" all night, a neighbor living near the scene told the police.

In Religious and Fraternal Circles

County Service Women

Meeting of the Lawrence County Service Women Saturday evening, December 11, at 8 o'clock in their hall in the City building. The meeting is a special one.

Section C.

Section C of the Y. L. B. C. of the Third U. P. church will be entertained Thursday evening at the home of Mrs. Allen Cartwright, 1419 Jackson avenue. A Christmas package exchange will be a feature of the evening.

Hoover Heights Church.

Young people's service this evening at 7:30 in the church. Louis Bogle will be in charge.

Plans for the Sunday school Christmas entertainment will be considered at the meeting Wednesday evening at 7 o'clock in the church.

Children will meet Friday afternoon at 3:45 in the church. Mrs. Thomas Sanderson will have charge of the meeting.

Cottage prayer meeting will be conducted Friday evening at the home of Thomas Sanderson on Morris street.

First Baptist.

Members of Mrs. Strickler's Bible class of the First Baptist church will meet at the home of Mrs. Harry Remley of Marshall avenue Thursday afternoon at 2 o'clock. Christmas gifts will be exchanged at this time.

Union Label League.

Wome's Union Label league will hold their regular meeting this evening in the Trades Assembly hall Officers will be nominated at this time.

A. O. H.

Ladies of the A. O. H. had their regular meeting and election of officers in the K. of C. Home Monday evening. President Mrs. Anna Truschel; vice president, Mrs. Margaret Cameron; recording secretary Mrs. Agnes Hamill; financial secretary, Mrs. Edrie Fee; treasurer, Mrs. Catherine Fee; mistress at arms Mrs Margaret Deskin; sentinel Mrs. Ellen Sennett; organist, Mrs. Anna Eagan.

Mothers Meeting.

Mothers prayer meeting will be held Wednesday afternoon at 2 o'clock at the home of Mrs. Haltman of Hamilton street. Mrs. Wymer, leader.

Loyal League.

Loyal Ladies League will meet for the regular meeting in the city building on Wednesday evening December 8.

PRESIDENT COOLIDGE URGES CONGRESS NOT TO TRY EXPERIMENTS

(Continued From Page One)

navy are large enough. The best preparedness the nation can secure now is to pay off the last war debt, for "a country with debt is a country devoid of its first line defense."

Tariff: America has been made prosperous by the present tariff act. Don't tinker with it.

Radio Legislation: Congress should end the present confusion by giving the Department of Commerce regulatory powers, as proposed in the White bill. There is no need for a separate bureau to handle the problem, as proposed in the Dill bill.

Economy: Economy as practiced by the administration has proved its worth. "Many projects are being broached requiring large outlays. It would be greatly to the benefit of the country if we avoid all commitments at this except those of pressing nature."

Waterways: Extension of the Mississippi river system and development of the lower Colorado river are worthy projects and should be given prompt and favorable action by Congress.

Reclamation: The government is now engaged on a program that will absorb all its funds for some years, but study of future needs should continue.

Railroads: Consolidations would promote lower transportation rates, and enabling legislation should be passed.

Merchant Marine: American merchants should pay more attention to shipping in American ships. "The great need of our merchant marine is not more ships, but more freight."

Coal: Congress has been dilatory in not insuring the country against future strikes. The President should be empowered to deal with emergencies, through legislation providing for mediation, distribution of fuel and protection from profiteers.

Judiciary: Congress should raise judicial salaries.

Banking: The federal reserve system has proved its worth and should be safeguarded. Congress should pass the McFadden branch-banking bill.

The Negro: Lynching should be eradicated by law.

Veterans: "I do not favor any extension of the pension system at this time."

Alien Property: Congress should work out a program whereby alien property can be returned, and at the same time protect Americans having claims against Germany.

Federal Regulation: I am in favor of reducing, rather than expanding, government bureaus which seek to regulate and control business activities." Local and state governments should not look to the government to regulate what is really their own problems.

The Philippines: Gen. Leonard Wood has made a good record as governor general of the Philippines, but at an early date our possessions should be taken out from under all military control and administered entirely by the civil side of the government.

"We are attempting to assist these people to self-government and should look upon their wishes with great respect, granting their requests when right, yet maintaining a frank firmness in refusing when they are wrong."

The President's opening admonition to Congress was against attempting any extended legislative program. Most of the recommendations have heretofore been made in previous messages.

He made one suggestion that the business of government could be expedited if Congress would appropriate for two years at a time instead of one. "Very much time could thus be saved," he said, but it would result in decreasing the work of legislation.

In conclusion Mr. Coolidge spoke of "American ideals".

To relieve the land of burdens that came from the war, to release to the individual more of the fruits of his own industry, to increase earning capacity and decrease hours of labor, to enlarge his vision through good roads and better to leave him free to receive the inspiration of religion, all these are ideals which deliver him from the servitude of the body and exalt him to the service of the soul. Through this emancipation from the things that are material we broaden our dominion over the things that are spiritual."

West Side W. C. T. U. will have a 1 o'clock luncheon at the home of Mrs. A. J. Hunter of Boston avenue on Tuesday, December 14. Dues will be received at this time.

Sixteen Firemen Are Overcome In New York Blaze

NEW YORK, Dec. 7.—Sixteen firemen were overcome by smoke early today while fighting a stubborn blaze in a six story loft building on Walker street, which completely wrecked the interior of the building. Damage was estimated at more than $100,000. No one was seriously injured.

Several hundred telephone and telegraph operators on duty in the American Telephone and Telegraph Company's building directly across the street from the burning building, stayed at their posts while the fire raged.

Hunting Party Says Deer Is Plentiful

If all hunters got along as well in big game hunting as did Harry and George Reynolds, Arthur and Robert Maybray, William and Herman Lenning, Mike Kaufman of New Castle and Gus Johnson and George Mayer of Youngstown, there would not be many deer left by the time the season was over.

These boys were hunting in Clearfield county and returned home Sunday evening.

The party shot one deer, one eight point buck and one four point buck. They report that all the bucks shot by various camps are very fat and that the does are very plentiful, they seem to run in an average of 20 does to one buck.

Prohibition Agents Go Christmas Shopping And Capture "Prize" Shipment

(International News Service)

PITTSBURGH, Dec. 7. — Western Pennsylvania dry agents will do their Christmas shopping early, under orders of John D. Pennington, regional administrator.

Dry sleuths today were spreading their nets to check a long line of run-runners who were expected to begin their annual trek from the lake region into Pittsburgh and other large cities with liquid Christmas cheer. Under orders from Pennington the men will be under vigilant search for anticipated shipments disguised in various ways.

One of the first seizures of Christmas stock being smuggled into the Western Pennsylvania region was a consignment of "malted milk," found to be whiskey and gin from Canada.

Pennington's drive to check the expected shipments of liquor for the holiday season will be concentrated on large consignments from Canada and New York, he said. To local enforcement units will be left the work of cleaning up petty offenders and illicit stills.

Legion Banquet At Grove City

(Special To The News)

GROVE CITY, Pa., Dec. 7.—A banquet on December 10, at which covers will be laid for 200, is planned by the American Legion chapter of Grove City as an expression of thanks for those who assisted them in putting on their recent Minstrel Flashes. The banquet is carded for the Penn Grove and promises to offer all the enjoyment that such previous events given by the chapter are known to have offered. The local chapter is a growing, active organization. The members are alive and keep alive the spirit that prompted them during the term of the World War. The cast of the show numbered 100. The banquet is for members of this cast and the Legion.

The total membership of the Bakery and Confectionery Workers International Union is now close to 25,000.

Mussolini is brave, but he sleeps with a guard at the door and the cabinet in bed with him.

Seventh Ward News

Plans Underway For Church Dinner

Event Will Be Thursday Evening In Local Church—Other News Of Seventh Ward

Plans are well underway for the dinner event which will be held in the Mahoning Methodist church, on Thursday evening. A turkey dinner is being served by the members of the Sabbath school class taught by Mrs. I. E. McCoy. Mrs. R. H. Barker is general chairman in charge of the affair.

This same evening in the church there will be the Revival service in the auditorium in charge of the evangelist Rev. Maitland. The members of the Sheehy-Miller auxiliary will have a display of fancy work, candy and other articles on display for sale during the afternoon and evening this same day.

Tickets for the turkey dinner have been selling good and it is expected that a large crowd will attend. The proceeds received by the Sheehy-Miller auxiliary from the sale of articles will be used toward their missionary apportionment.

S. C. W. BIBLE CLASS

The members of the S. C. W. Bible class of the Mahoning Presbyterian church will have their class meeting in the church parlor, on Thursday evening, at 8 o'clock. The hostesses for the evening are, Mrs. Gertrude Marshall, Mrs. W. J. Spurrier, Mrs. W. S. Swogger, Mrs. George Wilson, Miss Carrie Frye and Miss Mayme Artherholt.

REVIVAL SERVICE.

The subject Rev. Harry Maitland discussed at the evangelistic meeting in the Mahoning Methodist church Monday evening was "The Lost Christ." Taking his text from Luke 42, 46.

That Christ was lost by one whom he would least expect, his own mother at the religious service at the temple. That the people of today are lost through lack of Bible study and prayer. Also that we are lost through lack of confession, that if Christ has done anything for us we ought to confess him.

Some people are lazy and fail to work for Christ and thus lose him. Indulgence in sin, the tendency today of men becoming religious rather than spiritual. At the close of the service seven hands went up for prayer one at the altar.

This evening the theme of the sermon will be "A Losing Game." The service will begin at 7:30 with the song service led by Rev. Maitland.

RECEIVE REPORTS

Pupils at Mahoning school received their report cards for the second six weeks of school on Monday.

LEAVE ON TRIP

Mr. and Mrs. W. M. Gore and children Eileen and Harold of East Clayton street left Monday afternoon for Hopkinsville, Ky., where they will visit with relatives.

NO PRAYER SERVICE.

Wednesday evening there will be no prayer service in the Madison avenue Christian church. A number of the members of the church are planning to attend the revival services in the Mahoning M. E. church in a body.

RETURNS HOME.

Mrs. S. L. Bogart has returned to her home at Pittsburgh, Pa., after spending the past week with Mrs. B. G. Freeburn on West Madison avene. While here Mrs. Bogart and Mrs. Freeburn spent the week end at Cleveland, O.

QUEEN ESTHERS

The members of the Senior Queen Esther society of the Mahoning Methodist church had their monthly meeting and exchange of Christmas gifts at the home of Miss Thelma Barker on West Madison avenue following the revival service, Monday evening. Fourteen members were present. During the evening a most enjoyable social time was had with music, games and the opening of gifts.

At a late hour delicious refreshments were served by the associate hostesses, who were Miss Thelma Barker, Miss Ina Cooper and Miss Rebecca Gwin.

GIRL SCOUTS

The Eagle girl scout troop had their regular meeting in the Mahoning school, Monday evening. There was a good attendance of members present and during the evening the regular meeting was conducted after which the time was spent in playing basketball. The next meeting of the troop will be in one week.

MEETING POSTPONED

The meeting of the Thursday Tureen Dinner club scheduled for this Thursday has been postponed until next week, at which time Mrs. H. S. Gillespie will be hostess to the members at the annual Christmas party, in her home on West Clayton street.

VISIT HERE SUNDAY

Mr. and Mrs. R. G. Clark of North Cedar street had as their guests on Sunday, Mr. and Mrs. S. B. Eggert and Mr. and Mrs. R. C. Andrews and daughter Dorothy Ann of Tarentum, Penna.

SEVENTH WARD PERSONALS

Miss Catherine Davis of Pittsburgh, Pa., was the week-end guest of Mrs. M. J. Scanlon of West Cherry street.

Mrs. E. F. Scanlon of West Madison avenue has recovered from a week's illness.

Jane Leicht of East Clayton street is confined to her home by illness.

Question: What is the nature of the play?

Answer: It is a wholesome comedy full of fine lines and laughter compelling situations.

Question: Was the play a metropolitan success?

Answer: After many months of successful run in New York and elsewhere it has just been released for use by amateurs. The high school pays a large royalty to the author.

Question: Who is Zelda Sears?

Answer: She is the author of this jolly play and one of the cleanest writers of modern comedy. All of Mitzi's plays are written by her.

Danger Time— Croup and Coughs are Common

This is the season when croup comes suddenly to children, and when grown-ups are threatened by coughs. Both are dangerous if neglected.

Croup, coughs, and colds yield quickly to Dr. Galvin's Croup Tincture, which for more than a generation has been a favorite household remedy. Its action is prompt and pleasant, and the results it gives are remarkable.

Don't go through another "danger period" without Dr. Galvin's safe and simple remedy. Many people keep it on hand for use in emergencies. "Have been using it for many years, and don't like to be without it," says a woman in Brooklyn.

EDENBURG

FATHERS AND SONS BANQUET

A large crowd attended the Fathers and Sons banquet at the M. E. church, which was served by the Missionary Ladies of the church. Rev. Burlett, pastor of the church acted as toastmaster. Rev. McDevitt of Harrisville, was present and gave a fine address.

ENTERTAINMENT

The missionary ladies of the Christian church gave their annual Woman's Day program in the church Sunday evening. A large crowd was present to enjoy the program of music and readings which was followed by the playlet Missionary Showers, and at the close a very impressive service was held when the ladies of the Ku Klux Klan of New Castle in their robes marched into the church and presented the church with a beautiful silk American flag. I. M. Hoffmeister, elder of the church accepted the flag with a few fitting words.

Property Damage In DuPont Blast Set At $35,000

Five Workers Are Killed, Nine Injured In Blast On Monday

(International News Service)

CARNEY'S POINT, N. J., Dec. 7.—An official estimate today of the damage caused by the explosion of more than a ton of smokeless powder in the E. I. Du Pont De Nemours plant here yesterday which caused the death of five men and seriously injured nine others, placed the property loss at $35,000.

More than a dozen other persons in the vicinity of the dry house where the explosion took place received minor injuries. Fire broke out immediately following the blast, hampering rescuers in their efforts to recover the bodies of the workmen and threatening to spread to other buildings where high explosives were stored.

Coroner Noel Gross of Penns Grove, N. J., is to conduct an official investigation of the blast today and hold an inquest over the victims. All of the dead were badly mangled and burned.

There's some excuse now to sample Christmas liquor early. A man must discover whether it's going to kill him.

Formerly grape jelly was merely a food and not proof of a temptation overcome.

French Aviator Plans Flight Over Atlantic

(International News Service)

WASHINGTON, Dec. 7.—A nonstop Paris-to-New York flight will be attempted early in the new year by a French pilot flying a 420-h. p. Bernard-Fereois monoplane, the Department of Commerce was advised today by Trade Commissioner L. R. Kelly at Paris.

The plane will have a speed of 125 miles an hour, Kelly's message stated. The name of the pilot and the backers of the flight were not mentioned.

Place Cost Of Hall-Mills Case At Over $150,000

Simpson Issues Statement Saying That Somerset County Should Pay

(International News Service)

SOMERVILLE, N. J., Dec. 7.—The cost of the Hall-Mills murder trial will be at least $150,000 it was estimated by Special Prosecutor Alexander Simpson in a list of bills made public here today. Coincident with receipts of the bills by the board of chosen free-holders, Simpson issued a statement attacking Somerset county's suggestion that the entire state foot the bills.

"Somerset county should pay all expenses," he said.

"I am not convinced that the freeholders alone can prevent this payment."

Outstanding expenses of the trial were $50,000 for hand-writing experts and $50,000 for firearms experts. Other expenses, ranging from $2,000 to $5,000, were for finger-print experts and general expenses of the investigators.

A public hearing will be held Friday when taxpayers are expected to voice their protests against the expense.

He: And is that how you kiss? You've wounded me to the core.

She: You should have kept your Adam's apple out of the way, then.

He (bald): I have a large ball of ivory I want to get cleaned. Where could I have it done?

She (bold): The barber ought to be able to fix you up on that.

IVO RADIATOR GLYCERINE (DISTILLED)

Point 5 —*is odorless*

Fill up today with IVO,

THE IDEAL ANTI-FREEZE

A PROCTER & GAMBLE PRODUCT

IVO Distilled Radiator Glycerine is superior to the ordinary anti-freeze because it—(1) does not evaporate, (2) is non-inflammable, (3) is odorless, (4) will not harm the finish of the finest car, (5) will make your motor operate in Winter at a more uniformly efficient temperature.

IF you've ever driven a closed car with a volatile anti-freeze mixture in the radiator, you know how unpleasant it is to breathe the disagreeable fumes which drift up through the floor boards.

Fortunately, it is no longer necessary to have this unpleasant experience. With IVO in the cooling system of your car, there are no disagreeable or harmful fumes. Many other good features make it the ideal anti-freeze.

Gould Election Inquiry Grounds, Democrats Active

Democratic Leaders Prepare To Force Action On Charges Of Bribery

REPUBLICANS NOT TO OPPOSE MOVE

Insurgent Bloc Ready To Vote For Senatorial Investigation

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, Dec. 7.—Threatening to keep the issue of election corruption alive until the 1928 presidential campaign, Democratic leaders of the senate were prepared today to force immediate action on the Walsh resolution authorizing an investigation of charges that Senator Arthur R. Gould, R., of Maine, was involved in a $100,000 bribery case.

The inquiry will not be opposed by Republican leaders, it was learned, as the resolution does not provide for initiating a contest against the Maine senator. It merely called on the senate elections committee to investigate the charges against Gould and then to recommend appropriate action to the senate. Republicans control the committee.

Administration leaders, however, saw in the move a Democratic program for keeping the issue of election corruption constantly before the American people for the next two years. By such a maneuver, the Democrats would debate the ould case at the present short session and then initiate contests against Senator-Elect William S. Vare of Pennsylvania and Frank L. Smith of Illinois as soon as the new senate convenes in the seventieth congress.

Voters Ignore Charges

The resolution against Gould, recited charges made by a Canadian jurist several years ago that the Maine senator had paid $100,000 to J. K. Fleming, then premier of the Province of New Brunswick. This money was paid the premier by Gould, the jurist charged, in anticipation of future favors from a railroad then represented by the senator. The same charges were aired in Gould's recent campaign but were ignored by the voters of Maine.

Adoption of the resolution was assured when Republican leaders let it be known they would not oppose it. Their every effort, however, will be used to prevent the initiation of a contest against Gould.

The Walsh move too found the republican insurgent block ready to vote for a senatorial inquiry.

"As the charges, coming from a foreign jurist, involve our relations toward a friendly nation, I believe there should be an inquiry," said one insurgent leader. "I don't feel, though, that they justify an election contest as the charges had nothing to do with Mr. Gould's election. In any event, the people of Maine passed upon the charges and did not feel they were serious enough to prevent his service in the senate."

Motorcycle Police Ride Despite Sleet

There are four motorcyclists in New Castle who brave the elements—be it rain, fog, snow or sleet.

They are the two city motorcycle policemen and the two motorcyclists detailed here by the department of state highway police.

THIEVES TAKE $1,000 FROM SCHOOL SAFE

NEW PHILADELPHIA, O., Dec. 7.—At least $1,000 in cash, representing text books funds and class pin collections was stolen from a safe in Superintendent F. P. Geiger's office in the Central high school building, from which the lock had been sledged. School authorities attribute the robbery to home talent.

Town Talk

L. S. Hoon, well known sanitary officer, tells a good hunting story as a result of the recent hunting trip which he and John Hoon had recently in Fayette county, while making the home of Frank Rohlf their headquarters.

The Messrs Hoon with several other big game hunters at the same place, went out one morning and spent the entire morning without coming across a single deer.

They returned home for the noonday meal. They had stacked their guns and removed their hunting togs and were lounging about the fire when some member of the party happened to look out and see a deer.

There was some excitement in the place, when they viewed a deer which it was permissable to shoot, not 50 feet from the house.

Their hunting togs were forgotten in the rush for guns but they were too late as this deer and others in the barnyard, frightened by the onrush of so many men, made their getaway.

The party was not successful in getting any deer this season.

The clerk in the city health bureau today claims that one of the sanitary police arrived for duty with a pain in his "tummy".

"Guess I have acute indigestion" he moaned.

"What did you eat for breakfast this morning" asked the sympathetic clerk.

"Fourteen buckwheat cakes, half a slice of ham and I drank three cups of coffee" he replied.

The 'sympathetic' clerk laughed.

Nothing wasted that can be saved.

In other words large corporations do not want waste.

Several days ago freezing weather caused water company employes to lay straw as a protection for the cement base poured into the ditch which will be occupied by the Mercer street water line.

As the workmen prepared to fill certain portions later, they removed the straw and placed it in bags to be laid in another section.

To decide for yourself the feasibility of a traffic policeman or a traffic light at the intersection of East Washington street and Cochran Way a person should attempt to cross the street.

He or she will discovered that some automobilists will be considerate and allow pedestrians to cross in safety. They will also find out that there are motorists not quite so considerate.

Motorists also will discover that pedestrians chance life and limb by rushing between cars and with the holiday season gathering momentum every day a means of preventing accident there would be a good move.

Tennessee Bank Cashier Suicides, Funds Are Short

(International News Service)

MEMPHIS, Tenn., Dec. 7.—Clarence Henochsberg, assistant cashier of the American Savings and Trust company, shot and killed himself here today after admitting to relatives a shortage that may exceed $300,000.

The bank did not open its doors this morning. A statement was issued that depositors will be protected. Although stockholders are expected to lose heavily.

Henochsberg is the third bank official in the last few months who admitted huge shortages.

Committee Meets During Afternoon

A meeting of the Recreational Facilities Committee of this city, organized with representatives from the various civic organizations of the city, appointed at the suggestion of the mayor and city council, will be held this afternoon in the rooms of the Chamber of Commerce. The meeting is being held for the purpose of planning playground facilities for the children of the city in years to come.

W. B. Thompson, field representative of the Playground Recreation Association of America, arrived in the city this morning and will be present at the meeting, for the purpose of assisting the committee in making plans.

The feeding of the 5,000 is the only miracle that is recorded in all four books of Matthew, Mark, Luke and John.

Helps Old Folks Gain Vigor and Health

If You Are Not Joyably Satisfied That It Does McKee's Kut Rate Will Refund Your Money.

Senate Democrats Seek Early Vote On Tax Legislation

(International News Service)

WASHINGTON, Dec. 7. — Senate Democrats today demanded early enactment of tax reduction legislation.

At a party conference held in the office of Senator Robinson (D) of Ark., their leader, the Democrats pledged themselves to support the Simmons-Garner plan for passage of a bill, permanently slashing taxes all down the line. A dozen Democratic senators addressed the conference, attacking President Coolidge's credit plan.

The conference instructed Robison to find committee assignments for Senators Hawes, D, of Missouri, and Walsh, D, of Mass., who were sworn in yesterday.

YOUTH STUMBLES, FRIEND IS KILLED WHEN GUN FIRES

OIL CITY, Pa., Dec. 7.—Wilford Schill of Fryburg, son of Bernard Schill, was killed yesterday afternoon while hunting in Clarion county. His companion stumbled and fell and his gun exploded, the shot striking Schill in the head.

Prohibition, Radio, Tax Reduction And Relief For Farmers

These Are Things That People Of Nation Show Interest In At Present

Bills Introduced Into Congress Most All Hinge On These Subjects

By WM. S. NEAL
International News Service Staff Correspondent

WASHINGTON, Dec. 7.—The country is thinking about prohibition, tax reduction, radio, and farm relief—if the shower of bills thrown into congress on its opening may be taken to show the trend of public thought.

Members, fresh from contact with home influences, literally engulfed the dying session of the 69th congress today with bills and resolutions bearing on this quartette of problems.

Many members of congress are determined to abolish the nuisance taxes growing out of the World war. A half-dozen bills dealing with the remaining "war taxes" have been introduced.

The advice of President Coolidge and the program of democratic leaders both have been disregarded as individual members have written their own ideas into tax bills.

The early rush to present tax reduction measures forecasts a determined effort to alter some schedules of last year's tax law although republican leaders already have turned thumbs down on the suggestions.

Cotton Enters Issue

Cotton is entering into the farm relief fight with new force, it is indicated in the new bills. One bill, by Rep. Lankford (D) of Georgia, has proposed a cotton corporation with the government providing $500,000,000 capital stock.

The revised McNary-Haugen bill of the farm bloc is scheduled to be started on its uncertain journey tomorrow. There are rumblings of a farm bloc demand for a special session of congress if relief efforts fail.

Prohibition registered an emphatic note in the bills of the short session. The proposal of Rep. Gallivan (D) of Massachusetts, for referendums in every state at the next election is one of many bills introduced or in preparation.

Resolutions to provide a temporary cure for alleged chaotic conditions in radio broadcasting, by prohibiting further licensing until permanent legislation is passed, reflected the wide interest among members of congress in this subject.

More than 12,000 bills now await action on the congressional calendars. Hundreds of new bills are expected to be introduced by the end of the week.

Memorial Windows To Be Placed In New Third Church

Memorial windows for the new Third United Presbyterian church now in the course of erection at the corner of East Washington and Adams street, are under consideration.

Those interested are asked to see the pastor, Rev. S. B. Copeland or the secretary of the building committee, G. A. Colnot.

On December 1, 1925, the building committee authorized the placing of name plates on doors of class rooms in the new church, in recognition of any organized class in the Young People's division of adult department which should give $200.00 or more to the building fund before the date of dedication; the same recognition to any class in the Intermediate department giving $100.00 or more to the fund in the same period.

Thus far a number of classes have responded to this request and it is believed that many of the organized classes will secure the name plates on the doors of their class rooms.

Plans for united opposition to higher wages and the five day week in the building industry will be made by the building trades employers of the country at a national conference soon to be held in Pittsburgh under the auspices of the National Association of Building Trades Employers.

VOLANT

Services were held in the Methodist church on Sunday morning. Rev. C. B. Straug of Nazarene church near Akron, O., delivered the address of the morning. Accompanied by Mrs. Straug, they sang a special number. Rev. Straug also preached the evening service.

Prayer meeting will be held in the Methodist church on Thursday evening conducted by Rev. L. W. Miller, pastor.

The soup dinner given by the Ladies' Aid society will be held in the basement of the Methodist church on Thursday from 11:30 a. m. until 1:30 p. m.

The officers of New Wilmington district of Young People's council met at the home of Mabel Simpson on Friday evening in preparation for their next meeting, which will be held in East Brook on December 13.

Mrs. S. M. Cooper and daughter Ruth were New Castle shoppers on Saturday.

W. J. Allen was a New Castle business caller on Saturday.

Mr. and Mrs. E. B. Reed announce the birth of a daughter on November 30.

Word has been received here of the illness of Mary Helen Allen, daughter of Dr. and Mrs. J. I. Allen of Cleveland, O.

Misses Leona Lusk and Edna Yeager, who are attending high school at New Wilmington, are staying at the home of Mrs. Price of that place.

Rev. L. W. Miller has returned to his home here after hunting for big game in the north.

Mr. and Mrs. R. N. Moose and family were visitors Sunday at the home of Mr. and Mrs. Carl Moose of Leetonia, O.

Many from this village and neighboring vicinity are planning to visit New Castle on Friday to greet Santa Claus and his reindeer. School will be dismissed early so that the children may attend.

The Sabbath schools of both churches are preparing for their Christmas entertainments. The Presbyterian church will give their entertainment on the Friday night before Christmas. The Methodist church has not yet announced the night of its entertainment.

Card of Thanks

We wish to thank our many friends and neighbors for their kindness, for the flowers sent, and cars furnished during the illness and death of our husband and father.

MRS. W. A. HOUK AND FAMILY. Local 1t*

A water power and paper pulp development in Alaska the ultimate cost of which will be nearly $30,000,000 and which will provide employment for from 3,000 to 4,000 men is under consideration by a group of San Francisco capitalists.

Practical

And Something Women Love

General Electric Refrigerators

A GIFT as soul-satisfying as silks—or furs—or even jewels.

Yet a gift as practical as a new broom.

Perfect for the woman who loves fine things, just because they are fine;—perfect, too, for the careful guardian of the family treasury who puts economy and utility first.

Happy, indeed, will be the woman who receives this Christmas — General Electric.

Pleased because she receives "the best;" joyful because of another convenience that makes her duties easier; her domain still more modern and still more envied by her friends.

Many considerate husbands have already decided on General Electric as this year's solution of their annual dilemma. We suggest that you, too, put an end to your perplexity by phoning us today.

Presents Skillful Interpretation Of Part In Comedy

VIRGINIA REEHER

Comedy has a ready appeal for an audience. However, it requires careful work on the part of the performer to keep it from becoming burlesque. Virginia Reeher is presenting a skillful interpretation of Elmine, the chief comedy character in "A Lucky Break," to be shown at the Senior High School, December 8 and 9. The work of this clever little actress reveals a steady development in her art.

Dancing is the oldest of the arts. It antedated language in the history of man, and has played an important part in his religious ceremonies as well as his celebrations of a secular nature. Undoubtedly it has been corrupted at times, as have all the arts, but dancing remains essentially "a spontaneous release of energy expressive of physical well-being and spiritual happiness," according to H. G. Wells.

The dance has not been neglected in the new play. For those who appreciate its grace and beauty the solo dance of Rosalind Ehrlich will be one of its high lights. Those who do not so readily respond to rhythm will enjoy the aspirations of the "wood simps." In addition there will be a dance by a group of girls between acts.

Measurements Taken In Reducing Classes

Mid-Term Measurements Are Taken In Y. W. Reducing Classes

Last week in the "Y. W." reducing classes the mid tem measurements were taken. This marked the completion of the ninth lesson and was one lesson beyond the middle of the term.

The individual losses in measurements have been quite good; however the grand total is not as large as it might have been had all the members been in attendance when the class was measured.

Measurements are taken around the chest, waist, hip, and calf. The figures show the losses made in nine weeks.

Total number of pounds lost, 169; total number of inches lost, 132; largest individual loss in pounds, 16; largest individual loss in inches, 10 3-4.

The aim of the class is to lose 15 pounds per individual during the term, which would be one pound a week. This makes a safe and sane reduction. Flesh is not put on speedily and it follows that a slow reduction is the wiser and more intelligent method. However some of the ladies have not lost the desired average of one pound a week while others have lost more.

The new term will begin the first week in February. It is not too soon to register if you care to enroll in the new term. Registrations are already in for the new class so if you wish a place reserved just call the "Y. W." 748. The enrollment is limited.

To Make Pine Cough Syrup at Home

Has no equal for prompt results. Takes but a moment to make. Saves about $2

Pine is used in nearly all prescriptions and remedies for coughs. The reason is, pine has a remarkable effect in soothing and healing the membranes of the throat and chest.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified honey, instead of sugar syrup. This makes a full pint—more than you can buy ready-made for three times the money. It is pure, and tastes good.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, bronchitis, and hoarseness.

Pinex is a highly concentrated compound of genuine Norway pine extract and palatable guaiacol, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Judges Impose Freak Penalties

Coast Judges Switch Prison Term Order And Hand Out Unique Tasks

MAN EMBALMS HUGE WHALE

(International News Service)

LOS ANGELES, Dec. 7.—Judges in local courts recently imposed several freak penalties upon offenders who appeared befre them for sentence.

When Garland W. Dale pleaded guilty to forgery, Judge Carlos S. Hardy sentenced him to go to church every Sunday for the next five years in order "to meet the right kind of people".

And Traffic Judge McConnell entered H. Joe Johnson, a University of Southern California student, in the tryouts for the next Olympiad. Johnson pleaded guilty to speeding and to driving an automobile without a license. When the court learned that Johnson was a champion swimmer, he agreed to suspend sentence if Johnson got in training to fit himself for Olympic swimming competition.

"Shorty" Gunther of Newport Beach, near here, is embalming a 2500-pound shark to prove his unusual "fish story".

Three years ago, Shorty and several companions were fishing from a boat when he hooked what he thought was a jew fish. After spearing the monster several times Shorty lost it when it broke loose.

Several days ago, Shorty again hooked what he thought was a jew fish. After struggling with his catch Thursday, Friday and Saturday, he successfully landed it Sunday morning and discovered by the scars on its side that it was the same fish he had jabbed three years before.

Now he is having the fish embalmed to prove it.

With the announcement that Del Monte and Sacramento will offer $5,000 and $2,500 in prizes, golf purses for the California winter season now total $20,000—the biggest purse in the history of the state. The 30-day season will open with the Del Monte tournament on Dec. 10, and wind up on January 5-9, the dates for the $10,000 Los Angeles open.

Count Vladimir A. Baranoff, "White" Russian envoy to the United States, conferred with Los Angeles capitalists recently over his plans to establish here a manufacturing plant for a small defensive airplane, called "The Wasp".

"A few hundred of these planes, which carry only one man and from 300 to 400 pounds of TNT, could blow an invading fleet out of the water," Count Baranoff declared.

Count Baranoff is also interested in exploiting the vast steppes of Siberia.

"Siberia offers wonderful opportunity for investment," he said. "Her resources are the richest in the world; all that is needed is a stable government."

Estelle Taylor, wife of Jack Dempsey, may be Emil Jannings' first leading lady. Rumor has it that Famous Players-Lasky officials are so pleased with her performance as "Desiree" in New York that they will make efforts to borrow her from United Artists, to whom she is under contract.

Conrad Veidt, widely known foreign motion picture star, who was recently signed by Carl Laemmle under a five-year Universal contract, has returned to Europe to complete a former contract. He will be gone about two and a half months.

In order to get the proper atmosphere and surroundings in his work of adapting the Edna Ferber novel, "Show Boat", to the screen, Charles Kenyon, Universal scenarist, will leave for the middle west.

He plans to visit various spots on the Mississippi and see for himself the actual locations described by Miss Ferber.

Charter Is Granted To Retail Druggists

Charter for the Retail Druggists Association has been placed on record at the register and recorder's office. The objects, as set forth, are to foster, protect and promote the interests of persons engaged in the retail drug business, to the end that better service may be rendered the public. The association has no capital stock. Directors chosen for the first year are Scott Paisley, John B. Haley, S. Reed Megown, Alfred C. Hyde, William W. Frantz and Earl A. Douglass of this city and F. L. Schweitzer of Ellwood City.

Addition To High School To Cost More Than First Planned

Architect Says Addition Will Exceed Estimate Of $200,000 Allowed For Work

At the meeting of the New Castle school board held Monday evening Architect W. G. Eckles, in charge of the plans for the addition to the senior high school reported that it would be an utter impossibility to stay within the $200,000 limit set by the board at a recent meeting and asked what action they wanted to take.

The matter then came before the board and the question was asked why 18 rooms and a gymnasium should cost more than $200,000. It was explained that the addition would have to be in keeping with the architectural design of the old building, that this was of an expensive design and that it would be impractical to build an addition of a different design.

The resolution which limited the architect to $200,000 was then reconsidered and a resolution passed authorizing Mr. Eckles to prepare plans for the addition, keeping the cost as low as possible, and adding nothing to the addition for decoration which would add to the cost.

Lincolns To Play Karns City Five

The Lincoln five will meet the fast Karns City Penn-Ricco team at the Y. M. C. A. on Saturday night, was the announcement today from Walter E. Kirker.

The Karns City five is managed by "Rink" Kofford, former Allegheny College star, and contains such well-known players as McMeeken, former Westminster floor luminary, and McGivern, former Duquesne University player. A preliminary game to the main go has been arranged.

THE JAY BIRDS MAGNIFICENT MUSICAL ACT AT PENN

Mary Astor and Lloyd Hughes in "Forever After"

Nellie Jay and Her Jay Birds, 10 beautiful girl entertainers, proved to be one of the most striking musical acts ever presented on any stage in New Castle. The Jay Birds, all young, beautiful, and clever musicians with their instruments, with several soloists among them, give an entertainment of 20 minutes that cannot be excelled anywhere. When the curtain descended on the act last night vociferous applause was given forcing an encore and still the audience clapped for more. It is an act that will long be remembered here.

The feature picture of the evening was "Forever After" with Lloyd Hughes and Mary Astor in the leading roles. It is a fine romance, based on the stage success by Owen Davis. It is romance free from all the jazz and maudlin bunk of so many modern plays, but it has a wonderful appeal. Starting in school life, through college, the consummation takes place during the recent war, in one of the prettiest stories ever written. Billy Dolley the sailor boy comedian amuses you in "A Briny Boob" and the News reel shows all the latest news of the world in pictures.

Nellie Jay and her Jay Birds, "Forever After" and the short subjects will be at the Penn Theatre for three days only closing Wednesday night.

Re-Elect Officers For School Board

Attorney Moffatt Re-elected As Board Solicitor For Twenty-First Time

Following the Act of Assembly, calling for an organization meeting of the school board on the first Monday in December, the New Castle school board met Monday evening and elected officers for the coming year.

No changes were made, the present officers being elected without opposition. They are President James K. Love; vice president, Mrs. John G. Nothdurft; solicitor, Attorney William J. Moffatt.

The election of Mr. Moffatt marks the 21st time such action has been taken, he having held the post of school board solicitor for the past 20 years consecutiveiy.

The dates of meetings for the coming year were set as follows: December 14, 1926; January 11, 1927; February 8, March 8, April 12, May 10, June 14, July 12, August 9, September 13, October 11, November 8, 1927.

The rules of order and order of business governing meetings were again adopted and the same standing committees ordered appointed.

Atorney C. H. Young was again elected to serve on the sinking fund committee with President James K. Love.

The resignation of James G. Dilley a janitor was accepted as of January 1, 1927.

The board then went into special session to discuss plans for the new junior high school.

The Slavs numbering from 140 to 170 millions form the largest racial division in Europe.

NEW YORK CITY

Frenchy Says:

I read an account in Sunday's paper, where some fellow with more money than he knew what to do with paid $100,000.00 for an old RUG some 400 years old. When I had finished reading I looked out the window at it storming and thought what that $100,000.00 would do towards relieving the sufferings of the unfortunate and needy families in this country. So I decided right then that for the week beginning December 13th and ending December 18th, that we would donate to some worthy organization in New Castle, 2% of the gross receipts of our store for that week, to this organization, to help make Xmas more cheerful for the unfortunate and needy families in New Castle. That means if our receipts for the week above mentioned total $5,000.00 we will donate $100.00, if they total $10,000.00 we will donate $200.00 and so on. That doesn't sound like very much I will agree, but if every business house in the city will do as much, what a grand and glorious Xmas it will be in New Castle. Let's Go.

New Castle Y Boys Attend Conference

Delegation Returns From Conference Of Older Boys At Wilmerding

Boys from the Y. M. C. A. who were representing New Castle, have returned from Wilmerding where they attended the Older Boys Conference of Western Pennsylvania held Friday, Saturday and Sunday.

Three hundred and fifty boys were at the conference which is promoted by the State Y. M. C. A. office. A most interesting program was carried out.

Friday afternoon R. H. McDowell of Pittsburgh, gave an address on "Obligations of Youth."

After a banquet in the gym at 6 p. m. Mrs. N. B. Everstone, welfare worker of the Westinghouse Electric company, spoke on the subject "My Obligations to Girlhood."

Saturday afternoon there was an address given by C. C. Kline of Knoxville high school of Pittsburgh on "Obligations to the Home." Saturday evening T. C. McConnell of New Castle, a Y. M. C. A. man from China, spoke on the subject "Obligations to the Other Fellow."

Sunday afternoon R. A. McDowell had charge of the service and used for his subject, "My Obligations to Christ." At this meeting many of the boys took their first step in the Christian life and nearly every fellow there pledged himself to a higher standard of living. Sunday evening Rev. W. T. Hartley pastor of the Methodist church there in which most of the conference meetings were held had charge of the service.

Those representing the New Castle Y. were William Kirk, Harold Guy, Richard Bartley, Clarence Bratchie, Paul McWilliams, Donald McGoun, David Young, Kenneth McClure, Harry Lample and O. S. Goodwin.

That chap who executed Peking editors without trial might tell an interesting story of rejected manuscripts.

Christmas is coming, but it means little to Europe. She no longer believes in Santa Claus.

Recommends Expenditure Of $65,477,365 On New Rivers-Harbors Program

(International News Service)

WASHINGTON, Dec. 7.—Expenditure of $65,477,365 on river and harbor improvements for the fiscal year ending June 30, 1928, was recommended in the annual report of Major General Edwin Jadwin, chief of engineers, U. S. army. This is distributed as follows:

For river and harbor work, general, $54,459,365; Mississippi river flood control, under Mississippi river commission, $10,000,000; Sacramento river flood control, under California debris commission $518,000; examinations, surveys and contingencies, $500,000.

Gen. Jadwin also asked for $3,643,870 for civil projects under his jurisdiction that do not come within the scope of river and harbor improvements, yet are closely related thereto. These include $2,000,000 for road building in Alaska, $174,000 for protection of shipping in New York harbor and $143,000 for survey work in the Great Lakes.

Expenditures for river and harbor work during the fiscal year ended June 30, 1926, totalled $63,463,786 of government funds and $3,108,156 of contributed funds.

Recommendations of amounts, exclusive of available funds that may remain unexpended at the end of the present year, which can be profitably expended during the fiscal year 1928, include:

Middle Atlantic seaboard—Delaware river between Philadelphia and Trenton, $826,000; Delaware river, Philadelphia to sea, $2,600,000; Marcus Hook, Pa., ice harbor, $5,000; Raccoon creek, N. J., $7,500; Oldman's creek, $7,500; Alloway creek, $5,000; Cohausey creek, $7,500; Absecon creek, $5,000; Tuckerton creek, $5,000; Wilmington, Del., harbor, $200,000; St. Johns river, $25,000; Mispillion river, $7,500; Broadkill river, $5,000; inland waterway between Dohoboth and Delaware bays, $5,000; inland waterway between Chincoteague and Delaware bays, $5,000; Baltimore harbor and channels, $460,000.

Pennsylvania—Erie harbor, $10,000.

Ohio river valley—Monongahela river, Pennsylvania and West Virginia, $275,000; Allegheny river, open channel work, $5,000; Allegheny river, construction of locks and dams, $1,500,000; Ohio river, open channel work, $250,000; Ohio river, construction of locks and dams, Deadman island lock walls, $1,000,000; dam No. 41, $1,200,000; dam No. 46, $600,000; dam No. 47, $1,000,000; dam No. 49, $100,000; dam No. 50, $900,000; dam No. 51, $1,150,000.

ECZEMA

The mighty healing power of Peterson's Ointment when eczema or terrible itching of skin and scalp tortures you is known to tens of thousands of people the country over, often the itching goes overnight.

For pimples, acne, rough and red skin, itching piles, ulcers, chafing, burning feet and all skin blemishes and eruptions it is really wonderful. Ask your druggist—and remember a generous box for only 35 cents.

Liberty Grange

POMONA MEETING

The various subordinate granges of the county were well represented at the quarterly meeting of Pomona held at "Liberty" last Wednesday. Rev. St. Claire of the Neshannock U. P. church made the principal address which was well received. Seven granges in Lawrence county are now "over the top" in regard to the State college girls' dormitory fund. Plans were discussed concerning the grange, which will convene at Lancaster, Pa., next week. Several local folks plan to attend.

A fine cafeteria lunch was served at noon by the ladies of the grange.

ENTERTAINMENT AND SOCIAL

A number of the young folks attended the entertainment and miscellaneous social at the Carr school near Volant last week. They reported an interesting program and a nice sum was realized for the benefit of the school.

Miss Helen McCracken is the teacher there.

VACATIONS ENDED

Herman Patton, a student at Penn State, has resumed his work, having spent his Thanksgiving vacation with his parents.

Isabelle West, Ora Cameron, Eleanor Locke, Mary Margaret Turner, Gill Brown and Harold Cameron have returned to their studies at Slippery Rock Normal and high.

FUNERAL SERVICES

Funeral services for Harlan Hartzell held from the family residence near Ellwood City last week were largely attended. Mr. Hartzell was a former resident of near Harlansburg and his many friends here were sorry to hear of his fatal accident. Mrs. Hartzell and two children survive.

W. C. T. U. MEETING

Mrs. Edith Harlan will entertain members of the Harlansburg W. C. T. U. on Thursday, December 9, at 2 o'clock.

FUNERAL SERVICES

Several local people attended the funeral services for Mrs. Isabelle McCracken Miller held in the Portersville Presbyterian church. Mrs. Miller was seriously ill of pneumonia and was somewhat improved but suffered a relapse and died suddenly. The deceased was a niece of Mrs. Jennie Walton.

Mrs. Miller is survived by her husband and two small children. Her death was a shock to her many friends in this community.

PLAY TO BE PRESENTED

The cast has been selected and practices have now been started for a play by the local play committee. "Her Uncle's Niece" is the title of the one chosen and the first performance will probably be staged during the Christmas holidays.

Most for Your Money

OPEN EVENINGS

308 E. Washington St.

One-Dial Control!

. . . in this amazing 5-tube set at $50

Already the new 5-tube Crosley set, at $50, has met such a tremendous demand as to confirm the prediction that it will replace thousands upon thousands of sets now in use.

Confronted by high prices, many people who desired to replace their old sets have hitherto hesitated to do so. Now . . . in the new Crosley "5-50" . . . they find the features and qualities they desire, formerly exclusive to very high priced sets . . . available at small investment.

The incomparable joys of Single-Dial Control! Uncanny selectivity, resulting from its metal-shielded chassis and the surpassing efficiency of the Crosley circuit's advanced design! Exquisite volume, thanks to the matchless Crescendon! Crosley Acuminators, power tube adaptability . . . all the attributes of radio at its best . . . for $50!

In all the Crosley line no instrument represents a greater triumph than this wonderful 5-tube set. Examine the line in full, as illustrated in the marginal column at the left . . . each item a victory for *mass production* in reducing radio prices. Then see the Crosley line at Crosley dealers . . . including the new "5-50" . . . now on display!

See it . . hear it. View the refreshing beauty of its solid mahogany cabinet. Operate it yourself. Watch the stations, written in on the graphic dial, parade before you and usher in their programs with unerring accuracy. Sharpen the selection with the Crosley Acuminators. Release inspiring volume by means of the Crescendon.

Know what heights . . . in tone, volume, selectivity and sensitivity . . . radio of moderate price has reached!

Crosley Features

"CRESCENDON"
When on ordinary radios, ears must strain to catch a station fallen away, a turn of the Crescendon on Crosley radios instantly swells reception to room-filling volume. An exclusive Crosley feature.

ALL-METAL SHIELDED CHASSIS
This truly great radio achievement, found in several Crosley sets, furnishes a substantial frame for mounting elements, produces excellent alignment of condensers, shields the units from each other, prevents interlage, improves the stability of the circuit, increases selectivity and saves costs by standardizing this phase of manufacture.

THE SINGLE-DIAL STATION SELECTOR
Nothing in radio equals the joy of the convenience of single dial control. Crosley single drum control enables you to find the stations sought, without log book or "tuning"

THE "ACUMINATORS"
Crosley Acuminators provide sharp tuning where reception spreads broadly over dial, easily tune out local and bring in far stations. Ordinarily, once adjusted and they need not be touched again.

USE OF POWER TUBE
Power tube adaptability marks the Crosley "5-50" and "RELI" sets. This feature typifies Crosley provision for best radio reception at moderate cost. This feature is in keeping with all that is most progressive.

QUALITY AND BEAUTY IN CABINETS AND CONSOLES

© 1926 Q. S. O. R. Co.

There's an *extra* quart in every gallon

A sweeping claim, but easily proved. For, at the point where the refining of ordinary motor oil stops, Quaker State Medium Motor Oil is run through an additional, exclusive, *super*-refining process which takes out the non-viscous content present in ordinary oils—more than 25% of the whole. *That's why there's an extra quart of lubricant in every gallon of Quaker State Medium Motor Oil.*

Quaker State Medium Motor Oil is *all* lubricant—100%. That's why it has made such remarkable performance records, and won the recommendation of the makers of our best-known cars, among others, Franklin, Wills Ste. Claire, and Rolls-Royce.

Ben Franklin School In Lead

Junior High School Beats All Records For Savings In November

The Benjamin Franklin junior high school has come into its own and has the old thrift program working fine, for during the month of November they broke all previous records for any school since the thrift system was installed, saving a grand total for the month in pennies, nickels, dimes and quarters of $628.82.

The Highland school, which was the thriftiest school in the city last year, did better than they have done at any time previously but they could not keep up with the fast pace set by the Benjamin Franklin junior high. Highland school did fine, however, by saving $296.02 which put them in third place, as Lincoln & Garfield is also in the race and won second place with the fine total of $296.94.

The Oak street school also came up into the front rank for the month of November and was a close fourth with the total of $291.81 saved for the month.

The Mahoning school also did unusually well and came in fifth with a total of $279.45. Another school that was over the $200 mark for the month was the Aiken school and it has one of the best gains over last month of any school in the city, having a total of $206.01.

The West Side school had a gratifying total of $174.44 for the month. The North street junior high school, the fine total of $167.45, the Pollock school $160.84 which is its banner month, the Thaddeus Stevens $133.04 which is a gain for its over last month, the Rose avenue school $110.44, the Croton school $108.02, the Arthur McGill school $106.28, the Terrace avenue school $95.56, the Martin Gantz school $92.69 and the Lawrence school $85.61.

The county schools outside of New Castle also did well for the past month, the Scotland school saving $78.95 and the North Beaver township consolidated school at Mt. Jackson, in which the system was recently installed, did very well with the total of $57.92.

In addition, there was $101.87 put in the thrift machines in the lobbies of the Lawrence Savings & Trust company.

The total amount saved by all the schools for the month of November was $3,472.25 which is the largest amount saved during any month since the system was installed.

The total amount having been put into the automatic receiving tellers since they were installed in the various schools of the city is $54,496.30.

CONSTIPATION

Is the big trouble in every serious sickness—causing depression of spirits, irritability, nervousness, imperfect vision, loss of memory, poor sleep, loss of appetite, etc.—stop it with a regular course of

SCHENCK'S MANDRAKE PILLS

They act promptly and freely, but gently, thoroughly cleansing the bowels—*the specific* for indigestion, headache, biliousness, heartburn, flatulency when caused by constipation.

Purely vegetable. Plain or Sugar Coated.

90 YEARS' CONTINUOUS SALE PROVES THEIR MERIT.

Tire repairing

You Can't See 'Em

Many tire repair jobs are unsightly—you can see the repaired portion of the tire a block away.

But a really good workman does a job you will find difficulty in detecting unless the spot is pointed out to you. And that's the way we do our work. Every repair is a finished job.

And they're as dependable as they are good looking. Goodyear Repair Materials are used throughout.

Try us for your next tire repair.

Anarchy Reigns In Foochow, Say Late Messages

Mobs Of Radical Students Raid British And Japanese Property

SITUATION IS BECOMING ACUTE

(International News Service)

SHANGHAI, Dec. 7.—A state of anarchy prevails today in Foochow with frequent anti-foreign riots and bloodshed, according to messages from there.

Mobs of radical students raided British and Japanese property today. Chinese who failed to show the proper amount of sympathy toward the raiders were killed forthwith. The body of a Chinese detective was openly dragged through the streets.

Japanese Marines have been landed and are protecting the foreign population. American destroyers are enroute to Foochow.

The general strike at Hankow is not effective at Hankow, but the strike epidemic is spreading to other cities. Today an extensive stoppage of work developed at Swatow where many foreign firms were left without laborers.

A message from Hankow said the Cantonese comander, General Chang Kai-Shek is organizing military headquarters in Kiukiang preparatory to ofering stiff opposition to the northern troops now advancing up the Yangtse river from Nanking.

LILTS OF LAUGHTER AND LOVE FEATURE BILL AT CAPITOL

Fourteen feet of dancing sounds like a piece of film. It isn't. It's just the odd billing for an act that is playing the Capitol the first three days of this week.

Fourteen feet that dance. And how. Nimble and graceful, ridiculously funny at times, but graceful all the time, these five girls and two boys have an act that would be termed south of 42nd street as a riot. It's all of that.

Cantor and Duvall have a singing act that has plenty of harmony in it, finishing with an impersonation of a recording piano. A neat act and one that helps the bill.

The opening act, Bob Mills will surprise you. The young man plays a piano mighty well, plays such numbers as "Kitten On The Keys", but has only one arm with which to do it. The other was sacrificed in France during the World war. If you think this lad doesn't overcome a terrible handicap, come down and see it.

Adolph Menjou stars in the picture, "The Ace of Cads". Beautiful Alice Joyce supports him and Susan Fleming formerly of New Castle is in the cast. A typical Menjou picture, mustache and all.

LIGHTING MEN HEAR ENGINEER

Penn-Ohio Men At Meeting Of Luman Club In Youngstown, O.

Forty members of the lighting department of the Penn-Ohio system heard an excellent address by Walter Sturrock, illuminating engineer of Nela Park, Cleveland, on Monday evening at a meeting of the Lumen Club at the Y. M. C. A. Youngstown.

Lighting men were present from Youngstown, New Castle, Sharon, Greenville, Salem and Lisbon. It was the first meeting of the club, which is composed of the members of the illuminating department of the P.-O. from all districts.

Mr. Sturrock, who is one of the leading experts in commercial lighting in the country, told of the many tests which have been made to determine the effect of better lighting on sales in stores and on production in mills and factories. He cited a number of specific tests and showed that in each case there was a rapid increase in production or in sales when more light was used.

He stressed the fact that the important factor was the control of the light source so that the light is properly diffused. Often, he said, when bare lamps are used, the impression of the person working in this light is that there is too much light when as a matter of fact there may be too little light, but too much glare.

Short talks also were made by Frank W. Funk, chief engineer, and H. N. Wood, commercial manager of the Penn-Ohio, and Mr. Beach of the Banner Mazda division of the General Electric Company. Several selections were sung by the Penn-Ohio quartet.

Two Pennsylvania Congressmen Fail To Attend Opening

(International News Service)

WASHINGTON, Dec. 7.—All but two of Pennsylvania's 36 congressmen answered to roll call at the opening session of Congress. The absentees were Congressman Henry W. Temple, Washington, Pa., who is ill, and Congressman H. J. Bixler, Johnsonburg, who had difficulty in coming here because of a snowstorm. Bixler was expected to arrive today.

Hunting Season Ends In Mercer Co.

(Special To The News)

MERCER, Pa., Dec. 7.—With the hunting season for 1926 over in this county when it is stated that 20 prosecutions have already taken place for violation of the game laws it may be safely said that this total will be all. The violations ranged from failure of hunters to sign their licenses to wanton destruction of game.

Game Warden Frank Fair of Sharon was ably assisted in his work this fall by members of the combined sportsmen's clubs of the county in watching for game violations and bringing the guilty to justice. Each year the number of hunters increases and the quantity of game decreases, say the sportsmen.

Judge Adjourns Fall-Doheny Case

Twenty-Four Hour Adjournment Granted To Allow Doheny To Recover

By GEORGE E. DURNO.
International News Service Staff Correspondent

WASHINGTON, Dec. 7.—The Fall-Doheny conspiracy trial was adjourned for 24 hours this morning when Justice A. A. Hoehling learned that E. L. Doheny, the millionaire oil operator, had been confined to his bed following a second operation in the infected arm which he has been carrying in a sling for the past several days.

Frank J. Hogan, chief defense counsel, asked the court to proceed with only one defendant, former Secretary of the Interior Albert B. Fall, in court. Hoehling, however, in consideration of the various legal points at issue thought an adjournment over the day would be desirable while he had an opportunity to examine the law as to whether a defendant's presence is mandatory.

Assurances were given to the jury that the elderly defendant would be in court tomorrow morning.

Doheny is suffering from a carbuncle which is affording him considerable pain and keeping his temperature slightly above 100. In view of his 70 years his physician, Dr. Gerry Morgan thought it best to keep him in bed.

Nelson Made Head Of Police Lodge

Fraternal Order Of Police Elects Officers For Coming Year

Annual election of officers of New Castle Lodge No. 21, Fraternal Order of Police was held last night at the City building. D. T. Nelson was elected as president for the coming year. Clarence Samuels was elected as vice-president.

The following officers were re-elected for another year: James Steiner, as secretary; John Young as treasurer and Joseph Greer as trustee. Other officers elected at this meeting were J. Ed. Elder, outside guard and Charles Augostine, inside guard.

Large Honor Roll For Grove City

GROVE CITY, Pa., Dec. 7.—What will be the largest honor roll of local high school students of record is predicted for the month of November by Prof. G. W. Crowther, the school principal. In one senior room, states Mr. Crowther, 17 out of the 40 pupils are honor students. A high percentage runs through the remainder of the 156 seniors and the three other classes as well. It is said that the highest previous number was 90, but that the November record is expected to go over 100. An average of 90 in studies defines the honor. The instance is concrete of one school where football did not run away with scholastic standing during its term.

Passaic Suffers $150,000 Blaze

(International News Service)

PASSAIC, N. J., Dec. 7.—The Rialto theater and five other buildings in the business district were destroyed by fire early today. Damage was estimated at $150,000.

Lots of things go without saying—particularly umbrellas on a wet day.

Good for Running Sores

All Druggists Sell An Ointment Called SAN CURA That Is A Positive Relief

It matters not how old or persistent the sore is, **San Cura** the antiseptic ointment will not only relieve but often draws out the poison and promptly heals the sore.

So sure of this are the owners, the Thompson Medical Co., that they have authorized all druggists to return the purchase price if **Sana Cura Ointment** doesn't do all this paper says it will do. No fairer offer was ever made.

B. D. Durbin, Titusville, Pa., says: "My arm was covered with twenty-four running sores and swollen to twice its natural size. **San Cura Ointment,** relieved the pain, drew out the poison and healed the arm in an incredibly short time. It is the greatest compound for healing I ever used".

The healing powers of **Sana Cura Ointment** are little short of marvelous It gives relief, and is guaranteed to help eczema, bleeding, itching or protruding piles, ulcers, boils, chapped hands and chilblains. In cuts, burns, scalds and bruises, it allays pain and is healing. 30c, 60c and $1.25 a jar.

SAN CURA SOAP

For tender, itching or irritable skin wash with **San-Cura Soap,** the antiseptic soap that soothes and heals, and kills germs of disease. Great for pimples, blackheads, and makes the complexion clear and attractive. 25c at all druggists.

Young People Of Second Church To Repeat Play

Entertainment Will Be Given Tuesday Evening, December 14, In Third U. P. Church

The play "The Little Clodhopper" which was so successfully given by the D. O. K. and A. W. classes in the Second United Presbyterian church a short time ago will be repeated in the Third United Presbyterian church on Tuesday evening, December 14.

The cast of characters is as follows:

Judy, the little clodhopper from the poor house—Alberta Brenner.

Septimus Green, a young book agent—John Barnes.

George Chiggerson, a city dude—Charles Stritmater.

Mrs. Chiggerson Boggs, George's doting and scheming mamma—Margaret Brenner.

Charmain Carter, George's choice—Inez Stern.

Miss Julietta Bean, Splinterville boarding house keeper—Margaret Ray.

Ocey Gump, Miss Bean's hired man—Harry Kerr.

Country folks—Grace Ray, Rachel McCracken, Paul Sidley, John Caldwell, Belle Nelson, Edith Reinhart, Paul Alford, Andrew McCoy, Clifford Roberts and Marguerite Vaughn.

There will also be specialty numbers on the program.

Ask Permission To File An Answer In Suit In Equity

In the equity suit of Rachael Raney against William and Elizabeth Llewellyn Judge Hildebrand this morning issued a rule on the plaintiffs to show cause why defendants should not be permitted to file an answer. The case is one in which a controversy has arisen over the alleged closing of a water way affecting the Raney and Lewellyn properties on English avenue, it being claimed that the water was dammed up and by defendants and diverted onto plaintiffs garden. When the bill was filed Llewellyn's had fifteen days in which to file an answer, but in reading over a copy of the bill, failed to notice this clause and did not file an answer within the required time.

Judgment was awarded plaintiff, Llewellyns then discovered their mistake, and alleging that they have a just defense ask that the judgment be set aside and that they be permitted to file an answer.

Michigan In Grip Of Severe Storm, Report Fatalities

Report Woman Freezes To Death; Fear For Lives Of Six Hunters

(International News Service)

DETROIT, Dec. 7. — Reports of the death from freezing of a Calumet woman, fears for the lives of six Michigan hunters and forecasts of more snow today and tomorrow marked the weather situation today throughout the state.

The frozen body of Maggie Herrington, Keweenaw woman hermit, was found by a searching party which had been scouring Keeneenaw county forest for her since Friday.

Relatives today feared James W. Mowry, 24, Detroit, was drowned in Lake St. Clair, Friday, while duck hunting. An overturned boat seen drifting in the lake led Grosse Pointe police to believe Mowry is dead.

Five hunters, missing since the opening of the hunting season November 15, are thought to be snowbound and facing starvation. The missing men are Paul Clair, Carl Alexander, Edgar Hagman, John Hagman and Frank Bjorland, all trapped on an ice bound island camp near Sault Ste. Marie.

SCHOOLS TO CLOSE SANTA CLAUS DAY

Shenango township school board has ordered that all schools be closed on Friday, December 10, in order that the children may take part in the Santa Claus pageant, along with the school children of the city. The event is being anticipated with much interest by the children.

Sorority Wins College Honor

Sigma Kappa Is Given Honor For Scholarship For Second Time

NEW CASTLE GIRLS AMONG MEMBERS

(Special To The News)

NEW WILMINGTON, Pa., Dec. 7. —Dr. W. Charles Wallace, president of Westminster college, has announced that the scholarship cup awarded each year by the college to the group of women students having the highest scholarship rating, has been granted the Sigma Kappa sorority for their excellent class room work during the school year 1925-26. It is the second consecutive year that this organization has taken the honor.

It was not without real competition that the Sigma Kappas earned the award. According to the rating as announced by the college president, the Sigma Kappas averaged 85.950 per cent for the year while the Chi Omega sorority averaged 85.065 per cent. The other sororities averaged as follows: Pi Rho Phi, 81.707 and Alpha Gamma Delta, 82.697. The rating of the sorority girls as a whole was 83.727 in comparison with 81.317 for the non-sorority group. The average of the Phi Delta Chi sorority, a new organization last year, was not announced.

Members of the Sigma Kappa sorority are: Miss Fannie Cassidy of Burgettstown, Miss Nancy Miller of Butler, Miss Isabel McConagha of New Wilmington, Miss Janet Elias of Pittsburgh, Miss Willa Boyd of New Wilmington, Miss Emily Rich of New Wilmington, Miss Lorena Garloch of North Girard, Miss Hazel Brush of Carnegie, Miss Kathryn Wylie of Elizabeth, Miss Eleanor Warner of New Castle, Miss Ruth Fraser of Ben Avon, Miss Helene Winters of Coraopolis, Miss Carol Clark of Johnsonburg, Miss Evelyn Mitchell of New Castle and Miss Thelma Warner of New Castle.

Deer Hunter Is Severely Hurt

(International News Service)

ALTOONA, Pa., Dec. 7. — Shot through the body by a companion with whom he was hunting deer, Russell B. Helsel, 24, of Queen, Pa., was in a critical condition today in a Huntingdon hospital, according to word received here.

The shot was fired by Ira C. Knisely, of Altoona, it was reported. The accident occurred in a wooded strip near Cassville.

Houston, treasurer; Ralph Craig, captain of ladders; Andrew Perry, marshal; Roy Sankey and George Buchanon, delegates to the Relief Association; Andrew Perry, L. C. Houston and Frank Robinson, delegates to the general department; Herb Samuels, delegate to the state convention.

HARLANSBURG

W. C. T.U. OYSTER SUPPER.

The ladies of the Slippery Rock W. C. T. U. entertained their husbands and families at an oyster supper at the home of Mr. and Mrs. Ira Nelson of the New Castle fair grounds on Friday evening. A large crowd attended and a good time enjoyed by all. Rev. and Mrs. St. Clair and family were special guests. Those from near here attending were Mr. and Mrs. Linsey Stewart, Mr. and Mrs. Herschel Ritenour and daughter Ruth Erma, Mr. and Mrs. T. W. Blair, Mr. and Mrs. Perry Forbes, Mr. and Mrs. Sam Hunt and family, Mr. and Mrs. Clarence Richael and family, Mrs. Frank Forbes and family, Mr. and Mrs. Francis McCracken and family Mildred, Olive and Arthur Heckathorn, Mr. and Mrs. George Gross, Mr. and Mrs. Clyde Gormley and family, Mr. and Mrs. Arnish Cameron and daughter Sara Mae, Mrs. Jennie Walton and family, Mrs. Macom and Helen Macom.

McCASLIN SCHOOL SOCIAL.

The pupils and teacher of the McCaslin school No. 1 are preparing a fine entertainment to be given together with a miscellaneous social at the school on Friday evening, December 17. Teacher, Miss Effie Wimer.

HARLANSBURG ROAD NOTES.

Thomas West, Sr., is confined to his bed with illness.

Mr. and Mrs. Herchel Ritenour and daughter Ruth were among the many from around here who attended the funeral of the former's cousin Mrs. Albert Miller of Jacksville last week.

Miss Eva Wimer who has been ill for some time is geting along nicely at this writing.

Mr. and Mrs. Fleming and famliy are moving to New Castle for the winter.

Mr. and Mrs. Al Crawford and daughter of Slippery Rock were McCaslin callers on Saturday.

Mrs. Fred Baker spent Thursday at the Shenango Valley hospital with her sister Mrs. Ernest Pettit of East Brook who underwent an operation for appendicitis that day.

Jacksville

Thursday, December 2 Mrs. Mary Wimer of Jacksville, was hostess to the members of the Woman's Christian Temperance Union. The house was filled by the Willing Workers of this local organization. A splendid program with Mrs. Florence Humphrey as leader and evangelistic superintendent Mrs. Millie Pisor in charge was very entertaining and instructive. The audience sang "America" followed by a talk by Mrs. Pisor. Topis "Prophecy of Christ's Birth" with reading of Scripture passages contained in the Old Testament as proof Mrs. Jennie Moore offered prayer. A discussion, topic "In what way has the 18th amendment been gratifying" to those taking part in the discussion. led by Mrs. Clyde L. Moore. Mrs. Moore said in part that words were inadequate for her, a mother, to state the many ways in which she had received joy in thinking her children as well as those of her neighbors would not be confronted by the open saloon as those of prohibition days. Mrs. Nellie Humphrey conducted a conundrum test which proved mirthful and instructive. Norman Humphrey recited. These, with a business meeting, such as preparing for the Christmas season shut-ins, the gathering in of the jellies and fruits and passing out empty jars in exchange for full ones to be sent to the various homes and hospitals and the serving of refreshments by the hostess and her aides, Mrs. Miriam Grossman, Mrs. Millie Alben and Mrs. Ellen Vosler. The afternoon passed all too quickly. Next meeting, the all day meeting with Mrs. Miriam Grossman of Moores Corners. Mrs. Nellie Studebaker, superintendent of Soldiers and Sailors work was the directress of the day's activities. A tureen dinner will be served at noon.

The Woman's Missionary meeting of the Slippery Rock First United Presbyterian church, Moores Corners will be held Wednesday evening December 8 at he home of Mrs. Marinda Cooper.

Walter Sipes was a business caller near Fox Mine Saturday.

Mr. and Mrs. Johnathan Jones and family of Butler moved to the Albert Reichert property last week.

Floyd Humphrey was calling on friends near Prospect recently.

Mrs. Miriam Grossman and Mr. and Mrs. James Barron and daughter motored to near Euclid to visit relatives one evening recently.

Mr. and Mrs. J. C. Dean of New Castle were week end visitors at the home of W. W. Alben and family. Mr. Dean and nephew Howard Dean have returned from a week's hunting in Huntingdon county.

A. C. Ruby a former resident of Butler county now of Portland, Ore. visited friends here for a short time recently.

Mrs. Earl Badger and children of New Castle visited her sister Mrs. Brooks of Moore's Corners, and also her parents Mr. and Mrs. Previs Wimer of Portersville Station.

Mr. and Mrs. Bartley and children were callers at the Albert Miller home recently.

Howard Humphrey was a Butler business caller Friday.

West Homestead Borough Has New Police Contingent

(International News Service)

HOMESTEAD, Pa., Dec. 7. — West Homestead Borough, which, through summary action of its council, today had a new chief of police and a revised list of policemen, buzzed with political controversy which threatened widespread ramifications.

Chief of police N. J. Dean and six members of his force were removed by the council, and Patrick Tierney was named to succeed Dean. During the resulting debate, three of the deposed officers were restored to the force.

Friends of Dean immediately advanced the charge that he had been removed because of his zeal in raiding a moonshine distillery which was "protected." Members of the council took occasion to vehemently deny the charge, and the group was split into two factions.

Get-Together At Highland Church

Members Plan Dinner And Informal Social Time In Church On Wednesday Evening

On Wednesday evening, December 8, the members and adherents of Highland United Presbyterian church will come together in an annual round-up for the purpose of getting acquainted with each other, and especially with new members.

Dinner will be served at a cost barely to cover expenses. Following a brief devotional meeting, the remainder of the evening will be given to social stunts that will make it easy to become acquainted.

Not only the members and regular adherents of the church are expected, but parents of children in the Bible school are to be especially welcomed.

The members of the Session constitute the reception and social committee.

America has always thought of queens as cards, but Marie was the first one used as a drawing card.

State Law Prohibits Taking Of Any Trees From Any Premises

(Special To The News)
HARRISBUR , Pa., Dec. 7.—With the approach of the Christmas season many people are planning to go to the woods to gather evergreen trees, shrubs, vines, and other decorative material. Before collecting this material it is well to remember that a law passed at the last session of the legislature makes it a misdemeanor to cut down, remove, or destroy trees or shrubs, or parts thereof, without the consent of the owner. Persons guilty of such offence will be fined not less than $25.00 and costs for each tree or shrub removed or destroyed, and in default of the payment of said fine and costs shall be imprisoned in the county jail one day for each dollar of fine and costs unpaid. One-half of any fine collected under the provisions of this act shall be paid to the persons or persons furnishing the information upon which the prosecution is instituted.

There is no "No Man's Land" in Pennsylvania. Every acre of land and every tree, shrub and vine growing in Pennsylvania is owned by someone. There are no wild lands left in the state from which the public may remove whatever material of interest and value they chance to find thereon. For years the people have been trespassing on privately owned land, stealing trees, breaking shrubbery, destroying vines, and pulling up other decorative material. In many cases no attention whatever was paid to the rights of the owner. This new law is stopping the ruthless destruction of roadside trees and shrubs and giving to the land owner a practical means of protecting his property rights. No one should attempt to take any tree, shrub, or vine or decorative material from any property without the consent of the owner. It is far cheaper to buy the trees and other decorative material than to pay a fine of $25.00 for each tree or shrub removed.

To Present Play In New Wilmington

Y. W. C. A. Will Present "Dolls" At College Town Tuesday Evening, December 14

(Special To The News)
NEW WILMINGTON, Pa., Dec. 7.—A college function of more than passing interest at Westminster will be staged in the Community auditorium here Tuesday evening, December 14, by the Y. W. C. A. The play entitled "Dolls" is to be presented. The play takes the place of the Christmas bazaar which for many years has been held by the women's organization.

The dolls will be alive affairs and according to those who have watched the girls in practice, they have been taught to say more than "Mamma" and to do more clever deeds than take place in ordinary playhouses. Mrs. Mary C. McConagha of the public speaking department of the college, is coaching the cast.

The "dolly" roster is as follows: Miss Ruth Lewis of New Castle, Mother; Miss Theda Hartwell of New Wilmington, Annie; Miss Gladys Bebout of Pittsburgh, the little girl; Miss Helen Goldstrom of Elizabeth, Genevieve; Miss Lorena Garloch of North Girard, the fashionable lady doll; Miss Mary Eccles of Sharpsville, Marie Antoinette; Miss Francis Leohner of New Castle, Harlequin doll; Miss Janet Roett of Sharon, baby doll; Miss Margaret Lennig of New Castle, peasant doll; Miss Phyllis Coley of Cochranton, soldier doll, and Miss Margaret McFate of New Castle, Japanese doll.

Class Debate To Occur Friday At Westminster

(Special To The News)
NEW WILMINGTON, Pa., Dec. 7.—Members of the Freshman and Sophomore class debate teams at Westminster College are making extensive preparations for their annual forensic clash next Friday evening at the college chapel. "Resolved that the United States Should Cancel its War Debts," is the question to be debated.

The burden of proof for the Sophomores will be borne by Byers King of Cooperstown, captain; Clyde Meyers of New Castle and Thomas Mansell of New Wilmington, with Normon Van Brocklin of New Castle, as alternate.

Freshmen who will represent their class are: James Chambers of New Castle, Peter Botsford of Pittsburgh, Wallace Maxwell of New Wilmington, with Clarence McCracken of Volant, as alternate.

The debate will be staged under the direction of Tau Kappa Alphia, the honorary debate fraternity of the college. This organiation will select the judges.

Oxford Student To Make Address At Westminster

(Special To The News)
NEW WILMINGTON, Pa., Dec. 7.—Announcement was made Monday by officers of the Y. M. C. A. at Westminster College, that Kenneth Lindsay of London, an Oxford student who is making a tour of the United States under the auspices of the League for Industrial Democracy which has headquarters at New York City, will address the Westminster student body in the college chapel at 7 p. m. Tuesday.

Westminster is fortunate in obtaining the English visitor. He has been "loaned" by the League of Industrial Democracy to the college Y. M. C. A. world for a two-week period and it was only through active efforts that Westminster obtained a date on his program. He spoke at Washington and Jefferson College Monday.

His subject will deal with the labor question. He is an able speaker, having toured the United States several years ago as a member of an Oxford debating team.

A CLEAR COMPLEXION

Ruddy cheeks—sparkling eyes—most women can have. Dr. F. M. Edwards for 20 years treated scores of women for liver and bowel ailments. During these years he gave his patients a substitute for calomel made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. Know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—now and then to keep fit. 15c, 30c and 60c.

Fools' Paradise

The Startling Story of a Girl's Great Folly

AS private secretary to Fred Joyce, the prominent attorney, Jane's position was a fortunate one. She held a post of importance. Her hours were easy, her salary good.

Yet she was unhappy. She continually dreamed of escape from the sordid world of business into a world of freedom and gaiety.

Then came her opportunity. One morning her employer took her hand and said: "Little girl, we've been working hard in this office. We both deserve a holiday. Let's take one. We'll do Paris, London, the Continent. Winter in Naples, summer at Deauville. I'll buy your hats, gowns, everything your heart desires. Will you go?"

Jane's senses whirled. The Continent! Paris! The mecca of every girl's dreams! But her finer instincts warned her that the thing her employer proposed could only end in tragedy.

She was about to refuse when Joyce brought out a magnificent rope of pearls—slipped them around her neck, where they lay like a soft caress. Her head swam; and when her tempter whispered: "Will you accept them?" his voice seemed to come from far away.

His picture of luxury and pleasure rose vividly in her imagination. Torn between desire and self-loathing—she fought for the strength to say no! But when finally she slowly turned her burning face to his, he read her answer in her eyes.

Had Jane counted the cost in bitter sorrow and agony that was to grow out of that mad compact, she would have destroyed herself rather than take that first foolish, fatal step.

Her pitiful story, with the names disguised for obvious reasons, appears in the January issue of True Story Magazine. It is entitled, "My Dangerous Paradise". Those who think there is no price too high to pay for leisure and luxury, will find in this girl's sad story a lesson they will never forget.

Other Heart-Gripping Features in January True Story are:

"When a Man Forgets"—Until Ellie met Manford Ellis, she had not dreamed that any man could be so handsome—and Ellie's heart near burst with gladness when he singled her out as his future mate. Long drives in beloved moonlit lanes became their nightly program—and then one day he brought her a message that was to bring her love castle tumbling about her ears, and fill her life with tragedy. A powerful lesson-story every girl should read.

"What His Wife Found Out"—Genevieve realized that her love for Holden was wrong; that she could never hope to win him from his doll-like wife. Yet she could not give him up—could not steel her heart against him when he declared his undying love for her. But when the crash came—

"My Taste of Life"—This is a story of a woman's discontent—of a woman who had every comfort that money can buy, including a loyal husband's love—but who longed for the gay lights of the city, the revelry of the night clubs, theatres, dancing, dining. An invitation to visit a friend for a few weeks gave her the excuse she wanted. She went. Every girl, every wife, who is deluded by the so-called gay life of the city should read this startling true-life narrative.

"True Story a Great Teacher"
—Says Prominent Minister

For some time, I have been interested in TRUE STORY MAGAZINE. I think it an excellent publication. In the first place the stories are couched in language which will not give offense to the most fastidious. In the second place, it teaches the great lesson of caution in dealing with life and sounds a warning to young people such as every pulpit in the land aims to declare. The greatest lessons in life are those gleaned from experience, either in our own lives or the lives of others. Therefore, in the trials related in its pages, the great lessons of life are clearly and graphically taught. I would like to see TRUE STORY MAGAZINE in every home in the land.

Very truly yours,
Rev. Wm. L. Robinson.

The Penalties of Ignorance

Most wrong-doing can be traced directly to ignorance. The only cure for ignorance is education; and the quickest, surest form of teaching is that based upon example—lessons learned by others like ourselves in the sad and often tragic School of Experience.

By setting forth the experiences of those who, through innocence, ignorance, indifference or folly, have violated the Divine code of Right; by revealing the temptations, traps and pitfalls that strew the pathways of life to catch unwary feet, True Story Magazine is able to instruct, warn, guide and inspire thousands who can be reached in no other way.

Every issue of this great periodical contains 18 or 20 powerful, heart-gripping, unforgettable features that drive home the burning truths of life as only a true-life narrative can do. The January issue is a good example. It is now on the newsstands. The cost is only a quarter. Get your copy *today!*

"Like a bolt from heaven his words fell—words that made me tremble with anguish and shrink with shame from the accusing gleam in his eyes."

HOUSEHOLD HINTS

BY MRS. MARY MORTON

MENU HINT

Meals during the busy Christmas season should be planned so as to make as little work as possible for the cook—especially if mother does the cooking—and at the same time be sufficiently nourishing and hearty to help withstand the extra fatigue of the holiday season.

Broiled Steak
Baked Sweet Potatoes
Lettuce or Cabbage Salad
Currant Jelly Baked Apples
Crackers toasted with Cheese
Tea or Coffee

TODAY'S RECIPES

Baked Potatoes—If you are planning for a day's shopping, scrub the sweet potatoes and boil them for a few moments when you are doing the morning work. Then when you come home, light the oven, put the potatoes in and half an hour will be ample time in which to bake them.

Broiled Steaks—The steaks, if purchased in the morning, should be wiped with a damp cloth and keep cold until the broiler is hot, then put on, seared with a hot fire, then broiled more slowly until done, seasoned, put on a hot platter with a lump of butter on each, and the gravy in the pan poured over them.

Salad — The lettuce will be washed, picked apart, put in a bag and kept in a cool place until ready to put on the plates and have the dressing added. The cabbage salad may be made in the morning and kept cool until time to serve.

Toasted Cheese Crackers — Spread softened cheese on crackers and put in the oven until the cheese melts.

SUGGESTIONS

Prevents Curdling

Add a little soda mixed with a teaspoon of cornstarch to the milk before pouring it into the tomato mixture when making tomato bisque or cream of tomato soup. It prevents curdling.

Absorbs Grease.

When you are frying food in deep fat put a large piece of brown paper close to the receptacle containing the fat. As soon as the food is brown lay it on the paper to drain. The paper will absorb the fat and the food will be more appetizing and digestible.

Economy

Stamped nightgowns, slips, etc., may be bought at greatly reduced prices at sales. Often they are a trifle soiled from handling. They are always made of good materials and if you do not care to embroider them the pattern will wash out, they may be trimmed with lace or embroidery to suit your taste and you save a good deal on the price of the garments.

Sorting the Laundry.

As you iron the clothes stack them into piles according to the rooms in which they will be put away. Those that need mending may be put into a pile by themselves, so that when the ironing is finished the clothes are sorted and need not be handled again.

PERTUSSIN
SOOTHES every COUGH SAFELY

Here's a Real Prescription for the Torturing Pains of Neuritis

Men and Women Everywhere Get Quick Relief from Their Suffering

When you've tried everything you can think of and nothing seems to even relieve those piercing, agonizing pains, just go to some good druggist and get a bottle of Allenrhu Special Formula No. 2. Be sure you get No. 2 which comes in capsule form.

Take these little dark green capsules as directed and notice how in about 24 hours they have considerably reduced, if not entirely banished those persisting nerve racking pains that have caused you many sleepless nights. A few more doses and the pains have left you forever.

While this particular formula was compounded for the purpose of conquering painful, Gouty conditions and what is known as Rheumatoid Arthritis—a knotty, painful swelling of the joints—it has proven wonderfully successful in all forms of Neuritis and Sciatic Nerve Pains.

You needn't be afraid of its containing dope of any kind—it doesn't. Such things are only makeshifts and can only at the best give temporary relief.

Be sure you've got Neuritis and then get Allenrhu Special Formula No. 2 at McKee's Rut Rate Store, Eckerd's of New Castle, Inc., sells lots of it.

Entire Nation Is Prosperous President Coolidge Reports

Tax Reduction, Economy In Government Aid To Agriculture; Among Measures To Merit Attention Congress Is Informed

Annual Message To Congress Is Read In Joint Session —President Not In Attendance

Message Longer Than Usual Coolidge Document—Text In Full Is Given Herewith

(International News Service)

WASHINGTON, Dec. 7.—President Calvin Coolidge's message to Congress, which is opening a 12 weeks' session, was read in Congress today. Many of the problems confronting the nation were touched upon in the document, the text of the message being as follows:

Members of the Congress:

In reporting to the Congress the state of the Union, I find it impossible to characterize it other than one of general peace and prosperity. In some quarters our diplomacy is vexed with difficult and as yet unsolved problems, but nowhere are we met with armed conflict. If some occupations and areas are not flourishing, in none does there remain any acute chronic depression. What the country requires is not so much new policies as a steady continuation of those which are already being crowned with such abundant success. It can not be too often repeated that in common with all the world we are engaged in liquidating the war.

In the present short session no great amount of new legislation is possible, but in order to comprehend what is most desirable some survey of our general situation is necessary. A large amount of time is consumed in the passage of appropriation bills. If each Congress in its opening session would make appropriations to continue for two years, very much time would be saved which could either be devoted to a consideration of the general needs of the country or would result in decreasing the work of legislation.

Economy.

Our present state of prosperity has been greatly promoted by three important causes, one of which is economy, resulting in reduction and reform in national taxation. Another is the elimination of many kinds of waste. The third is a general raising of the standards of efficiency. This combination has brought the perfectly astonishing result of a reduction in the index price of commodities and an increase in the index rate of wages. We have secured a lowering of the cost to produce and a raising of the ability to consume. Prosperity resultjng from these causes rests on the securest of all foundations. It gathers strength from its own progress.

In promoting this progress the chief part which the National Government plays lies in the field of economy. Whatever doubts may have been entertained as to the necessity of this policy and the beneficial results which would accrue from it to all the people of the Nation, its wisdom must now be considered thoroughly demonstrated. It may not have appeared to be a novel or perhaps brilliant conception, but it has turned out to be preeminently sound. It has not failed to work. It has surely brought results. It does not have to be excused as a temporary expedient adopted as the lesser evil to remedy some abuse, it is not a palliative seeking to treat symptoms, but a major operation for the eradication at the source of a large number of social diseases.

Nothing is easier than the expenditure of public money. It does not appear to belong to anybody. The temptation is overwhelming to bestow it on somebody. But the results of extravagance are ruinous. The property of the country, like the freedom of the country, belongs to the people of the country. They have not empowered their Government to take a dollar of it except for a necessary public purpose. But if the Constitution conferred such right, sound economics would forbid it. Nothing is more destructive of the progress of the Nation than Government extravagance. It means an increase in the burden of taxation, dissipation of the returns from enterprise, a decrease in the real value of wages, with ultimate stagnation and decay. The whole theory of our institutions is based on the liberty and independence of the individual. He is dependent on himself for support and therefore entitled to the rewards of his own industry. He is not to be deprived of what he earns that others may be benefited by what they do not earn. What he saves through his private effort is not to be wasted by Government extravagance.

Our national activities have become so vast that it is necessary to scrutinize each item of public expenditure if we are to apply the principle of economy. At the last session we made an immediate increase in the annual budget of more than $100,000,000 in benefits conferred on the veterans of three wars, public buildings, and river and harbor improvement. Many projects are being broached requiring further large outlays. I am convinced that it would be greatly for the welfare of the country if we avoid at the present session all commitments except those of the most pressing nature. From a reduction of the debt and taxes will accrue a wider benefit to all the people of this country than from embarking on any new enterprise. When our war debt is decreased we shall have resources for expansion. Until that is accomplished we should confine ourselves to expenditures of the most urgent necessity.

The Department of Commerce has performed a most important function in making plans and securing support of all kinds of national enterprise for the elimination of waste. Efficiency has been greatly promoted through good management and the constantly increasing cooperation of the wage earners throughout the whole realm of private business. It is my opinion that this whole development has been predicated on the foundation of a protective tariff.

Tax Reduction.

As a result of economy of administration by the Executive and of appropriation by the Congress, the end of this fiscal year will leave a surplus in the Treasury estimated at $383,000,000. Unless otherwise ordered, such surplus is used for the retirement of the war debt. A bond which can be retired today for 100 cents will cost the people 104¼ cents to retire a year from now. While I favor a speedy reduction of the debt as already required by law and in accordance with the promises made to the holders of our Liberty bonds when they were issued, there is no reason why a balanced portion of surplus revenue should not be applied to a reduction of taxation. It can not be repeated too often that the enormous revenues of this Nation could not be collected without becoming a charge on all the people whether or not they directly pay taxes. Everyone who is paying for the bare necessities of food and shelter and clothing, without considering the better things of life, is indirectly paying a national tax. The nearly 20,000,000 owners of securities, the additional scores of millions of holders of insurance policies and depositors in savings banks, are all paying a national tax. Millions of individuals and corporations are making a direct contribution to the National Treasury which runs from 1½ to 25 per cent of their income, besides a number of special requirements, like automobile and admission taxes. Whenever the state of the Treasury will permit, I believe in a reduction of taxation. I think the taxpayers are entitled to it. But I am not advocating tax reduction merely for the benefit of the taxpayer; I am advocating it for the benefit of the country.

If it appeared feasible, I should welcome permanent tax reduction at this time. The estimated surplus, however, for June 30, 1928, is not much larger than is required in a going business of nearly $4,000,000,000. We have had but a few months' experience under the present revenue act and shall need to know what is developed by the returns of income produced under it, which are not required to be made until about the time this session terminates, and what the economic probabilities of the country are in the latter part of 1927, before we can reach any justifiable conclusion as to permanent tax reduction. Moreover the present surplus results from many non-recurrent items. Meantime, it is possible to grant some real relief by a simple measure making reductions in the payments which accrue on the 15th of March and June, 1927. I am very strongly of the conviction that this is so much a purely business matter that it ought not to be dealt with in a partisan spirit. The Congress has already set the notable example of treating tax problems without much reference to party, which might well be continued. What I desire to advocate most earnestly is relief for the country from unnecessary tax burdens. We can not secure that if we stop to engage in a partisan controversy. As I do not think any change in the special taxes or any permanent reduction is practical, I therefore urge both parties of the House Ways and Means Committee to agree on a bill granting the temporary relief which I have indicated. Such a reduction would directly affect millions of taxpayers, release large sums for investment in new enterprise, stimulating industrial production and agricultural consumption, and indirectly benefiting every family in the whole country. These are my convictions stated with full knowledge that it is for the Congress to decide whether they judge it best to make such a reduction or leave the surplus for the present year to be applied to retirement of the war debt. That also is eventually tax reduction.

Protective Tariff.

It is estimated that customs receipts for the present fiscal year will exceed $615,000,000, the largest which were ever secured from that source. The value of our imports for the last fiscal year was $4,466,000,000, an increase of more than 71 per cent since the present tariff law went into effect. Of these imports about 65 per cent or, roughly, $2,900,000,000, came in free of duty, which means that the United States affords a duty-free market to other countries almost equal in value to the total imports of Germany and greatly exceeding the total imports of France. We have admitted a greater volume of free imports than any other country except England.

We are, therefore, levying duties on about $1,550,000,000 of imports. Nearly half of this, or $700,000,000, is subject to duties for the protection of agriculture and have their origin in countries other than Europe. They substantially increased the prices received by our farmers for their produce. About $300,000,000 more is represented by luxuries such as costly rugs, furs, precious stones, etc. This leaves only about $550,000,000 of our imports under a schedule of duties which is in general under consideration when there is discussion of lowering the tariff. While the duties on this small portion, representing only about 12 per cent of our imports, undoubtedly represent the difference between a fair degree of prosperity or marked depression to many of our industries and the difference between good pay and steady work or wide unemploment to many of our wage earners, it is impossible to conceive how other countries or our own importers could be greatly benefited if these duties are reduced. Those who are starting an agitation for a reduction of tariff duties, partly at least for the benefit of those to whom money has been lent abroad, ought to know that there does not seem to be a very large field within the area of our imports in which probable reductions would be advantageous to foreign goods. Those who wish to benefit foreign producers are much more likely to secure that result by continuing the present enormous purchasing power which comes from our prosperity that has increased our imports over 71 per cent in four years than from any advantages that are likely to accrue from a general tariff reduction.

Agriculture.

The important place which agriculture holds in the economic and social life of the Nation can not be overestimated. The National Government is justified in putting forth every effort to make the open country a desirable place to live. No condition meets this requirement which fails to supply a fair return on labor expended and capital invested. While some localities and some particular crops furnish exceptions, in general agriculture is continuing to make progress in recovering from the depression of 1921 and 1922. Animal products and food products are in a more encouraging position, while cotton, due to the high prices of past years supplemented by ideal weather conditions, has been stimualted to a point of temporary overproduction. Acting on the request of the cotton-growing interests, I appointed a committee to assist in carrying out their plans. As a result of this cooperation sufficient funds have been pledged to finance the storage and carrying of 4,000,000 bales of cotton. Whether those who own the cotton are willing to put a part of their stock into this plan depends on themselves. The Federal Government has cooperated in providing ample facilities. No method of meeting the situation would be adequate which does not comtemplate a reduction of about one-third in the acreage for the coming year. The responsibility for making the plan effective lies with those who own and finance cotton and cotton lands.

The Department of Agriculture estimates the net income of agriculture for the year 1920-21 at only $375,000,000; for 1924-25, $2,656,000,000; for 1925-26, $2,757,000,000. This increase has been brought in part by the method already referred to, of Federal tax reduction, the elimination of waste, and increased efficiency in industry. The wide gap that existed a few years ago between the index price of agricultural products and the index price of other products has been gradually closing up, though the recent depression in cotton has somewhat enlarged it. Agriculture had on the whole been going higher while industry had been going lower. Industrial and commercial activities, being carried on for the most part by corporations, are taxed at a much higher rate than farming, which is carried on by individuals. This will inevitably make industrial commodity costs high while war taxation lasts. It is because of this circumstance that national tax reduction has a very large indirect benefit upon the farmer, though it can not relieve him from the very great burden of the local taxes which he pays directly. We have practically relieved the farmer of any Federal income tax.

There is agreement on all sides that some portions of our agricultural industry have lagged behind other industries in recovery from the war and that further improvemest in methods of marketing of agricultural products is most desirable. There is belief also that the Federal Government can further contribute to these ends beyond the many helpful measures taken during the last five years through the different acts of Congress for advancing the interests of the farmers.

The packers and stockyards act,

Establishing of the intermediate credit banks for agricultural purposes,

The Purnell Act for agricultural research,

The Capper-Volstead Cooperative Marketing Act,

The cooperative marketing act of 1926,

Amendments to the warehousing act,

The enlargement of the activities of the Department of Agriculture,

Enlargement of the scope of loans by the Farm Loan Board,

The tariff on agricultural products,

The large Federal expenditure in improvement of waterways and highways,

The reduction of Federal taxes, in all comprise a great series of governmental actions in the advancement of the special interest of agriculture.

In determination of what further measures may be undertaken it seems to me there are certain pitfalls which must be avoided and our test in avoiding them should be to avoid disaster to the farmer himself.

Acting upon my recommendation, the Congress has ordered the Interstate Commerce Commission to investigate the freight-rate structure, directing that such changes shall be made in freight rates as will promote freedom of movement of agricultural products. Railroad consolidation which I am advocating would also result in a situation where rates could be made more advantageous for farm produce, as has recently been done in the revision of rates for fertilizers in the South. Additional benefit will accrue from the development of our inland waterways. The Mississippi River system carries a commerce of over 50,000,000 tons at a saving of nearly $18,000,000 annually. The Inland Waterways Corporation operates boats on 2,500 miles of navigable streams and through its relation with 165 railroads carries freight into and out of 45 States of the Union. During the past six months it has handled over 1,000,000 bushels of grain monthly and by its lower freight rates has raised the price of such grain to the farmer probably 2½ cents to 3 cents a bushel. The highway system on which the Federal Government expends about $85,000,000 a year is of vital importance to the rural regions.

The advantage to be derived from a more comprehensive and less expensive system of transportation for agriculture ought to be supplemented by provision for an adequate supply of fertilizer at a lower cost than it is at present obtainable. This advantage we are attempting to secure by the proposed development at Muscle Shoals, and there are promising experiments being made in synthetic chemistry for the production of nitrates.

A survey should be made of the relation of Government grazing lands to the livestock industry. Additional legisaltion is desirable more definitely to establish the place of grazing in the administration of the national forests, properly subordinated to their functions of producing timber and conserving the water supply. Over 180,000,000 acres of grazing lands are still pastured as commons in the public domain with little or no regulation. This has made their use so uncertain that it has contributed greatly to the instability of the livestock industry. Very little of this land is suited to settlement or private ownership. Some plan ought to be adopted for its use in grazing, corresponding broadly to that already successfully applied to the national forests.

The development of sound and strong cooperative associations is of fundamental importance to our agriculture. It is encouraging to note, therefore, that a vigorous and healthy growth in the cooperative movement is continuing. Cooperative associations reporting to the Departmnet of Agriculture at the end of 1925 had on their membership rolls a total of 2,700,000 producers. Their total business in 1925 amounted to approximately $2,400,000,000, compared with $635,800,000 in 1915. Legislative action to assist cooperative associations and supplement their effort was passed at the last session of Congress. Important credit measures were also provided by Congress in 1923 which have been of inestimable value to the cooperative associations. Although the Federal credit agencies have served agriculture well, I think it may be possible to broaden and strengthen the services of these institutions.

Attention is again directed to the surplus problem of agriculture by the present cotton situation. Surpluses often affect prices of various farm commodities in a disastrous manner, and the problem urgently demands a solution. Discussions both in and out of Congress during the past few years have given us a better understanding of the subject, and it is my hope that out of the various proposals made the basis will be found for a sound and effective solution upon which agreement can be reached in my opinion cooperative marketing associations will be important aids to the ultimate solution of the problem. It may well be, however, that additional measures will be needed to supplement their efforts. I believe all will agree that such measures should not conflict with the best interests of the cooperatives, but rather assist and strengthen them. In working out this problem to any sound conclusion it is necessary to avoid putting the Government into the business of production or marketing or attempting to enact legislation for the purpose of price fixing. The farmer does not favor any attempted remedies that partake of these elements. He has a sincere and candid desire for assistance. If matched by an equally sincere and candid consideration of the different remedies proposed, a sound measure of relief ought to result. It is unfortunate that no general agreement has been reached by the various agricultural interests upon any of the proposed remedies. Out of the discussion of various proposals which can be had before the Committees of Agriculture some measure ought to be perfected which would be generally satisfactory.

Due to the emergency arising from a heavy tropical storm in southern Florida, I authorize the Secretary of Agriculture to use certain funds in anticipation of legislation to enable the farmers in that region to plant their crops. The department will present a bill ratifying the loans which were made for this purpose.

Federal legislation has been adopted authorizing the cooperation of the Government with States and private owners in the protection of forest lands from fire. This preventive measure is of such great importance that I have recommended for it an increased appropriation.

Another preventive measure of great economic and sanitary importance is the eradication of tuberculosis in cattle. Active work is now in progress in one-fourth of the counties of the United States to secure this result. Over 12,000,000 cattle have been under treatment, and the average degree of infection has fallen from 4.9 per cent to 2.8 per cent. The Federal Government is making substantial expenditures for this purpose.

Serious damage is threatened to the corn crop by the European corn borer. Since 1917 it has spread from eastern New England westward into Indiana and now covers aboue 100,000 square miles. It is one of the most formidable pests because it spreads rapidly and is exceedingly difficult to control. It has assumed a menace that is of national magnitude and warrants the Federal Government in extending its cooperation to the State and local agencies which are attempting to prevent its further spread and secure its eradication.

The whole question of agriculture needs most careful consideration. In the past few years the Government has given this subject more attention than any other and has held more consultations in relation to it than on any other subject. While the Government is not to be blamed for failure to perform the impossible, the agricultural regions are entitled to know that they have its constant solicitude and sympathy. Many of the farmers are burdened with debts and taxes which they are unable to carry. We are expending in this country many millions of dollars each year to increase farm production. We ought now to put more emphasis on the question of farm marketing. If a sound solution of a permanent nature can be found for this problem, the congress ought not to hesitate to adopt it.

Development of Water Resources.

In previous messages I have referred to the national importance of the proper development of our water resources. The great projects of extension of the Mississippi system, the protection and development of the lower Colorado River, are before Congress, and I have previously commented upon them. I favor the necessary legislation to expedite these projects. Engineering studies are being made for connecting the Great Lakes with the North Atlantic, either through an all-American canal or by way of the St. Lawrence River. These reports will undoubtedly be before Congress during its present session. It is unnecessary to dwell upon the great importance of such a waterway not only to our mid-continental basin but to the commerce and development of practically the whole Nation. Our river and harbor improvement should be continued in accordance with the present policy. Expenditure of this character is compatible with economy; it is in the nature of captial investment. Work should proceed on the basic trunk lines if this work is to be a success. If the country will be content to be moderate and patient and permit improvements to be made where they will do the greatest general good, rather than insisting on expenditures at this time on secondary projects, our internal waterways can be made a success. If proposed legislation results in a gross manifestation of local jealousies and selfishness, this program can not be carried out. Ultimately we can take care of extensions, but our first effort should be confined to the main arteries.

Our inland commerce has been put to great inconvenience and expense by reason of the lowering of the water level of the Great Lakes. This is an international problem on which competent engineers are making reports. Out of their study it is expected that a feasible method will be developed for raising the level to provide relief for our commerce and supply water for drainage. Whenever a practical plan is presented it ought to be speedily adopted.

Reclamation.

It is increasingly evident that the Federal Government must in the future take a leading part in the impounding of water for conservation with incidental power for the development of the irrigable lands of the arid region. The unused waters of the West are found mainly in large rivers. Works to store and distribute these have such magnitude and cost that they are not attractive to private enterprise. Water is the irreplaceable natural resource. Its precipitation can not be increased. Its storage on the higher reaches of streams, to meet growing needs, to be used repeatedly as it flows toward the seas, is a practical and prudent business policy.

The United States promises to follow the course of older irrigation countries, where recent important irrigation developments have been carried out as national undertakings. It is gratifying, therefore, that conditions on Federal declamation projects have become satisfactory. The gross value of crops grown with water from project works increased from $110,000,000 in 1924 to $131,000,000 in 1925. The adjustments made last year by Congress relieved irrigators from paying construction costs on unprofitable land, and by so doing inspired new hope and confidence in ability to meet the payments required. Construction payments by water users last year were the largest in the history of the bureau.

The anticipated reclamation fund will be fully absorbed for a numbers of years in the completion of old projects and the construction of projects inaugurated in the past three years. We should, however, continue to investigate and study the possibilities of a carefully planned development of promising projects, logically of governmental concern because of their physical magnitude, immense cost, and the interstate and international problems involved. Only in this way may we be fully prepared to meet intelligently the needs of our fast-growing population in the years to come.

Transportation.

It would be difficult to conceive of any modern activity which contributes more to the necessities and conveniences of life than transportation. Without it our present agricultural production and practically all of our commerce would be completely prostrated. One of the large contributing causes to the present highly satisfactory state of our economic condition is the prompt and dependable service, surpassing all our previous records, rendered by the railroads. This power has been fostered by the spirit of cooperation between Federal and State regulatory commissions. To render this service more efficient and effective and to promote a more scientific regulation, the process of valuing railroad properties should be simplified and the primary valuations should be completed as rapidly as possible. The problem of rate reduction would be much simplified by a process of railroad consolidations. The principle has already been adopted as Federal law. Experience has shown that a more effective method must be provided. Studies have already been made and legislation introduced seeking to promote this end. It would be of great advantage if it could be taken up at once and speedily enacted. The railroad systems of the country and the convenience of all the people are waiting on this important decision.

Merchant Marine.

It is axiomatic that no agricultural and industrial country can get the full benefit of its own advantages without a merchant marine. We have been proceeding under the act of Congress that contemplates the establishment of trade routes to be ultimately transferred to private ownership and operation. Due to temporary conditions abroad and at home we have a large demand just now for certain types of freight vessels. Some suggestion has been made for new construction. I do not feel that we are yet warranted in entering that field. Such ships as we might build could not be sold after they are launched for anywhere near what they would cost. We have expended over $250,000,000 out of the public Treasury in recent years to make up the losses of operation, not counting depreciation or any cost whatever of our capital investment. The great need of our merchant marine is not for more ships but for more freight. Our merchants are altogether too indifferent about using American ships for the transportation of goods which they send abroad or bring home. Some of our vessels necessarily need repairs, which should be made. I do not believe that the operation of our fleet is as economical and efficient as it could be made if placed under a single responsible head, leaving the Shipping Board free to deal with general matters of policy and regulation.

Radio Legislation.

The Department of Commerce has for some years urgently presented the necessity for further legislation in order to protect radio listeners from interference between broadcasting stations and to carry out other rather regulatory functions. Both branches of Congress at the last session passed enactments intended to effect such regulation, but the two bills yet remain to be brought into agreement and final passage.

Due to decisions of the courts, the authority of the department under the law of 1912 has broken down; many more stations have been operating than can be accommodated within the limited number of wave lengths available; further stations are in course of construction; many stations have departed from the scheme of allocation set down by the department, and the whole service of this most important public function has drifted into such chaos as seems likely, if not remedied, to destroy its great value. I most urgently recommend that this legislation should be speedily enacted.

I do not believe it is desirable to set up further independent agencies in the Government. Rather I believe it advisable to entrust the important functions of deciding who shall exercise the privilege of radio transmission and under what conditions, the assigning of wave lengths and determination of power to a board to be assembled whenever action on such questions becomes necessary. There should be right of appeal to the courts from the decisions of such board. The administration of the decisions of the board and the other features of regulation and promotion of radio in the public interest, together with scientific research, should remain in the Department of Commerce. Such an arrangement makes for more expert, more efficient, and more economical administration than an independent agency or board, whose duties, after initial stages, require but little attention, in which administrative functions are confused with semi-judicial functions and from which of necessity there must be greatly increased personnel and expenditure.

The Wage Earner.

The great body of our people are made up of wage earners. Several hundred thousand of them are on the pay rolls of the United States Government. Their condition very largely is fixed by legislation. We have recently provided increases in compensation under a method of reclassification and given them the advantage of a liberal retirement system as a support for their declining years. Most of them are under the merit system, which is a guaranty of their intelligence, and the efficiency of their service is a demonstration of their loyalty. The Federal Government should continue to set a good example for all other employers.

In the industries the condition of the wage earner has steadily improved. The 12-hour day is almost entirely unknown. Skilled labor is well compensated. But there are unfortunately a multitude of workers who have not yet come to share in the general prosperity of the Nation. Both the public authorities and private enterprise should be solicitous to advance the welfare of this class. The Federal Government has been seeking to secure this end through a protective tariff, through restrictive immigration, through requiring safety devices for the prevention of accidents, through the granting of workman's compensation, through civilian vocational rehabilitation and education, through employment information bureaus, and through such humanitarian relief as was provided in the maternity and infancy legislation. It is a satisfaction to report that a more general condition of contentment exists among wage earners and the country is more free from labor disputes than it has been for years. While restrictive immigration has been adopted in part for the benefit of the wage earner, and in its entirety for the benefit of the country, it ought not to cause a needless separation of families and dependents from their natural source of support contrary to the dictates of humanity.

Bituminous Coal.

No progress appears to have been made within large areas of the bituminous coal industry toward creation of voluntary machinery by which greater assurance can be given to the public of peaceful adjustment of wage difficulties such as has been accomplished in the anthracite industry. This bituminous industry is one of primary necessity and bears a great responsibility to the Nation for continuity of supplies. As the wage agreements in the unionized section of the industry expire on April 1 next, and as conflicts may result which may imperil public interest, and have for many years often called for action of the Executive in protection of the public, I again recommend the passage of such legislation as will assist the Executive in dealing with such emergencies through a special temporary board of conciliation and mediation and through administrative agencies for the purpose of distribution of coal and protection of the consumers of coal from profiteering. At present the Executive is not only without authority to act but is actually prohibited by law from making any expenditure to meet the emergency of a coal famine.

Judiciary.

The Federal courts hold a high position in the administration of justice in the world. While individual judicial officers have sometimes been subjected to just criticism, the courts as a whole have maintained an exceedinly high standard. The Congress may well consider the question of supplying fair salaries and conferring upon the Supreme Court the same rule-making power on the law side of the district courts that they have always possessed on the equity side. A bill is also pending providing for retirement after a certain number of years of service, although they have not been consecutive, which should have your favorable consideration. These faithful servants of the Government are just about the last that remain to be provided for in the postwar readjustments.

Banking.

There has been pending in Congress for nearly three years banking legislation to clarify the national bank act and reasonably to increase the powers of the national banks. I believe that within the limitation of sound banking principles Congress should now and for the future place the national banks upon a fair equality with their competitors, the State banks, and I trust that means may be found so that the differences on branch-banking legislation between the Senate and the House of Representatives may be settled along sound lines and the legislation promptly enacted.

It would be difficult to overestimate the service which the Federal reserve system has already rendered to the country. It is necessary only to recall the chaotic condition of our banking organization at the time the Federal reserve system was put into operation. The old system consisted of a vast number of independent banking units, with scattered bank reserves which never could be mobilized in times of greatest need. In spite of vast banking resources, there was no coordination of reserves or any credit elasticity. As a consequence, a strain was felt even during crop-moving periods and when it was necessary to meet other seasonal and regularly recurring needs.

The Federal reserve system is not a panacea for all economic or financial ills. It can not prevent depression in certain industries which are experiencing over-expansion of production of contraction of their markets. Its business is to furnish adequate credit and currency facilities. This it has succeeded in doing, both during the war and in the more difficult period of deflation and readjustment which followed. It enables us to look to the future with confidence and to make plans far ahead, based on the belief that the Federal reserve system will exercise a steadying influence on credit conditions and thereby prevent any sudden or severe reactions from the period of prosperity which we are now enjoying. In order that these plans may go forward, action should be taken at the present session on the question of renewing the banks' charters and thereby insuring a continuation of the policies and present usefulness of the Federal reserve system.

Federal Regulation.

I am in favor of reducing, rather than expanding, Government bureaus which seek to regulate and control the business activities of the people. Everyone is aware that abuses exist and will exist so long as we are limited by human imperfections. Unfortuanately, human nature can not be changed by an act of legislature. When practically the sole remedy for many evils lies in the necessity of the people looking out for themselves and reforming their own abuses, they will find that they are relying on a false security if the Government assumes to hold out the promise that it is looking out for them and providing reforms for them. This principle is pre-eminently applicable to the National Government. It is too much assumed that because an abuse exists it is the business of the National Government to provide a remedy. The presumption should be that it is the business of local and State governments. Such national action results in encroaching upon salutary independence of the States and by undertaking to supersede their natural authority fills the land with bureaus and departments which are undertaking to do what it is impossible for them to accomplish and brings our whole system of government into disrespect and disfavor. We ought to maintain high standards. We ought to punish wrongdoing. Society has not only the privilege but the absolute duty of protecting itself and its individuals. But we can not accomplish this end by adopting a wrong method. Permanent success lies in local, rather than national action. Unless the locality rises to its own requirements, there is an almost irresistible impulse for the National Government to intervene. The States and the Nation should both realize that such action is to be adopted only as a last resort.

The Negro.

The social well-being of our country requires our constant effort for the amelioration of race prejudice and the extension to all elements of equal opportunity and equal protection under the laws which are guaranteed by the Constitution. The Federal Government especially is charged with this obligation in behalf of the colored people of the Nation. Not only their remarkable progress, their devotion and their loyalty, but our duty to ourselves under our claim that we are an enlightened people requires us to use all our power to protect them from the crime of lynching. Although violence of this kind has very much decreased, while any of it remains we can not justify neglecting to make every effort to eradicate it by law.

The education of the colored race under Government encouragement is proceeding successfully and ought to have continuing support. An increasing need exists for properly educated and training medical skill to be devoted to the service of this race.

Insular Possessions.

This Government holds in sacred trusteeship islands which it has acquired in the East and West Indies. In all of them the people are more prosperous than at any previous time. A system of good roads, education, and general development is in progress. The people are better governed than ever before and generally content.

In thhe Philippine Islands Maj. Gen. Leonard Wood has been Governor General for five years and has administered his office with tact and ability greatly to the success of the Filipino people. These are a proud and sensitive race, who are making such progress with our co-operation that we can view the results of this experiment with great satisfaction. As we are attempting to assist this race toward self-government, we should look upon their wishes with great respect, granting their requests immediately when they are right, yet maintaining a frank firmness in refusing when they are wrong. We shall measure their progress in no small part by their acceptance of the terms of the organic law under which the islands are governed and their faithful observance of its provisions. Need exists for clarifying the duties of the auditor and declaring them to be what everyone had supposed they were. We have placed our own expenditures under the supervision of the Comptroller General. It is not likely that the expenditures in the Philippine Islands need less supervision than our own. The Governor General is hampered in his selection of subordinates by the necessity of securing a confirmation, which has oftentimes driven him to the expediency of using Army officers in work for which civilian experts would be much better fitted. Means should be provided for this and such other purposes as he may require out of the revenue which this Government now turns back to the Phillippine treasury.

In order that these possessions might suffer no seeming neglect, I have recently sent Col. Carmi A. Thompson to the islands to make a survey in co-operation with the Governor General to suggest what might be done to improve conditions. Later, I may make a more extended report including recommendations. The economic development of the islands is very important. They ought not to be turned back to the people until they are both politically fitted for self-government and economically independent. Large areas are adaptable to the production of rubber. No one contemplates any time in the future either under the present or a more independent form of government when we should not assume some responsibility for their defence. For their economic advantage, for the employment of their people, and as a contribution to our power of defense which could not be carried on without rubber, I believe this industry should be encouraged. It is especially adapted to the Filipino people themselves, who might cultivate it individually on a small acreage. It could be carried on extensively by American capital in a way to furnish employment at good wages. I am opposed to the promotion of any policy that does not provide for absolute freedom on the part of the wage earners and do not think we should undertake to give power for large holdings of land in the islands against the opposition of the people of the locality. Any development of the islands must be solely with the first object of benefiting the people of the islands. At an early day, these possessions should be taken out from under all military control and administered entirely on the civil side of government.

National Defense

Our policy of national defense is not one of making war, but of insuring peace. The land and sea force of America, both in its domestic and foreign implications, is distinctly a peace force. It is an arm of the police power to guarantee order and the execution of the law at home and security to our citizens abroad. No self respecting nation would neglect to provide an army and navy proportionate to its population, the extent of its territory, and the dignity of the place which it occupies in the world. When it is considered that no navy in the world, with one exception, approaches ours and none surpasses it, that our Regular

(Continued On Page Seventeen)

Tax Reduction, Economy In Government Aid To Agriculture

(Continued From Page Sixteen)

Army of about 115,000 men is the equal of any other like number of troops, that our entire permanent and reserve land and sea force trained and training consists of a personnel of about 610,000, and that our annual appropriations are about $680,000,000 a year, expended under the direction of an exceedingly competent staff, it can not be said that our country is neglecting its national defense. It is true that a cult of disparagement exists, but that candid examination made by the Congress through its various committees has always reassured the country and demonstrated that it is maintaining the most adequate defensive forces in these present years that it has ever supported in time of peace.

This general policy should be kept in effect. Here and there temporary changes may be made in personnel to meet requirements in other directions. Attention should be given to submarines, cruisers, and air forces. Particular points may need strengthening, but as a whole our military power is sufficient.

The one weak place in the whole line is our still stupendous war debt. In any modern campaign the dollars are the shock troops. With a depleted treasury in the rear, no army can maintain itself in the field. A country loaded with debt is a country devoid of the first line of defense. Economy is the handmaid of preparedness. If we wish to be able to defend ourselves to the full extent of our power in the future, we shall discharge as soon as possible the financial burden of the last war. Otherwise we would face a crisis with a part of our capital resources already expended.

The amount and kind of our military equipment is preeminently a question for the decision of the Congress, after giving due consideration to the advice of military experts and the available public revenue. Nothing is more laudable than the co-operation of the agricultural and industrial resources of the country for the purpose of supplying the needs of national defense. In time of peril the people employed in these interests volunteered in a most self-sacrificing way, often at the nominal charge of a dollar a year. But the Army and Navy are not supported for the benefit of supply concerns; supply concerns are supported for the benefit of the Army and Navy. The distribution of orders on what is needed from different concerns for the purpose of keeping up equipment and organization is perfectly justified, but any attempt to prevail upon the Government to purchase beyond its needs ought not to be tolerated. It is eminently fair that those who deal with the Government should do so at a reasonable profit. However, public money is expended not that some one may profit by it, but in order to serve a public purpose.

While our policy of national defense will proceed in order that we may be independent and self-sufficient, I am opposed to engaging in any attempt at competitive armaments. No matter how much or how little some other country may feel constrained to provide, we can well afford to set the example, not of being dictated to by others, but of adopting our own standards. We are strong enough to pursue that method, which will be a most wholesome model for the rest of the world. We are eminently peaceful, but we are by no means weak. While we submit our differences with others, not to the adjudication of force, but of reason, it is not because we are unable to defend our rights. While we are doing our best to eliminate all resort to war for the purpose of settling disputes, we can not but remember that the peace we now enjoy had to be won by the sword and that if the rights of our country are to be defended we cannot rely for that purpose upon anyone but ourselves. We can not shirk the responsibility, which is the first requisite of all government, of preserving its own integrity and maintaining the rights of its own citizens. It is only in accordance with these principles that we can establish any lasting foundations for an honorable and permanent peace.

It is for these reasons that our country, like any other country, proposes to provide itself with an army and navy supported by a merchant marine. Yet these are not for competition with any other power. For years we have besought nations to disarm. We have recently expressed our willingness at Geneva to enter into treaties for the limitation of all types of warships according to the ratio adopted at the Washington Conference. This offer is still pending. While we are and shall continue to be armed it is not as a menace, but rather a common assurance of tranquility to all the peace-loving people of the world. For us to do any less would be to disregard our obligations, evade our responsibilities, and jeopardize our national honor.

Veterans

This country, not only because it is bound by honor but because of the satisfaction derived from it, has always lavished its bounty upon its veterans. For years a service pension has been bestowed upon the Grand Army on reaching a certain age. Like provision has been made for the survivors of the Spanish War. A liberal future compensation has been granted to all the veterans of the World War. But it is in the case of the disabled and the dependents that the Government exhibits its greatest solicitude. This work is being well administered by the Veterans' Bureau. The main unfinished feature is that of hospitalization. This requirement is being rapidly met. Various veteran bodies well present to you recommendations which should have your careful consideration. At the last session we increased our annual expenditure for pensions and relief on account of the veterans of three wars. While I approve of proper relief for all suffering, I do not favor any further extension of our pension system at this time.

Alien Property

We still have in the possession of the Government the alien property. It has always been the policy of America to hold that private enemy property should not be confiscated in time of war. This principle we have scrupulously observed. As this property is security for the claims of our citizens and our Government, we can not relinquish it without adequate provision for their reimbursement. Legislation for the return of this property, accompanied by suitable provisions for the liquidation of the claims of our citizens and our Treasury, should be adopted. If our Government releases to foreigners the security which it holds for Americans, it must at the same time provide satisfactory safeguards for meeting American claims.

Prohibition

The duly authorized public authorities of this country have made prohibition the law of the land. Acting under the Constitution, the Congress and the legislatures of practically all the States have adopted legislation for its enforcement. Some abuses have arisen which require reform. Under the law the National Government has entrusted to the Treasury Department the especial duty of regulation and enforcement. Such supplementary legislation as it requires to meet existing conditions should be carefully and speedily enacted. Failure to support the Constitution and observe the law ought not to be tolerated by public opinion. Especially those in public places, who have taken their oath to support the Constitution, ought to be the most scrupulous in its observance. Officers of the Department of Justice throughout the country should be vigilant in enforcing the law, but local authorities, which had always been mainly responsible for the enforcement of law in relation to intoxicating liquor, ought not to seek evasion by attempting to shift the burden wholly upon the Federal agencies. Under the Constitution the States are jointly charged with the Nation in providing for the enforcement of the prohibition amendment. Some people do not like the amendment, some do not like other parts of the Constitution, some do not like any of it. Those who entertain such sentiments have a perfect right to seek through legal methods for a change. But for any of our inhabitants to observe such parts of the Constitution as they like, while disregarding others, is a doctrine that would break down all protection of life and property and destroy the American system of ordered liberty.

Foreign Relations

The foreign policy of this Government is well known. It is one of peace based on that mutual respect that arises from mutual regard for international rights and the discharge of international obligations. It is our purpose to promote understanding and good will between ourselves and all other people. The American people are altogether lacking in an appreciation of the tremendous good fortune that surrounds their international position. We have no traditional enemies. We are not embarrassed over any disputed territory. We have no possessions that are coveted by others; they have none that are coveted by us. Our borders are unfortified. We fear no one; no one fears us. All the world knows that the whole extent of our influence is against war and in favor of peace, against the use of force and in favor of negotiation, arbitration, and adjudication as a method of adjusting international differences. We look with disfavor upon all aggressive warfare. We are strong enough so that no one can charge us with weakness if we are slow to anger. Our place is sufficiently established so that we need not be sensitive over trifles. Our resources are large enough so that we can afford to be generous. At the same time we are a nation among nations and recognize a responsibilty not only to ourselves, but in the interests of a stable and enlightened civilization, to protect and defend the international rights of our Government and our citizens.

It is because of our historical detachment and the generations of comparative indifference toward us by other nations that our public is inclined to consider altogether too seriously the reports that we are criticized abroad. We never had a larger foreign trade than at the present time. Our good offices were never more sought and the necessity for our assistance and cooperation was never more universally declared in any time of peace. We know that the sentiments which we entertain toward all other nations are those of the most sincere friendship and good will and of an unbounded desire to help, which we are perfectly willing to have judged by their fruits. In our efforts to adjust our international obligations we have met with a response which, when everything is considered, I believe history will record as a most remarkable and gratifying demonstration of the sanctity with which civilized nations undertake to discharge their mutual obligations. Debt settlements have been negotiated with practically all of those who owed us and all finally adjusted but two, which are in process of ratification. When we consider the real sacrifice that will be necessary on the part of other nations, considering all their circumstances, to meet their agreed payments, we ought to hold them in increased admiration and respect. It is true that we have extended to them very generous treatment, but it is also true that they have agreed to repay us all that we loaned to them and some interest.

A special conference on the Chinese customs tariff provided for by the treaty between the nine powers relating to the Chinese customs tariff signed at Washington on February 6, 1922, was called by the Chinese Government to meet at Peking on October 26, 1925. We participated in this conference through fully empowered delegates and, with good will, endeavored to co-operate with the other participating powers with a view to putting into effect promises made to China at the Washington conference, and considering any reasonable proposal that might be made by the Chinese Government for the revision of the treaties on the subject of China's tariff. With these aims in view the American delegation at the outset of the conference proposed to put into effect the surtaxes provided for by the Washington treaty and to proceed immediately to the negotiations of a treaty, which, among other things, was to make provision for the abolition of taxes collected on goods in transit, to remove the tariff restrictions in existing treaties, and to put into effect the national tariff law of China.

Early in April of the present year the central Chinese Government was ousted from power by opposing warring factions. It became impossible under the circumstances to continue the negotiations. Finally, on July 3, the delegates of the foreign powers, including those of the United States, issued a statement expressing their unanimous and earnest desire to proceed with the work of the conference at the earliest possible moment when the delegates of the Chinese Government are in a position to resume discussions with the foreign delegates of the problems before the conference. We are prepared to resume the negotiations thus interrupted whenever a Government representing the Chinese people and acting on their behalf presents itself. The fact that constant warfare between contending Chinese factions has rendered it impossible to bring these negotiations to a successful conclusion is a matter of deep regret. Throughout these conflicts we have maintained a position of the most careful neutrality. Our naval vessels in Asiatic waters, pursuant to treaty rights, have been used only for the protection of American citizens.

Silas H. Strawn, Esq., was sent to China as American commissioner to co-operate with commissioners of the other powers in the establishment of a commission to inquire into the present practice of extraterritorial jurisdiction in China, with a view to reporting to the Governments of the several powers their findings of fact in regard to these matters. The commission commenced its work in January, 1926, and agreed upon a joint report which was signed on September 16, 1926. The commission's report has been received and is being studied with a view to determining our future policy in regard to the question of extraterritorial privileges under treaties between the United States and China.

The Preparatory Commission for the Disarmament Conference met at Geneva on May 18 and its work has been proceeding almost continuously since that date. It would be premature to attempt to form a judgment as to the progress that has been made. The commission has had before it a comprehensive list of questions touching upon all aspects of the question of the limitation of armament. In the commission's discussions many differences of opinion have developed. However, I am hopeful that at least some measure of agreement will be reached as the discussions continue. The American representation on the commission has consistently tried to be helpful, and has kept before it the practical objective to which the commission is working, namely, actual agreements for the limitation of armaments. Our representatives will continue their work in that direction.

One of the most encouraging features of the commission's work thus far has been the agreement in principle among the naval experts of a majority of the powers parties to the Washington treaty limiting naval armament upon methods and standards for the comparison and further limitation of naval armament. It is needless to say that at the proper time I shall be prepared to proceed along practical lines to the conclusion of agreements carrying further the work begun at the Washington Conference in 1921.

Department Reports

Many important subjects which it is impossible even to mention in the short space of an annual message you will find fully discussed in the departmental reports. A failure to include them here is not to be taken as indicating any lack of interest, but only a disinclination to state inadequately what has been much better done in other documents.

The Capital City

We are embarking on an ambitious building program for the city of Washington. The Memorial Bridge is under way with all that it holds for use and beauty. New buildings are soon contemplated. This program should represent the best that exists in the art and science of architecture. Into these structures which must be considered as of a permanent nature ought to go the aspirations of the Nation, its ideals expressed in forms of beauty. If our country wishes to compete with others, let it not be in the support of armaments but in the making of a beautiful capital city. Let it express the soul of America. Whenever an American is at the seat of his Government, however traveled and cultured he may be, he ought to find a city of stately proportion, symmetrically laid out and adorned with the best that there is in architecture, which would arouse his imagination and stir his patriotic pride. In the coming years Washington should not be only the art center of our own country but the art center of the world. Around it should center all that is best in science, in learning, in letters and in art. These are the results that justify the creation of those national resources with which we have been favored.

American Ideals

America is not and must not be a country without ideals. They are useless if they are only visionary; they are only valuable if they are practical. A nation can not dwell constantly on the mountain tops. It has to be replenished and sustained through the ceaseless toil of the less inspiring valleys. But its face ought always to be turned upward, its vision ought always to be fixed on high.

We need ideals that can be followed in daily life, that can be translated into terms of the home. We can not expect to be relieved from toil, but we do expect to divest it of degrading conditions. Work is honorable; it is entitled to an honorable recompense. We must strive mightily, but having striven there is a defect in our political and social system if we are not in general rewarded with success. To relieve the land of the burdens that came from the war, to release to the individual more of the fruits of his own industry, to increase his earning capacity and decrease his hours of labor, to enlarge the circle of his vision through good roads and better transportation, to place before him the opportunity for education both in science and in art, to leave him free to receive the inspiration of religion, all these are ideals which deliver him from the servitude of the body and exalt him to the service of the soul. Through this emancipation from the things that are material, we broaden our dominion over the things that are spiritual.

Why Stay in the Frigid North

COME TO THE
Gulf Coast
The American Riviera

From New Orleans east along the L. & N. Railroad to River Junction, Florida, are nearly four hundred miles of semi-tropical water and shore. This is the Gulf Coast, one of the most beautiful and comfortable regions in all the world.

An equable climate; a wide variety of outdoor sports and pleasures; splendid accommodations of every kind, and easy access from the North, have made the Gulf Coast a favorite place for more people each year to spend the winter.

If you like outdoor sports, exploring historic places, dancing—or just resting under blue skies and a golden sun, you will like the Gulf Coast.

For Our 1926 Christmas Club Members

Have you a share in this tremendous Christmas Gift?

Millions of people
will receive
hundreds of millions of dollars
in extra Christmas money

NEARLY a half billion dollars will be paid this month to members of the various Christmas Clubs throughout the United States.

This immense amount has been saved in less than one year by foresighted people who planned ahead.

The Christmas Club is one of the greatest incentives to thrift ever devised. It enables you to anticipate holiday expenses and provide a definite amount of extra money by small weekly deposits.

Our 1927 Christmas Club offers you an opportunity to share in the distribution of money next year. You can enroll now by calling and depositing a small sum for the first week. We will explain all details.

Twelve Chinese Are Drowned As Steamer Crashes

(International News Service)
SHANGHAI, Dec. 7.—Twelve Chinese were drowned in the Whanggpoo river today when the steamer President McKinley ran into the Nippon Yusen Kaisha wharf, wrecking several pontoons and scores of junks.

The President McKinley was attempting to navigate the shallow, curving river when the accident occurred. The ship was enroute to Hongkong.

River police succeeded in rescuing 80 others who were thrown into the water.

Reach Climax In Heart Balm Suit By Anne

Seek To Show That New York Actress Had Designs On Hubbard's Fortune

MOVIE DIRECTOR TO TAKE STAND

(International News Service)
PITTSBURGH, Dec. 7.—John W. Hubbard, millionaire Pittsburgh clubman, through his counsel today was to climax his efforts to discredit the story of Miss Anne Caldwell, New York actress, who seeks $500,000 heart balm from him, with the introduction of evidence which Rody P. Marshall, chief defense counsel, alleged would prove the actress had designs only on the wealthy manufacturer's fortune.

Norman Bel Geddes, movie director and stage designer, was expected to take the stand in federal court today after considerable delay to detail his acquaintanceship with Miss Caldwell during their trip to California. It was upon her return from this trip, the plaintiff alleges, that Hubbard broke their engagement.

Miss Caldwell's counsel rested its case after putting before the jury scores of love letters from Hubbard and climaxing its sensational case be placing the defendant himself upon the stand to establish his wealth, finally set at $3,000,000.

Marshall then opened his case by picturing the plaintiff as a designing woman and asserting the defense would prove Miss Caldwell understood there was to have been no element of prospective marriage in the couple's intimacies.

Five Firemen Are Injured In Blaze At Wilkes-Barre

One Fireman Overcome By Smoke; Property Damage Mounts To $100,000

(International News Service)
WILKES-BARRE, Pa., Dec. 7.—Fire, starting in the wall paper and paint store of Walter Barrett in Pittston at midnight and menacing the business district of the upper city for three hours early today, injured five firemen, overcame a sixth and caused damage estimated at $100,000.

Shortly after the discovery of the blaze, Joseph O'Brien and George Chivers were hurled from the second story by a terrific explosion of turpentine. At 2 o'clock this morning a second explosion occurred, trapping William Leonard, Michael Sullivan and Thomas Burns. The sixth victim, Roland Warner, was overcome while fighting the fire on the roof.

Seven nearby towns sent apparatus to the blaze which damaged three business places before it was brought under control.

Two Are Indicted In Murder Cases By Grand Jury

In grand jury returns made to the Lawrence county court at noon today a true bill was found in the case of Genaro Conti, charged with the murder of Carmine Organo. The crime occurred on the evening of November 7 in the seventh ward. Conti is alleged to have shot and killed Organo.

The grand jury also returned a true bill in the case of the commonwealth against Fred Mayberry, charged with murder in connection with the death of Emma Mary Gibson, who was killed on Highland avenue when an auto in which she was riding with her father was struck by a machine driven by Mayberry.

WAMPUM NOTES

ENTERTAIN AT CLINTON

Mr. and Mrs. William Young of Clinton entertained at their home Thursday evening in honor of their daughter's birthday.

The evening was spent in music, games and dancing, a delicious lunch being served by the hostess' mother. Those present were:

Estella Quigley, Gladys Linsey, Helen McClintick, Edna McClintick, Marie McGuire, Hanna Cearfoss, Hilda Stevenson, Mrs. Ruth Watson, Lowva E. Hill, Bertha Wilson, Mary Burns, Elizabeth Young, Anna Laughlin, Loretta Reeher, Victor Shaffer, Charles Sedwick, James Baird, Marshall Daughtery, James Glover, John Baumgardner, Floyd Reeher, Harold McClintick, Herbert and Harold Suders, Edward Market, Herbert and Wilbur Deal, Lewis and Leslie Womer, Cecile Cummins, Thorald McDonald, John and Daniel Laughlin, William Quigley, Herbert Dratt, William Gasser, Joseph Perriello, Ralph Barber, Lawrence Harkins, Dr. Wayne Watterson of Darlington, Mr. and Mrs. Clyde Hackett and children, James and Helen June, Mr. and Mrs. Harry Laughlin and daughter Rozella Eileen, Mr. and Mrs. William Young. The honor guest was presented with many beautiful gifts.

Ladies' Aid of the M. E. church will meet Wednesday afternoon for their regular business meeting.

Medical note: The sleeping sickness never afflicts those who are dabbling in futures.

Have Discussion This Evening In Trinity Church

Rev. Pearson To Give Systematic Consideration Of What Christianity Is

"Sin (the thing that takes the joy out of life) and how the Christian may conquer it," is the subject of the discussion tonight at 7:30 in the guild room of Trinity church for all those younger and older alike who are spending an hour each week in a systematic consideration of what Christianity is and how it may be applied in every day living. The leader is the rector, Rev. Philip C. Pearson; the place, the corner of North Mill and East Falls streets. Every effort is made to get people to ask questions and the several subjects are considered from the point of view of modern scholarship. This plan will be followed until Feb. 1, when decisions will be made. Those who wish to, will be further prepared and presented to the bishop of Erie for confirmation on February 27 at the evening service, following the method in the days of the apostles as recorded in the eighth and 19th chapters of the Book of Acts of the Apostles and in the sixth chapter of the Epistle to the Hebrews, as also the well known practice of the whole early, undivided church. This way of going back to the original sources and of free discussion has worked so well in past years that it is considered to be of permanent value, for it makes it possible for people to settle in their minds just what they believe and why they believe it.

Council Acts To Check Accidents

Obstructions And Ditches Must Have Red Light To Warn Of Danger

DELAY GRANTING PERMITS TO CONCERN

Council today instructed City Engineer Frank Miller to issue no more permits to the W. M. Clark company (formerly Barnes & Clark) until officials of the concern visit council, relative to an open ditch which it is alleged resulted in damages to an auto in Wilmington avenue.

Today Louis Wine appeared before city council and alleged that his car struck a two-by-four plank, sitting on top of the dirt taken from a ditch in Wilmington avenue. He claimed no red light warned of danger.

Wine told council he had appeared at the concern's office, asked for damages amounting to $15 and had been told they would not do anything about it, as a street light showed the position of the dirt.

Solicitor White informed council that all obstructions and excavations must have a red light at night and advised council to withhold permits to the Clark company until the matter is settled.

Good Interest In Special Services At Moravia Church

Good attendance and a splendid interest are special features of the special services conducted each evening in the Gospel Tabernacle of the Christian and Missionary Alliance at Moravia Stop.

Rev. Wade Patrick of Alliance, O., is the speaker at the services. On Wednesday evening he will speak on "Wages of Sin". This will be a special service for young people.

The meetings will continue the remainder of this week and all of next week.

Highway Police Here Conducting 'Exams'

Five members of the Pennsylvania highway police are in New Castle today examining persons who wish to operate motor cars.

Examinations are conducted at the east end of Lincoln and Wallace avenues.

During the past few weeks there has been a big decrease in the number of applicants, they report.

Three Plumbers Obtain Licenses

Council sat today as a plumbing board and concurred in the recommendation of Plumbing Inspector Ed Stevenson that licenses be issued to D. J. Welsh, J. E. Morley and H. P. Center. He reported the three as having taken and passed examinations.

SHENANGO VALLEY HOSPITAL NOTES

Admitted—Fred Patterson, Walnut street, Theresa Marcell, South Mercer street; Arthur Wimer, Portersville; Grant Freeman, Moravia.

Discharged—Mrs. Alice Hilemar and baby, New Castle, R. D. 3, Saul Johnson, Wampum.

Night driving is safe if you correctly guess which of the other fellow's headlights is burning.

Start Proceedings To Block Annulment Of Hasty Marriage

W. & J. Football Star And Chambersville Girl Marry; But Youth Changes Mind

(International News Service)
GREENSBURG, Pa., Dec. 7.—Efforts to block annulment proceedings pending in Cumberland, Md., courts and instituted by Harry E. Malcolm, of Indiana, Pa., Washington and Jefferson football star, have been started by Mr. and Mrs. James Banks, parents of Miss Floranna E. Banks, of Chambersville, Indiana county, it was made known here today for the first time by Attorney John McFadyn, the girl's counsel.

Malcolm and the girl are alleged to have eloped to Cumberland on December 19, 1925 where they were married. At the time it is claimed, Malcolm said he was of legal age when he was only 20 years old. The girl's age was given as 18, whereas she was only 16.

After the marriage, it is claimed the young bride returned to her home and told of the marriage, while Malcolm returned to school. It is said that college authorities, learning of Malcolm's marriage, notified him that he could no longer remain in school nor participate in athletics.

Malcolm then went to Cumberland, according to the attorney where he filed a petition in equity court on March 17, last, for annulment of the marriage on grounds of coercion.

Recently, it is charged an announcement of the impending proceedings appeared in a Maryland paper which was brought to the attention of the young woman. She had no other knowledge of the proceedings, it is claimed.

Rescue Crew Aboard Storm Tossed Vessel

(International News Service)
PROVINCETOWN, Mass., Dec. 7.—Sails ripped to threads by a fierce gale, rudderless and drifting before the howling wind, the three-masted New York-bound, lumber-laden schooner W. M. Reinhardt was tossed about a helpless wreck off Cape Race early today.

Seven men aboard, working frantically at the pumps and shooting up rockets of distress, had about given up hope when coast guardsmen came up, shot a line aboard the schooner and rescued the seamen by means of a breeches buoy.

Three Chicago Cabarets Closed

(International News Service)
CHICAGO, Dec. 1.—Three of Chicago's cabarets were ordered closed today by Federal Judge Adam C. Cliffe in what is regarded as one of the most important prohibition decisions in the history of enforcement.

In issuing permanent injunctions, Judge Cliffe upheld the government contention that visual evidence of "pouring" is sufficient to indicate that establishments are willingly permitting patrons to "bring their own".

Mayberry Case Is Before Grand Jury

The case of Fred Mayberry, charged with being responsible for the death of Emma May Gibson, who died as a result of injuries sustained when a car in which she was riding with her father, was struck by Mayberry's machine was before the grand jury this forenoon.

The accident happened on Highland avenue, at the intersection of Leasure avenue. The Gibson car was going north and the Mayberry car coming south. Mayberry was arrested following the accident. The grand jury will report today on cases so far considered this week.

Rev. Fiala Honored By Congregation

Last night a very impressive service of tribute was given Rev. Angelo Fiala, associate pastor of the Italian Methodist Episcopal church, by a large congregation of members and friends.

The occasion is the visit the Rev. Fiala will pay to his native Italy after many years of absence. He is to leave in a few days for an extended tour, and all his many friends and parishioners wanted to bid him "bon voyage" and a safe return.

Rev. Dr. James Charbonnier, pastor of the church, presided, Rev. C. J. Baker of Grace M. E. church, led in prayer. The Misses Ludovici and Mooney sang duets, Miss Elvira Gillost at the piano delighted the audience, Mrs. Antoinette Di Lorenzo and Miss Rose Nocera also gave pleasing musical numbers. A substantial purse was presented Rev. Fiala and a handsome demitasse set to Mrs. Fiala with fitting words by Mr. Nobile Di Lorenzo.

A social hour followed in the basement where popular music and a playlet and refreshments were on the program.

PETERS ADVENTURES IN ANIMAL LAND

By Florence Smith Vincent

WHAT IS IT?

Peter is a little boy who has the magic power of speech with all the inhabitants of the woodlands, the birds and the beasts. You see once upon a time Peter saved the life of the Old Oak Tree and the tree in gratitude bestowed this wonderful gift upon the boy. Peter's best loved companion is Pat, an Irish terrier, who tells him tales of the long, long ago. One day Peter told Pat he wished he could have lived in the time of which Pat told him so much. Pat remembered his mother had often told him if he wished hard enough for anything it would come true, so he told this to Peter. Before Peter could realize what had happened, as he lay on the grass, dreaming and wishing, he found himself in the land of long, long ago. Now, children, go on with the story and you will learn of Peter's adventures in that strange land.

"Whoooo! Whoooo! Who can it be? I declare never in all my life have I heard so strange a creature!"

"Nor I! But then, Fluff, dear, the sun may have blinded your eyes and mine so we cannot see things as they are. To me the creature has the look of a two-legs, yet appears strangely unlike any human that ever I've seen in our forest. Don't let's trust to our own judgment, though, on so important a matter. 'Tis only the foolish owl who never asks another's opinion. Yonder fly some of our neighbors. Why not call them over? Whoooo-hoooo! Black Wing! Stop by a moment, will you? And Sister Sparrow, this way if you please. 'Twit, twhooo!' Friend Lark, cease your singing and come to help us. We will not detain you long. Thanks, friends. You are very kind to heed our call, and now you are all here, look down at what lies by the mossy stump. Who is the sleeping stranger?"

Peter's head felt queer, as though he might have been running in circles until he grew dizzy. And in Peter's ears was a confused murmuring. Voices! Whose?

Peter opened his eyes and looked straight up through the tree tops to a patch of blue sky that showed above the green.

By the boy's side, so close he could have touched its trunk had he by stretched out his arm, grew an old oak tree, and the voices—Peter was sure of it—come from that direction.

Slowly Peter turned his head but cautious as he was, bright eyes had noticed him.

"Hist, friend owl. The creature stirs! Mayhaps he is making ready to sling a stone at us or with a club to strike us to the ground. On guard, all!"

Somewhere, some time, Peter had heard just such hoarse tones, and like a flash he remembered! This voice was the voice of Blackie Crow. Peter rolled his eyes (since he dared not risk another move) and sure enough there on a branch above his head was seated a big black bird. Near by Crow perched Lark and Sparrow, and snuggled close to the tree trunk were two balls of gray fluff—the owls who had first discovered him.

Next: "Head First!"

Congressman Phillips Introduces Bills

By GEORGE H. MANNING
Washington Correspondent of The News

WASHINGTON, D. C., Dec. 7.—Among the first bills introduced after Congress met at noon yesterday for the short session were two by Congressman Thomas W. Phillips for pensions for persons in his district.

The first provides a pension of $30 a month for Mary E. Rhodes of Rochester, Pa., widow of Henry L. H. Rhodes, who served with Company B, 134th Regiment, and Company K, 100th Regiment, Pennsylvania Volunteer Infantry.

The other bill is to pay $30 a month to William D. Duerr of Freedom, Pa., the dependent son of the late Fred Duerr, who served with Company H, 77th Regiment, Pennsylvania Volunteer Infantry.

The American Federation of Teachers which is made up of 32 local unions with a total membership of 3,500 is planning an intensive organization campaign.

Women and children represent about 85 per cent of all workers in the Spanish textile industry.

TWENTY-FIVE ANSWER CALL FOR BASKETBALL TEAM

Bridenbaugh Has Unique System

Two Combinations Vie For Recognition And Right To Start First Game

GROVE CITY HIGH HERE ON FRIDAY

By "BUGS" WALTHER

Coach Phil. H. Bridenbaugh has hit upon a unique plan for the solution to a most perplexing problem. Faced with ten basketball players of varsity caliber the coach has divided them into two separate squads.

Now the most unsual part about this two-squad business is the fact that one team is just about as good as the other. There promises to be plenty of opposition for posts this year. The locals open their floor season Friday night by meeting Grove City High.

Friday night Bridenbaugh will be faced with the task of selecting five players to start the initial battle of the year. Just what combination to use is the big question at the present time. The entire ten men composing the two teams look the part of real timber.

Twenty-Five Report

The team entered into real honest to goodness practice on Monday afternoon with a group totaling 25 boys trotting over the hardwood in search of recognition. Ralph H. Gardner faculty manager of athletics is aiding Coach Bridenbaugh with the floor candidates.

The first combination to take the floor Monday afternoon consisted of, Sillman and Franklin at the forwards; Kulich at center, and Captain Klaber and Ostrosky at the guards. The second combination consists of the following: Johnson and Raney at the forwards; McGrath at center, and Richards and Neyman at the guards.

Where the shoe pinches is at center. The local team with Harry Robinson missing this year is badly in need of a pivot man with a little experience. Neither Kulich or McGrath have had much previous floor test and they are just a little shy on the defensive side of the game.

Captain Klaber will more than likely graduate in January and it is up to Coach Bridenbaugh to devote himself to the guard jobs. With Richards, Ostrosky and Neyman clamoring for recognition it will not be hard to select two first class sentinals.

TRIANGLES OPEN BASKETBALL SEASON

Monday evening on the "Y. W." gym floor the Y. W. Triangles met up with the Union township high school for the first game of the season. Final score was Union high 24, Triangles 15.

Lineup:

Triangles 15		Union 24
Boyd	F.	Kella
Rech	F.	Mrozel
Hughes	C.	Hughes
Smith	S. C.	Gibson
Tewell	G.	Cusfy
Ekblom	G.	Hoffmaster

Subs—Stone, Niemi, Boyd, Jamison, Wetmore, Mottinger, Eckles, Schiek.

Triangles—Goals 3, fouls 9 out of 14.

Union—Goals 12, fouls 0 out of 3.

Scorekeeper—Mildred Gresham.
Timekeeper—Garnetta Wagner.

SNOW HAMPERS GENEVA TEAM IN TRAINING

Snow Covered Gridiron Hampers Training For Florida Battle

BEAVER FALLS, Pa., Dec. 7.—A snow covered field was detrimental to a good workout in preparation for the Jacksonville football game which the Geneva squad looks forward to New Year's Day. Coach Bo McMillin gave the boys a week's vacation after they won the Tri-State Title by defeating Bethany. Today the Gold and White warriors again tramped out to get into shape for the coming post season game.

McMillin plans to have severe practice sessions from now until about the 17th of December, and then only frequent limbering up workouts. The squad is anxious to win their first opportunity for a post season game. The opponent is Ogelthorpe University, of Atlanta, Ga.

Basketball is progressing in fine shape at the Covenanter institution, under the leadership of Captain Morton Clarke. A first team tenative line-up was evidenced in the scrimmage last week, Clark and Lloyd, guards; Friedman, center; Hecker and Rubenstein, forwards. Of these five two are freshman stars. McMillin is despondent over his chances for a championship five, as the squad was pretty well riddled by graduating regulars. The principal weakness is lack of tall men. The team plans a vacation period tour during the holiday season. Games are not yet procured, however, and the trip is only probable.

Interclass basketball and the intra-mural teams are being organized under the supervision of "Oz" Maddox, varsity tackle, and assistant to the graduate manager. Geneva closes for the holidays Saturday, December 18th.

Rickard Arranges Contender Card For Jack Sharkey

(International News Service)

NEW YORK, Dec. 7.—Tex Rickard today made public a schedule of heavyweight bouts for which he has signed Jack Sharkey, Boston championship contender, the final match being with Gene Tunney for the title on September 15. The latter, however, is contingent upon Sharkey surviving the series of tests.

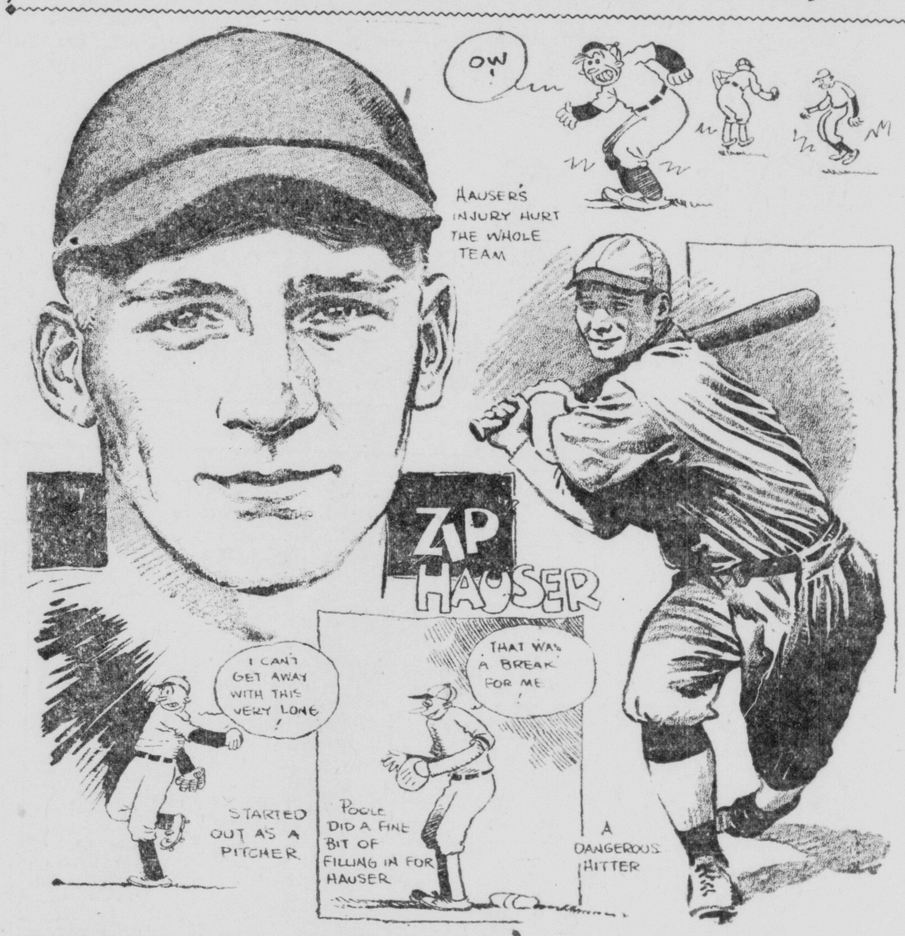
The first on February 7, will be with the winner of the Jim Maloney-Harry Persson bout to be held at the Garden on December 20, the second Sharkey engagement has been set for March 14 with Paolino as the Bostonian's rival. The third will be with Paul Berlenbach at the Yankee Stadium on June 9.

Pete Zivic Wins Over Tim Drexler

PITTSBURGH, Pa., Dec. 7. — Pete Zivic defeated Tim Drexler in 10 rounds here last night. Drexler took the first and third rounds. Zivic took all the rest. He forced the fighting and delivered the hardest punches. Both were rocked by punches.

A "ZIP" HEADED WEST

But He Expects To Return To East And Majors



By NORMAN E. BROWN

"Zip" Hauser, the first baseman who joined the Athletics five years ago as a world beater, only to find Fate a fickle taskmaster, goes to the minor leagues in the latest baseball player deal.

He goes with a determination to shake the jinx that has pursued him and eventually live up to expectations as a major leaguer.

Hauser has been sent to Kansas City by the Mackmen on a one-year option. He goes in part payment for Dudley Branom, star first sacker of the K. C. Blues, who will get a chance to play the same bag for Connie next season—if he can oust Poole.

In addition to Hauser the Blues get Bill Wambsganns, second baseman.

Started as Pitcher

Hauser broke into baseball in 1918 with the Providence team as a pitcher and outfielder. The next campaign he played the outfield entirely and his work in 107 games caused the Milwaukee Brewers to grab him. The following year he was converted into a first baseman and it was as such that he joined the Athletics for the 1922 campaign. He had played brilliant ball at first for the Milwaukee club and his hitting drew more attention. The record gave him a .316 average but his value to the club as a hitter wasn't indicated fully by the mark.

His first year with Connie he proved that by hitting .323 against major league pitching while playing a great game at first. It had been a long grind, finding a first baseman for the Mackmen, but Connie felt his labors were over at last. The following year Hauser played in 147 games and held his average above .300. In 1924 he fell below the .300 mark. Then came the blow. A broken knee cap eliminated him entirely. Connie was forced to place him on the voluntary retired list and go into the market for another first sacker. Jimmy Poole was grabbed from the Coast League to fill the gap at first.

Hauser's Loss Felt

Poole played brilliant ball for a time but his work at first lacked the finesse of Hauser's and his batting wasn't consistent. Connie was happy, therefore, when Hauser returned to the game last spring. His glee was short lived, however. Hauser's knee developed trick propensities, likewise his play. This just in the year Connie needed him most. There are many close followers of the Mackmen who say that Hauser's presence at first—at his best—might have put a different complexion on the American League race.

Now Hauser steps out of the big time. Connie hopes that his knee will eventually behave itself and give Hauser no more trouble and that "Zip" will return to his former form. But the long leader of the Mackmen cannot gamble with him. Hence the trade.

Meanwhile Jimmy Poole will be the ace in the hole—until Branom or some other youngster comes through—if Jimmy Poole proves to Connie that it's useless loking further for a good first baseman while James is about.

SPORTS DONE BROWN

Speaking generally, interest in football doings each fall centers quite naturally around the activities of the college teams. In the attention given these elevens it is inevitable that the doings of the high school and preparatory school teams should go unnoticed, except locally. Yet it is from these teams that the colleges draw their material year after year. And it is probable that some of the men directing the grid activities of these high and preparatory schools are ready right now to step into the college circles and deliver as mentors.

Gordon W. Chambers, southern football enthusiast and writer, points to Jules Carson of Richmond, Academy, Augusta, Ga., as one of these coaches.

Chambers writes:

"The Richmond Academy has for the past six years been coached by Jules Carson. His Purple and Gold Warriors have during that period captured two state championships and are this year tied with Riverside Military Academy for the championship. The other three years found them in second place. The secret of Richmond's success has been team play and the secret of their team play is Jules Carson of Clemson fame.

"This season just completed found the Richmond team taking on in addition to a hefty prep schedule the following college freshmen teams and reserves supposed to be out of their class—Erskine Freshman, Oglethorpe Freshman, Piedmont College and Clemson Reserves. They defeated them all.

"A number of colleges have cast covetous eyes toward Coach Carson and he has been approached with bids but thus far the Augustus citizenry have succeeded in keeping him for the Purple and Gold. If you ask the folks down about Augusta who is the best football coach in the country, the prompt answer will be Jules Carson. An argument might get an admission that Rockne is, perhaps, as good but no better."

Incidentally, I may add, one member of the 1926 Richmond team was Ty Cobb, Jr., son of the baseball's superman.

* * *

Professional football leaders have failed to win over the biggest star of the 1926 collegiate football season.

Biggest is the proper word.

For the man referred to is Babe Connaughton, giant guard of the Georgetown University eleven. He weighs 275 pounds. He has just announced his decision to ignore all offers from "pro" backers and devote the rest of his time to completing his law studies. As he puts it, his next job is to throw Blackstone for a loss.

* * *

The fact that Benny Bengough, Yankee catcher, is the nominal leader of the American league in batting indicates first and foremost that Miller Huggins simply kidded himself when he benched Benny last spring in favor of Pat Collins on the plea that Benny couldn't hit.

It also proves that Benny is more successful as a big league catcher and batter than he is as a politician.

Benny ran for state senator on the Democratic ticket from his home town of Niagara Falls, N. Y., last fall and failed to make the team. And the worst of it was that Benny passed up a good hunting trip with some of the other boys to tend to his political knitting.

* * *

Since the recent article of innuendos and conjectures in a weekly magazine regarding the possible influence of the gamblers in the recent Dempsey-Tunney fight I have been asked by fans directly and through the mail as to my opinion of the fight.

I have no facts on which to substantiate the suggestion that either party in the bout was implicated in any way in such a plan. The burden of proof is upon the accuser.

I picked Dempsey to win the fight, by a knockout, in the early rounds. I made this prediction after following closely the form the two men had shown in recent years and during their training periods.

The fight itself, and the outcome, did not convince me that Tunney was the better man. The recent "expose" has not altered my opinion one way or another. I still class Dempsey as king of the heavyweights.

The co-operative consumers' societies in Great Bratain have an aggregate capitalization of over $450-000,000.

A democracy is a land where all men are equal enough to sass their superiors.

Commissioners For Industrial Floor League Are Named

Industrial Floor League Will Open Season On Next Monday

At a meeting of the Industrial Basketball league managers held at the Y. M. C. A. on Monday night, it was definitely decided upon to start the season on Monday, December 13.

Three commissioners to handle all disputes and other business matters that come before the league were selected by the managers as follows: Charles Grafton, Charles H. Andrews and Charles "Bugs" Walther.

The commissioners will have full control to settle all matters pertaining to the league.

The various team managers have been asked to submit their players lists before next Monday night, to Walter E. Kirker, physical director of the Y. M. C. A.

Regal Quintet To Play Liberty Five

The following players of the Regal Five are asked to report at 7 o'clock on Wednesday evening for a practice game with the Liberty Five—H. Levine, Winnick, Solomon, "Red" Ginsberg, Sol Levine, Maurice, George Kline and Alex Cohen.

This practice game is to be an important one, due to the fact that the team will be selected from the boys who show up best against the Liberty's. The game will be staged in the Lincoln-Garfield gym.

Says Rogers Asks Too Much Money

ST. LOUIS, Dec. 7.—President Sam Breadon, Cardinals, is considering the request of Rogers Hornsby for a three years contract as a player and manager. "I told him the price asked is not justified by the club's earning" said Breadon. He is willing to sign Hornsby for a year.

Olympia Fields, Chicago, is the world's largest golf club.

Rickard Comes Out Flat-Footed Against Big Money Fighters

BY DAVIS J. WALSH
Sports Editor International News Service

NEW YORK, Dec. 7.—Neither Gene Tunney nor any other fighter of this age ever again will cut in on a $2,000,000 "house", Tex Rickard informed the waiting world today, with an oral foot note to the effect that Jack Dempsey alone was responsible for the big money era. According to Rickard, the former champion's style, color and personality packed them in and until such time as his duplicate is developed the addicts will be inclined to stay away in droves.

"There is only one of this type for every 20 years," Rickard added. "So I don't look for another man with Dempsey's appeal for some time. As a matter of fact, you and I may not live to see the day when the Philadelphia gate is equalled, never mind exceeded."

The promoter probably was serving due notice against the ambitious ideas being entertained by Tunney on the matter of his next purse, it being understood that the champion was somewhat irked by the receipt of only a quarter of a million as his end of the Dempsey match. At that, Rickard believes Tunney will line up with him for a title defense next summer and said so.

"Bet all your money on it," was his advice. "I've got the contenders, the arena, the prestige and the backing. Tunney is a smart fellow. He knows where to go when he wants something."

Elimination Bouts.

Rickard himself will start something later in the month. It will be an elimination match between Jimmy Maloney and Harry Persson and by the time the entire series has been completed next summer, Rickard will have the customers' dollars and Tunney will have a logical opponent. Rickard, having tied up Jack Sharkey after February 1, has a line on most of the good prospects.

"I could send any one of five men in against Tunney next summer without further trial but the match wouldn't draw any more than $500,000," Rickard said. "If Dempsey is able to come back, he will outdraw the others but I am sincere in saying that the two million dollar gate is a thing of the past. Dempsey lost some of his illusion when he was defeated by Tunney and I don't think he will ever be able to get it back.

"However, the man I develop for Tunney will not be sent in there 'cold'. He will be the survivor of a very hard campaign. I have Sharkey, Maloney, Persson and Paolino ready to go. I am saving Dempsey for outdoors, in case he comes back. Can you imagine what Sharkey and Maloney would draw? Maloney and Paolino, who is a great fighter, would be another knockout.

"By early summer, I will have the survivor ready for Dempsey and, if Jack doesn't want to try again, I will send my survivor after Tunney. Either way, we will have a real match for the title and it will draw a cool million or more. That ought to be enough for everybody."

Seven Hundred At Baseball Meeting

ASHEVILLE, N. C., Dec. 7. — Baseball magnates, managers and scouts continued to pour into Asheville today as the first day's session of the National Association of Professional Baseball Clubs' convention got under way. Indications were that late arrivals would boost the attendance above the 700 work.

A movement to eliminate high-priced player managers in the majors had the backing of several of the club owners. This movement got under way with the retirement of Eddie Collins, Ty Cobb and Tris Speaker, it was pointed out.

A proposal to restrict players from playing in the off-season, a new major-minor league agreement and selection of the 1927 meeting place were among the important matters to come before the convention.

Evans City Teams Seek Three Games

EVANS CITY, Pa., Dec. 7.—Both the boy and girl floor teams at Evans City High have three open dates for the early part of the season. December 14, 27 and January 1, are unfilled. For dates apply to Dr. Dombart, Jackson street, Evans City.

New Plan Being Used In Training For Westminster

(Special To The News)

NEW WILMINGTON, Pa., Dec. 7.—With his varsity squad in first-class physical condition, John Lawther, basketball coach at Westminster College, has started the more technical work of priming his men for the collegiate opener on the home floor, January 4 when Adrian College is met. According to Graduate Manager of Athletics A. A. McDonald, there is a possibility that a barnstorming trip will be arranged for the Christmas holidays to assist in the prepping for the regular card.

Westminster's floor during the midst of a practice session, has the appearance of being a basketball factory. Two additional baskets have been erected. In drilling his men in shots, Lawther starts the squad at one basket and has them continue around the four sides of the floor for long periods.

With the reporting of James McQuiston of Cochranton and Joseph Wolfe of Cleveland, the personnel of the squad is complete. Both men were late in reporting because of injuries sustained during the past football season. McQuiston is a varsity guard from last year. Wolfe is an experienced basketballer and if his jinx permits him a few months leave of absence, he should be of invaluable aid to the Blue and White. Just when he had a position earned on the quintet of last year, he suffered an injury that necessitated an operation and he was out for the entire season. He is a guard.

Lawther has divided his squad into two groups, the one reporting in the afternoon and the other in the evening. The varsity quintet which the coach used in scrimmage Monday was composed almost entirely of Freshmen. Tudor Lewis of Farrell, was at one guard; Connors of New York, at center; Ralph Thomas of Sharon and John Brown of Turtle Creek, at the forwards. Logan of Edgewood, at guard, was the only upper-classman. This indicates that Lawther intends to use under-classmen as much as possible in order to prepare for coming seasons.

A silkworm's cocoon contains from 50 to 1,200 yards of silk.

'Tus' McLaughry's Star At Brown

Among the ends who have had a good season and who have been assigned to position on either the first, second or third teams is H. Broda of Brown. Broda played under Coach McLaughry, formerly of Westminster and Amherst. He has been one of the gridiron's game's outstanding stars this season and naturally, in Broda's development, McLaughry had a big share. Another player of Brown mentioned for high grid honors is Randall, quarterback.

Boxing Commission May Reverse Award

CHICAGO, Dec. 7.—The Illinois State Athletic commission meets this afternoon and may act upon the formal complaint of Walk Miller manager of Tiger Flowers concerning the decision of Referee Benny Yanger awarding the title to Mickey Walker. It is said the solons have no power to reverse the decision unless there is evidence of a frame-up.

Postpone Argument On Kearns' Battle

NEW YORK, Dec. 7.—Arguments were postponed yesterday on an action in chancery court, started by Jack Kearns asking for an accounting and order of discovery to ascertain assets of Jack Dempsey growing out of the recent titular fight. Dempsey's attorneys were given a week to reply to the affidavit filed Monday.

Lee Fohl To Pilot Toronto

ASHEVILLE, N. C., Dec. 7. — Lee Fohl will succeed Dan Howley as manager of Toronto, International league, according to reports emanating from the scene of the convention of the National Professional Baseball leagues. He formerly managed the Red Sox.

A Worthy Cause — By Feg Murray

Jesse Sweetser, British amateur golf champion, has had bright ideas before, but one of the brightest he has had in years was his suggestion that a golf tournament be held to aid the National Tuberculosis Association in its fight against the White Plague. Sweetser has been for some time at Asheville, North Carolina, endeavoring to regain his lost health. It is no secret that his lungs are slightly affected, due partly to his fighting his way through to a victory in the British amateur championship and then playing in the Walker Cup matches when he should have been in a hospital.

So, beginning tomorrow, thanks to Jesse's suggestion, many famous golfers will compete in the 18-hole qualifying round at the Seaview Golf Club, Absecon, New Jersey, and sixteens will play the first two rounds on Thursday and the semi-final and final rounds on Friday. Prizes will be awarded and the proceeds will be used for the benefit of the National Tuberculosis Association. The money to be made in the tournament is of secondary importance compared to the focusing of the attention of four million odd golf enthusiasts in the United States on the splendid efforts of the N. T. A. to stamp out the White Plague. One needs only to mention one fact to illustrate the success of the work carried on by the N. T. A. When the association was founded, back in 1904, the annual death rate from consumption was 220,000, while today, in spite of a great increase in population, the disease claims less than half that number.

About a week ago I drew a cartoon illustrating some examples of "Gameness" in sports, with a special emphasis on football. But I left out any mention of golf, and there is no finer example of grit, courage and pure, unadulterated nerve in the history of sport than Jesse Sweetser's winning of the British amateur championship and his aid in keeping the Walker Cup in the face of almost impassable obstacles. In spite of the flu, an injured knee and a sprained wrist, he carried on until the victory was won. Here's to his speedy recovery!

Feg Murray Says—

"If every boy was a scout, there'd be less crime."—Car cards.

Yet football scouting has caused all sorts of crimes between rival colleges.

Sharkey Has Inside Track For Big Bout

NEW YORK, Dec. 7.—Gene Tunney can expect trouble next year as Tex Rickard has cornered the services of Jim Maloney vs. Paolino Uzcudum (of Spain) and Jack Sharkey vs. Harry Perssons of Sweden. Of the best Sharkey looks like the winner in the cuff-around to meet Gene Tunney.

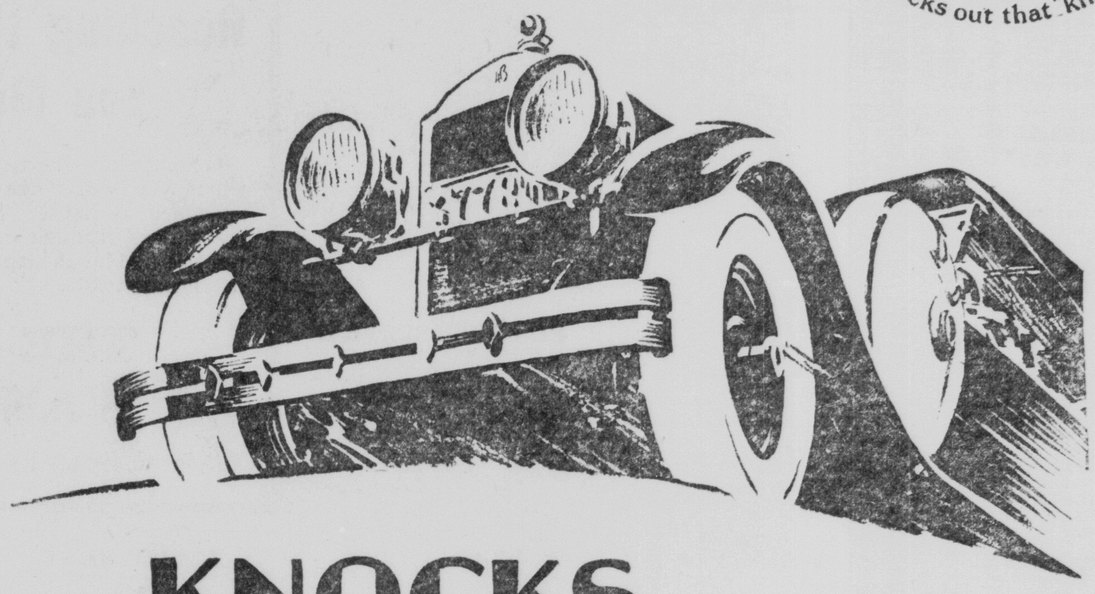
Local Boy Billed To Battle Cavelli

Johnny Bowen, New Castle, will battle Carl Cavelli of Canton, in a preliminary at Youngstown tonight. Cavelli scored a knockout over Ray Schauers.

The International Federation of Trade Unions has recently celebrated its 25th anniversary.

The sweetheart wasn't like a sweetie. She expected her dad to feed her, not a sweet papa.

ATLANTIC GASOLINE
WITH ETHYL
BRAND OF ANTI-KNOCK
ETHYL GASOLINE CORPORATION NEW YORK, U.S.A.
Knocks out that "knock"



KNOCKS DISAPPEAR LIKE MAGIC

A STEEP hill and a well-laden car . . . they can tell you more about Atlantic Ethyl Gasoline than a thousand-word advertisement.

The first thing they'll say is that no matter how hard the pull . . . no matter how badly carboned your motor may be, here, at last, is a motor fuel that simply cannot cause your engine to "knock."

And as you breeze over the top you'll declare that never since your car lost the shine of newness, has it shown you such vim, power and smoothness! Even motors which are badly worn develop a new spirit, pep and youth when Atlantic Ethyl Gasoline goes into the tank.

Teamwork has turned the trick. It's the remarkable new Atlantic Gasoline combined with the famous Ethyl Brand of Anti-Knock Compound developed by General Motors Research Laboratories. Only three cents more per gallon. At Atlantic dealers and service stations.

Made for easy starting in winter

Atlantic Ethyl Gasoline is now on a cold-weather basis — refined with an extra proportion of the more volatile elements needed for easy vaporization and ignition at low temperatures. Note the way it "zips" into action!

HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

TIGER Flowers claims Benny Yanger is the best Santa Claus that Mickey Walker ever met. He says that Yanger gave him the middleweight championship for a Christmas present.

JACK Kearns puts his foot in the quagmire every time he opens his mouth. After Mickey got the title from Flowers he said something of Walker fighting Tunney.

THIS brought a laugh, and Kearns asked: "Sure, Walker will fight him. Didn't Gene win the title from a bum?" meaning, of course, the former heavyweight champ, Dempsey.

EVIDENTLY Kearns forgets that Dempsey's fist paid for his toilet water, perfume and clothing and gave him a chance to look the part of a dandy on dress parade in Fashion Alley.

TRUE it is Kearns had a part in making Dempsey, but he should have a care and remember that the public generally frowns upon a man who persists in kicking a man when he is down.

EDDIE Roberts, Pacific coast welterweight, who flattened Joe Dundee, is the object of promoters in every sector. The one-round knockout was one of the biggest sensations of the year.

THIS is the third surprise of recent date. Billy Wallace knocked out Kid Kaplan in a Cleveland battle and the decision was given to Mickey Walker over Tiger Flowers was the other surprise. At least, it was to the 10,000 fans who saw the fight.

FRIENDS of Joseph Hartman, baseball coach and pitcher, whom we once spoke of in a baseball story as "High Falutin' Joe", will have an opportunity of seeing his Crimson five tackle New Castle High in basketball here Friday.

NOTRE Dame will lose the following stars by graduation this year: Boeringer, Wallace, Benda, Roach, Maxwell, Mayer, Marelli, Hearndon, Dahman, Edwards, McNally, Riley, O'Boyle, Wynne and McMahon.

THE six-day bike race is on in New York, which brings to mind we met Eddie Bald at Pittsburgh recently. He's a millionaire now. Twenty years ago he was merely one of the "grinders". He went from bikes to autos; now he's got his.

DESPITE his leap into the professional ranks, Vincent Richards is again rated at the head of the Metropolitan Lawn Tennis Association. This is because he defeated William Tilden three times in four meetings and reached the semi-finals of the national championship.

ACCORDING to Al Zill, Willie Davies and Happy Atherton will clash in the feature battle at Youngstown tonight. Davies is a busy little fellow and if Atherton steps along with him a good fight should result.

Boy Scout News

TROOP NO. 5 TO HAVE MEETING

Scoutmaster Ralph Davis announces that there will be a meeting of his Croton troop at the Croton school Wednesday evening, December 8. All boys are to be present as this meeting is one of importance.

TROOP 14 MEETING

Assistant scoutmasters Thomas Farrow and Clarence Ward opened the meeting of Troop 14 at their last meeting, at eight o'clock. Fifteen boys were present, and after the roll call each boy told of his good turn.

Miss Ritchie, Secretary of the Y. W. C. A. gave an interesting talk to the boys of the "History of the American flag and the Scout Laws." This speech was of much importance, as it brings to mind matters of importance in regarding to citizenship and civic service.

Friday morning, after school, all the boys of this troop are to meet at the Y. W. C. A. headquarters on Elm street, to go to the parade in a body.

TROOP 21 MEETING

Troop 21, under Scoutmaster John Dunfee, had 17 scouts present at the last meeting. The Assistant Scoutmaster Bothwell, 3 patrol leaders and 4 Assistant patrol leaders were also present.

The meeting was in the form of a business meeting. Scout Executive J. Lee Calahan was the chief visitor, much to the delight of the boys of the troop.

NEW YORK, Dec. 7.—The University of New York has signed Dutch Connor, a star at New Hampshire State several years ago as hockey coach. The New Yorkers hope to develop a hockey team that will bring them equally as much fame as their football team.

A Safe Treatment for Every Weak, Diseased, Discouraged Man

The Dangers of Bad Blood Overcome by Scientific Methods

SKIN ERUPTIONS—ECZEMA, ACNE, PIMPLES, ETC.—ARE NATURE'S WARNINGS

No man can afford to take chances with a broken-out skin. You may consider the skin eruption with which you are troubled merely a temporary annoyance, but it may be the danger signal of deep-rooted blood diseases. Then, too, your family and friends may consider your skin affection disagreeable and repulsive. Don't take chances—come to me and take advantage of my free diagnosis.

Don't Wait—Don't Suffer—Come in Today.

HIGH LIGHTS OF HISTORY

Registered U. S. Patent Office.

Washington In Wartime.

by J. CARROLL MANSFIELD

© McClure Newspaper Syndicate

IN THE STIRRING DAYS OF '61, THE CITY OF WASHINGTON WAS TURNED INTO A GREAT MILITARY DEPOT TO SUPPLY THE 180,000 MEN, WHICH, LATE IN THE FALL OF THAT YEAR, MADE UP THE FEDERAL ARMY OF THE POTOMAC. THE CORCORAN PRIVATE ART GALLERY (SHOWN ABOVE) BECAME THE CLOTHING DEPARTMENT FOR THE ARMY.

MANY OTHER PUBLIC AND PRIVATE BUILDINGS WERE USED FOR MILITARY PURPOSES AND THE PARKS OF THE NATIONAL CAPITAL WERE PILED HIGH WITH AMMUNITION, HAY, GRAIN AND THE INNUMERABLE STORES ESSENTIAL TO THE MAINTENANCE OF TROOPS IN THE FIELD.

THE BASEMENT OF THE CAPITOL WAS CONVERTED INTO A HUGE BAKERY WHERE BREAD WAS MADE FOR THE ARMY OF THE POTOMAC. OUTSIDE THE CITY WERE GREAT CORRALS WHERE HORSES FOR THE MOUNTED SOLDIERS AND CATTLE TO SUPPLY THE TROOPS WITH FRESH MEAT WERE KEPT.

THE "LONG BRIDGE" SPANNING THE POTOMAC FROM WASHINGTON TO THE VIRGINIA SHORE WAS CLOSELY GUARDED AND PROTECTED BY FORTS. FARMERS' WAGONS WERE SEARCHED BEFORE PERMITTED TO CROSS AND AS AN ADDED PRECAUTION THE FLOOR PLANKING WAS RAISED AT NIGHT.

TOMORROW—FINANCING THE WAR.

Notice

To the Shareholders of The National Bank of Lawrence County at New Castle, Pennsylvania:

The National Bank of Lawrence County at New Castle, Pennsylvania, and The First National Bank of New Castle, Pennsylvania, acting pursuant to resolutions of their respective Boards of Directors, have entered into an agreement to consolidate said associations under the name of "First National Bank of Lawrence County at New Castle", subject to the ratification and confirmation thereof by the shareholders of each association owning at least two-thirds of the outstanding capital stock thereof, and subject to the approval of the Comptroller of the Currency of the United States. The Board of Directors of The National Bank of Lawrence County at New Castle, Pennsylvania, has called, and does hereby call, a special meeting of the shareholders of the said Bank to be held at its banking house at No. 101 East Washington Street, New Castle, Pennsylvania, on the 15th day of December, 1926, at 3 o'clock P. M., for the following purposes:

1. To vote for or against the ratification and confirmation of the said agreement of consolidation.

2. To vote for or against the ratification and confirmation of the action of the Board of Directors providing for the transfer to a Pennsylvania corporation to be incorporated of such assets of The National Bank of Lawrence County at New Castle, Pennsylvania, as are not considered desirable to carry into the consolidation or as shall not be necessary to make up the contribution of the said Bank to the capital, surplus, and undivided profits of the consolidated bank, in exchange for all of the capital stock of the proposed Pennsylvania corporation which will be distributed pro rata to the shareholders of The National Bank of Lawrence County at New Castle, Pennsylvania.

3. To vote for or against the ratification and confirmation of all other actions taken and agreements made by the Board of Directors of The National Bank of Lawrence County at New Castle, Pennsylvania, in contemplation of, or in connection with, the said consolidation and transfer of assets.

4. To authorize the directors and officers of The National Bank of Lawrence County at New Castle, Pennsylvania, to do all things by them deemed necessary or advisable to carry out the said consolidation and transfer of assets.

5. To transact such other business germane to the foregoing purposes as may be brought before the meeting.

By order of the Board of Directors.
JOHN ELDER, JR.,
Cashier.

Executor's and Administrator's Sale of Real Estate

By virtue of the authority contained in the last Will and Testament of Thomas F. Carpenter, and also by virtue of authority of the Orphans' Court of Lawrence County, Pennsylvania, in the estate of Martha Carpenter, deceased, the undersigned will offer at public sale on the premises, on Thursday, December 16th, 1926, at two o'clock P. M., all that certain piece or parcel of land situate, lying and being in the Village of East Brook, Hickory Township, Lawrence County, Pennsylvania, being lot No. 4, and being part of Donation Lot 1925, Second District, of two hundred (200) acres, bounded and described as follows:—on the southwest by lot No. 3; on the south-east by Main Street; on the north-east by Spring Alley; on the north-west by Thorn Alley; fronting fifty-three (53) feet, more or less, on Main Street and extending back to Thorn Alley; being the same property owned by Thomas F. Carpenter and Martha Carpenter, now deceased.

Improvements:—Frame cottage dwelling of four rooms, and good sized barn or garage.

Terms:—Ten per cent cash on day of sale, balance on one-half of purchase money upon delivery of deed, and the other one-half of purchase money secured by bond and mortgage upon the premises, containing the usual terms and conditions, for a period of one year; interest payable semi-annually; or purchaser may pay all cash.

LAWRENCE SAV. & TRUST CO.,
Executor in estate of Thomas F. Carpenter, deceased, and administrator in estate of Martha Carpenter, deceased.

N. Y. STOCKS

(International News Service)

NEW YORK, Dec. 7.—The motor stocks and high-priced industrials and specialties were the leaders in a moderate rally in stock prices in early trading today. An increase in the volume of brokers' loans indicated a return of the outside speculative public to the market.

Studebaker led the new advance in motor stocks, selling above 56 for a new high on the movement. Jordan sold at 20¾, completing an 8 point rally from its recent low. Moon recovered to above 12 Nash, Packard, Hupp and other well known motor stocks made fractional gains. General Motors sold at 126½, up 1½.

International Harvester rose to 153 on pool buying. Oil stocks received a set-back from the weekly oil production figures, indicating further gains in light oil output. Utility stocks were strong and active.

Call money renewals were posted at 5 per cent.

MAN DIES SUDDENLY OF HEART DISEASE; NEWS KILLS SISTER

ALTOONA, Pa., Dec. 7.—John B. Lyman, 63 years old, died suddenly early yesterday in his home in this city.

When news of his death was telegraphed to his sister, Miss Margaret Lyman, in Philadelphia, the shock caused her death a few hours later.

Both deaths are attributed to heart disease. Both will be buried in Altoona.

Bunting against Guy R. Cover; to take off non-suit. Carlo Zazzarino against Penn- Ohio Company; to take off non-suit.

PORTERSVILLE MAN HEADS FARM BUREAU

BUTLER, Pa., Dec. 7.—C. F. Laderer of Portersville, was elected president of the Agricultural Extension association as a climax to the annual dinner and meeting of the Butler County Farm bureau held here in the Community building.

Other officers elected were: Geo. Bicker, vice president, Cabot; Robert Belles, secretary, Harmony, and Paul Starr, treasurer, Valencia.

Fruit Growers To Meet On Thursday

Annual meeting of the Lawrence County Fruit Growers Association will be held on Thursday, December 9, at the East New Castle Grange Hall. This meeting is for annual election of officers and any other business which may come before the organization.

A dinner will be served to the members of the association at noon.

The afternoon session will be for the transaction of unfinished business and a talk on grades and marketing by Prof. McCord of State College.

All members of the association are invited to be present.

High School Team Members Guests

Members of the Senior high football team were guests at the regular meeting of the Senior Hi-Y Club held Monday evening at the Y. M. C. A.

Ralph Gardner and Coach Bridenbaugh gave short talks to the team and members of the Hi-Y.

Following, Clyde Gilfillan gave the talk of the evening, his subject was, "Putting Ones Best Self Into Life."

HENNINGER BLAMES JURORS FOR CRIME WAVE IN AMERICA

BUTLER, Pa., Dec. 7.—Pointing to the prevalence of crime in the United States, Judge John R. Henninger, in charging the December grand jury declared that the principal reason for this condition is the tendency on the part of trial jurors to sympathize with the criminal. He deplored the present tendency toward dealing lightly with lawbreakers, and declared that unless the law is upheld the very foundations of the government are destined to crumble.

For Indians' Boss

Jack McCallister (above) was the first man mentioned as successor to Tris Speaker, who resigned as manager of the Cleveland Indians. As scout, coach and assistant manager of the team for twelve years, he is familiar with the problems of the organization.

School Board Retains This Year's Officers

Authorized The Sending Of School Heads To National Conventions

ELLWOOD CITY, Dec. 7.—Acting officers for this year were retained for office during 1927 at a special session of the school board which took place Monday evening in the board's room in the Lincoln school.

The board also acted favorably upon the sending of Supt. Ray Smith to the meeting of the National Educational Association in Dallas, Texas, February 27 to March 3, and Prof. Earl Davis to the state educational convention taking place in Harrisburg December 28 to 31.

It was decided to retire the North Side school bell from the old building until some place could be found to use same. When the building was sold to the Bell Memorial church, the bell was retained, as it did not belong to the building but to the kiddies of the school who had raised money for the purchase of it.

Committees Report.

The building committee reported that a board walk has been constructed leading from the athletic field to the gymnasium which will prevent the tracking of mud into the building. The education committee recommended the sending of the school officials to education conventions, and the board voted favorably on same. The athletic committee convened November 15 and reported a fund of $1,000 in the treasury and expenditures have been kept within amounts of receipts. Prices have been obtained on basketball equipment and committee plans to purchase about ten balls. The admission to all winter games with the exception of New Castle will be 25 cents to high school pupils and 35 cents to adults. Reserved seats may be had for 25 cents additional charge.

Football Banquet.

The annual football banquet will take place December 17 in the domestic science room of the Lincoln building and will be served by members of the domestic science department, Miss Chambers, teacher. The menu will be served at 6 o'clock and music will be furnished by the high school orchestra.

A vote of thanks was extended to the Swartz-Turner garage for the donation of a Chevrolet chassis to the shop department for observation of mechanically inclined students. Prof. Smith reported that furniture was needed for the dining room, and in a recent conversation with Nathan Feldman of the Ellwood City Furniture company Mr. Feldman donated dishes, cutlery, water set and table linen and will sell the board a dining room suite at cost. A vote of thanks was extended to this enterprising company.

H. W. Smith moved that the board extend a vote of thanks also to the members of the Kiwanis club for a recent invitation to take part in one of their dinner meetings.

Teachers Paid Early.

A motion was carried to pay the local teachers December 15 for the month of December on account of school vacation.

Dr. H. E. Helling recommended that the board should appoint three members to act with Mr. Evans as a health committee, as Dr. Evans is too busy to send in itemized reports to members of the board. Dr. Helling cited the incident of a little child who fell on the gymnasium floor recently, and after the school doctor had examined her and left instructions to keep her quiet, she was given two aspirin tablets by a well-meaning teacher, but Dr. Helling pointed out that if the child had any weak conditions, the results might have been serious, hence the need of a health committee. President Marshall appointed the committee as follows: Dr. H. E. Helling, chairman; Prof. Ray Smith, Dr. W. G. Evans, Blaine Hancher and H. W. Smith.

Athletic Committee To Award Trophy

Ellwood City Tied With Woodlawn For Valley Football Trophy

ELLWOOD CITY, Dec. 7.—At a meeting of the athletic committee which is scheduled to take place directly following the initial all-day session of the Schoolmen's club which is to convene Thursday, the football trophy will be awarded to one of the two eligible teams, Woodlawn or Ellwood City, it was announced yesterday.

The Schoolmen's club comprises members from the valley schools. The session opens at 3 o'clock with special committee meetings and a banquet will be given at 6 o'clock in the dining room of the Methodist church. At this time two addresses will be delivered, one by Supt. Denton M. Albright of the Rochester schools and Supt. H. R. Vanderslice of the Woodlawn schools.

The entertainment committee is headed by Prof. O. E. Bartel, who promises something pretty nice from the high school orchestra and the boys' and girls' glee clubs, to say nothing of a reading by Miss Virginia Kerr. The meeting will conclude with an inspection of the new Lincoln school.

The name Poland describes the country geographically since it means "Plain."

Lincoln School Shop Rates High In State

Semester Promotion Plan Being Worked Out By School Heads Here

ELLWOOD CITY, Dec. 7.—J. J. Mathews, supervisor Industrial Education of Harrisburg, Pa., who visited the shop department of the Lincoln school during October wrote Superintendent Smith that with the exception of New Castle, the local school has the best equipped shop in the state, it was reported at the school board meeting last night.

Plans are to start semester promotions next year, and will segregate twenty-five brightest pupils to do two year's work in year and a half, thus putting more efficiency in the schools and saving about $18,000 in teachers' wages, were advanced at the meeting of the board. Prof. Ray Smith, superintendent of schools handed in an interesting report, extracts being as follows:

The total number of pupils enrolled in local schools during month of October was 3,014 per centage of attendance being 97.

Mr. Bowen, the truant officer, reported 269 calls made; number of parental neglect, 19 and number of truancies 14.

Total banking among school children for month of October was $1,497.14.

The North Side school received the highest number of visitors during "Know Your School Day" which was observed November 12, and will receive the prize donated by the Parent-Teachers' association, a framed picture copy of one of the old masters.

One thousand visitors attended the dedication of Lincoln high school that same day making a total of visiting in schools, 1,600.

Knights Of Malta To Attend District Meet

ELLWOOD CITY, Dec. 7.—A decision was made at the regular semi-monthly meeting of the Knights of Malta in the Luxenburg hall to attend the district meeting in New Castle Friday, Dec. 15. Any Knight desiring to attend will please notify Fred Marko or Sam Battersby and arrangements will be made.

The Knights received an initiation from the Dames of Malta to co-operate with them in celebrating their first anniversary Tuesday evening, Dec. 14. Wives and friends are also invited.

The meeting concluded with the members voting favorable on several applications to confer Malta degree at the next meeting Monday, Dec. 20.

Pittsburgh Speaker At Banquet Tonight

ELLWOOD CITY, Dec. 7.—Henry Peel of Pittsburgh will be the principal speaker at a banquet of the members of the El Xois Labyrinth of Sphinx which will take place tonight in the dining room of the Methodist church. An elaborate program has been prepared, and a fine attendance is expected.

First Coasting Accident Monday

ELLWOOD CITY, Dec. 7.—The first coasting accident of this year occurred Monday afternoon late, when George Beltz Jr. collided with an automobile while coasting near his home in the fourth ward.

He received severe lacerations about the head and was removed to the local hospital for treatment.

Young People Enjoy Banquet At Church

ELLWOOD CITY, Dec. 7.—Fourteen members of the Young People's council enjoyed a banquet tendered by the losing side in a recent Bible reading contest last night at the Slippery Rock church. Owing to the defective lights the meeting terminated early.

McCORKLE'S ANNOUNCE BIRTH OF DAUGHTER

ELLWOOD CITY, Dec. 7.—Mr. and Mrs. I. B. McCorkle of Pershing street announce the birth of an eight-pound baby girl in the St. Francis hospital in Pittsburgh.

HOSPITAL NOTES

ELLWOOD CITY, Dec. 7.—Discharged yesterday: Mrs. Elizabeth Rabberman of Line avenue. Admitted: Mrs. Annie Almaise of Zelienople and George Beltz Jr. of Ellwood City.

WHAT THEATER?

ELLWOOD CITY, Dec. 7.—Where shall I go tonight? Majestic theater, Johnny Hines in "Stepping Along".—Adv.

The very first evidence of a feast having ben held in honor of the birth of Christ was in Egypt about the year 200.

Stop-Go Land

(News Of The Ellwood City Motor Club And Affiliated Motor Clubs Of Pennsylvania)

Burton J. Bell, president of the Ellwood City Motor club left this morning for Harrisburg to attend the Motor Club conference. Every three A's Motor club in the state will be represented and with the proposed changes in motor laws for the coming legislature the conference takes on considerable importance.

President Bell will present the interclub conference plan of magazine edition of the "American Motorist" to the conference and will be the guest of President Haldeman of the Pennsylvania Motor Federation during his stay in Harrisburg. On Tuesday he will attend the Mayors' and Burgesses' conference in accordance with the Hoover plan of a national drive on safety. This latter conference will draw up suggestions for uniform traffic regulations that will benefit every motorist and the pedestrian public so that laws in various communities will be equal in their intent, to assist in handling the tremendous traffic that the city and country roads are being subjected to.

The Ellwood Motor club has secured additional advantages for its members. In a letter being sent out this week announcing these changes, several gasoline and accessorie stations are giving discounts to motor clubs. Other features for service are being worked out by Manager Frederic M. Smith.

A large number of the club secretaries will be in Harrisburg December 8, wishing to hear the discussion which will feature the conference of mayors and traffic directors of Pennsylvania cities. These officials meet to discuss proposed uniform traffic regulations, and their ideas will be embodied in a bill to be introduced in the legislature late in January.

Governor-Elect John S. Fisher has been invited to address the mayors and other officials the afternoon of December 8. The state's new executive is a pioneer among good roads men. He was president of the Pennsylvania Good Roads association which backed the bond issue submitted to the people in 1913. That proposition was defeated, better roads not yet having been "sold" to the people of Pennsylvania.

It is the idea of many good roads men that the defeat of 1913 was providential. Pennsylvania nor any other state had progressed beyond the unbound-macadam stage in road building and it is likely that if $50,000,000 had been voted for roads in 1913 the investment would have long since disappeared.

There are macadam roads in Pennsylvania which were put down before 1913 but the maintenance charges are excessive, particularly where these sections are on arterial highways.

The New York Automobile association has gone on record as favoring the collection of a gasoline tax, not "at the pump" as in Pennsylvania but "at the source." Were this the case in Pennsylvania the big distributing companies would pay the gasoline tax direct to the state treasury at Harrisburg and this official would not be compelled to check up on many thousands of pump owners.

Users of the William Penn highway between Mundy's corner and Blairsville, Indiana county, have complained to the state highway department of the slippery nature of some of the grades, asking that precautions be taken to prevent cars from going into the ditch. The highway department is making an investigation.

Patriotic Americans Hear Good Report

ELLWOOD CITY, Dec. 7.—Final nominations were made at the regular semi-monthly meeting of the members of the Fraternal Patriotic American lodge which took place Monday night in its lodge rooms in the First National bank building. The nominations will be voted on at the next meeting which will take place December 21.

A report was given from the state council regarding new meth- will probably be used in the installation of 1927 officers in the local lodge.

Members also made plans to invite members from New Castle and Wampum chapters to meet and attend one of the local churches in a body in the near future.

LOCAL WOMAN OPERATED UPON

ELLWOOD CITY, Dec. 7.—Mrs. Louise Bentrim of Todd avenue underwent an operation for appendicitis at the local hospital Monday. She is resting as comfortably as can be expected.

HEADS SCHOOL BOARD.

ELLWOOD CITY, Pa., Dec. 7.—At the annual election of officers of the Wayne township school board James A. Gallaher was chosen president and W. J. Henderson vice president for the coming year. No school will be held on Friday December 10, giving the children and teachers an opportunity to attend the Christmas parade held in New Castle on that day.

The Christmas vacation will begin on Thursday December 23 and continue until January 3.

BRAEDEN CIRCLE MEETING.

ELLWOOD CITY, Pa., Dec. 7.—The members of the Mary Braeden Circle of the Wurtemburg United Presbyterian church will hold their regular meeting this evening at the home of Mrs. Wm. Rutter. The devotional service will be in charge of Miss Anna Frishkorn.

Festival Of Music Program For Friday

Chorus Of 1,000 Kiddies Voices In Music Festival Friday Evening

ELLWOOD CITY, Dec. 7.—Prof. O. E. Bartel is collaborating with the music teachers in the public schools in giving the December Music Festival Friday night in the gymnasium of the new Lincoln school.

There will also be a program in the afternoon, for which the school children will be dismissed to attend.

The program will consist of instrumental and vocal numbers. The proceeds of the festival will be devoted to purchasing the large instruments for the proposed school band.

Missionary Members Plan For Year

ELLWOOD CITY, Dec. 7.—At the regular monthly meeting of the members of the Young Women's Missionary society of the First Presbyterian church which took place Monday evening at the home of Mrs. W. A. Kerr on Park avenue, the main topic of conversation was the outlook of the society for the coming year.

The topic of the evening was India, and papers were read by Ruth Gimmel, Mrs. J. Reed Carpenter, with devotionals in charge of President Helen Zeigler. An interesting Christmas story was told by Miss Marguerite Dambach and Mrs. A. M. Stevenson read a delightful legend entitled "The Flight Into Egypt."

The next meeting of the society will take place the first Monday in January at the home of Mrs. A. M. Stevenson.

Committee in charge of last night's meeting was composed of Mrs. Clifford Swick, Miss Marguerite Dambach and Miss Dorothy Lee.

Mrs. Riley Hostess To Club Members

ELLWOOD CITY, Dec. 7.—The regular semi-monthly meeting of the T. N. T. club took place at the home of Mrs. M. A. Riley Monday evening in Ewing Park with all the members present except one. Mrs. Warren Thorpe was a special guest and high score favor was awarded to Mrs. George Moyer.

Mrs. Lief von Krogh will entertain the members at her home at a Christmas party December 17.

Members of the club are Mesdames William Bayers, A. R. Brock, Charlie Stiner, Fred Bell, Jack Boyle, C. R. O'Neal, Herman Wilson, H. N. Wasser, M. A. Riley, Lief von Krogh, I. B. McCorkle and George Moyer.

New Members Added To Scout Committee

ELLWOOD CITY, Dec. 7.—Three new members, Mrs. W. W. Golden, Mrs. E. S. Dunbar and Mrs. Harry Caplan, were added to the Community Girl Scout committee at a meeting which took place Monday afternoon in the offices of H. R. Johnson on Lawrence avenue. Following a discussion of routine business the meeting closed.

Former Judge English May Stand Trial

Representative LaGuardia Of New York Wants Federal Judge Tried

(International News Service)

WASHINGTON, Dec. 7.—A movement to force Federal Judge George W. English of East St. Louis, Ill., to stand trial on impeachment charges despite his resignation was started today by Rep. La Guardia, (R) of New York.

"The purpose of trying offenders is not only to punish them for the particular wrong-doing but as a deterrent to others," said La Guardia.

"If judges can flagrantly violate customs and propriety and when caught be permitted to resign, the Federal courts will become even more arrogant and judges more inclined to usurp powers."

La Guardia was one of the prime movers in the impeachment of English on charges of undue preference in bankruptcy matters and unprofessional conduct toward lawyers.

Under present plans, the house board of managers through Rep. Michener, (R) of Michigan, chairman, will recommend, probably on Friday, that the case be dropped. English resigned a few days before the Senate was to try him.

Popular Members Of Comedy Cast For School Play

HARRIET MARTIN

ROBERT TURNER

Harriet Martin and Bob Turner are two popular students in Senior High school who are playing in "A Lucky Break," the school play to be given December 8 and 9.

First produced in New York in 1924, this comedy-farce has just been released for amateur production, and New Castle people have the opportunity of seeing a metropolitan success with the added interest of local performers in the cast.

Jake Conti Elected Society President

St. Cargherita Society Elects Officers For The Coming Year

At a regular meeting of the Saint Margherita Beneficial society held last night, Jake Conti, the well known fireworks manufacturer was elected as president for the coming year.

The other officers of the society elected at the meeting were as follows: Bartholomeo Lombardo, vice-president; Gennaro Pecoraro, financial secretary; Joseph Palmieri, recording secretary; Nick Russo, Alexandre Arcari, Pietro Raino and Anthony Di Domibick, trustees; Louis Colella, chairman of the sanitary committee; Frank Pecoraro and Joseph DeVivo, flag bearers; Sylvestre Russo, sergeant at arms; Carmine Pastore, purchasing agent.

The society has inaugurated an intensive campaign for increased membership and expects to enjoy one of the most active and successful years in its existence during the year 1927.

Puffed rice and things seem impossible until you see how many shovels of ashes a shovel of coal can make.

FIRST FIRE OF KIND REPORTED

(Special To The News)

MERCER, Pa., Dec. 7.—Not all the big breaks in news have their genesis in our larger cities is proven by the burning of the barn on the Sam Tait farm near here Saturday morning by a dropped flare from a U. S. mail plane. The fire is said by officials of the service to be the first known having its origin from such cause. A landing field is located on the farm. The flare was kicked loose by the ship pilot, A. Bernard, to enable him to make a safe landing at 2 o'clock that morning. The velocity carried the flare to the barn roof with a resultant blaze and loss of $5,000. Pilots have been forced down daily at this field for the past week due to the misting rain which, freezing on the planes, causes them to "shimmy" and become dangerous to manage in the air.

The legend that Christ's crown of thorns was made from the twigs of holly and that the berries sprang from his sacred blood raised the tree to high esteem in the early days of Christianity in Europe.

Tobacco Concerns Combine Interests

(International News Service)

NEW YORK, Dec. 7.—The pooling of the assets of the United Cigar Stores and the Schulte Retail Stores Corporation, the two largest tobacco products organizations in the United States, became known today with the announcement of the formation of a huge holding company known as the Union and United Tobacco Company.

The organization of the holding company does not constitute a merger of the United and the Schulte companies, officers of the two concerns pointed out. They declined to discuss the extent to which the new company will direct the affairs of the two older components.

The United and the Schulte companies represent combined assets of approximately $100,000,000. The new concern has a potential capital of $250,000,000. Stockholders of both the older components will be permitted to purchase stock in the new company.

Iceland is nearly five times as large as the state of Massachusetts.
